NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

Three and Six Months Ended June 30, 2019

(Unaudited, expressed in Canadian dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Sierra Growth Corp. (formerly Grenville Gold Corp.) (the “Company”) was incorporated under the laws of the province of Ontario by articles of incorporation effective November 17, 1994. On June 19, 2009, the Company completed a continuance of business from Ontario to British Columbia. On February 15, 2019, the Company changed its name from Grenville Gold Corp. to Sierra Growth Corp.

Prior to October 16, 2018, the Company was listed on the TSX Venture Exchange (“TSX-V”) under the symbol “GVG”, the Company has since delisted from the TSX-V and is now listed on the Canadian Securities Exchange (“CSE”) under the symbol “SGRO” as well as on the Berlin and Frankfurt stock exchanges in Germany under the symbol “F91Q”, and a pink sheet listing (“OTCPP”) in the United States under the symbol “SIERF”.

The head office, principal address and records office of the Company are 4770 – 72nd Street, Delta, British Columbia, Canada, V4K 3N3.

These condensed consolidated interim financial statements have been prepared on the assumption that the Company and its subsidiaries will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. As at June 30, 2019, the Company had not advanced its property to commercial production and is not able to finance day-to-day activities through operations. The Company’s continuation as a going concern is dependent upon the successful results from its mineral property exploration activities and its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. Management intends to finance operating costs over the next twelve months with loans from directors and companies controlled by directors and/or private placement of common shares. Should the Company be unable to continue as going concern, the net realizable value of its assets may be materially less than the amounts on its consolidated statement of financial position.

These condensed consolidated interim financial statements were approved and authorized for issue by the Board of Directors on August 23, 2019.

2. BASIS OF PRESENTATION

Statement of Compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standards (“IAS”) 34 *Interim Financial Reporting* and should be read in conjunction with the annual financial statements for the year ended December 31, 2018, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”).

Commencing January 1, 2019, the Company adopted IFRS 16 *Leases*, which replaces IAS 17 *Leases*. The new standard requires lessees to recognize a lease liability reflecting future lease payments and a “right-of-use asset” for virtually all lease contracts, and record it on the statement of financial position, except with respect to lease contracts that meet limited exception criteria. This change in the new standard will not have any significant impact to the Company’s financial statements.

Basis of Measurement

The condensed consolidated interim financial statements of the Company have been prepared on an accrual basis and are based on historical costs, modified where applicable. The condensed consolidated interim financial statements are presented in Canadian dollars unless otherwise noted.

Basis of Consolidation

The condensed consolidated interim financial statements include the accounts of the Company and its controlled entities. Details of controlled entities are as follows:

	Country of Incorporation	Percentage Owned	
		March 31, 2019	December 31, 2018
Genville Silveria Ltd.	Canada	100%	100%
Grenville Espanola Holdings Ltd.	Canada	100%	100%
Minera Grenville S.A.C.	Peru	100%	100%
Minera Espanola S.A.C.	Peru	100%	100%
Upper Canyon Minerals Peru S.A.C.	Peru	100%	100%
Inversiones Mineras Alexander S.A.C.	Peru	100%	100%

Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

2. BASIS OF PRESENTATION (Continued)

Significant Estimates and Assumptions

The preparation of these financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised in any future periods affected.

Estimates and assumptions where there is significant risk of material adjustments to assets and liabilities in future accounting periods include the fair value measurements for financial instruments, and the recoverability and measurement of deferred tax assets.

Significant Judgments

The preparation of these financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgments in applying the Company's condensed consolidated interim financial statements include:

- the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.
- the classification of financial instruments; and
- the determination of the functional currency of the parent company and its subsidiaries.

Functional Currency

The functional currency of each entity is measured using the currency of the primary economic environment in which the entity operates. The consolidated financial statements are presented in Canadian dollars which is the parent company's functional and presentation currency. The functional currency of the Company's subsidiaries is the Canadian dollar.
