Three and Six Months Ended June 30, 2015 and 2014
(Unaudited)

1. Nature of Operations

The Company was incorporated on July 26, 2000 under the Canada Business Corporations Act and is engaged in the acquisition, exploration and development of mineral properties in Canada. The Company's common shares are traded on the Canadian Securities Exchange ("Exchange") under the symbol "LOM".

The head office, principal address and records office of the Company are located at Suite 610 – 700 West Pender Street, Vancouver, BC, Canada, V6C 1G8. The Company's registered office address is Suite 700 - 1199 West Hastings Street, Vancouver, British Columbia, Canada, V6E 3T5.

The Company is in the process of exploring its mineral properties and has not yet determined whether these properties contain reserves that are economically recoverable. The Company's ability to continue as a going concern and the recoverability of the amounts capitalized for mineral properties and related deferred exploration expenditures are dependent upon the ability of the Company to raise additional financing in order to complete the exploration and development of its resource properties, the discovery of economically recoverable reserves, the attainment of future profitable production or proceeds from disposition of the Company's resource properties. The outcome of these matters cannot be predicted at this time.

At June 30, 2015, the Company had not yet achieved profitable operations and has accumulated losses of \$3,929,414 (December 31, 2014 -\$3,817,260). As such, there is a material uncertainty related to these events and conditions that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

These consolidated financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to achieve any of the foregoing and continue as a going concern. Any adjustment required to the amounts and reclassification of assets and liabilities may be significant.

Management has estimated that the Company will have adequate funds from existing working capital to meet corporate, administrative and other obligations over the next twelve months. The Company will require additional financing as it determines to acquire additional properties or accelerate its work programs. While the Company has been successful in securing financings in the past, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be available on acceptable terms.

2. Summary of Significant Accounting Policies

(a) Basis of presentation

The condensed interim consolidated financial statements of the Company have been prepared in accordance with International Accounting Standards 34, *Interim Financial Reporting* ("IAS 34"), using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). The accounting policies and critical estimates applied by the Company in these condensed interim consolidated financial statements are the same as those applied in the Company's annual financial statements as at and for the year ended December 31, 2014.

The condensed interim consolidated financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the Company's annual financial statements for the year ended December 31, 2014.

These condensed interim consolidated financial statements were approved and authorized for issue by the Board of Directors of the Company on August 6, 2015.

There has been no significant change to the Company's estimation and judgment from those disclosed in note 2 to the audited financial statements for the year ended December 31, 2014.
