

Maxtech Announces New Financing

Vancouver, British Columbia – April 28, 2017 – Maxtech Ventures Inc. (CSE: MVT) (Frankfurt: M1N) (OTC: MTEHF), (“Maxtech” or the “Company”) announces a new non-brokered private placement of up to \$2,000,000.

Maxtech will issue up to 5,000,000 units at \$.40 per unit, each unit being comprised of one common share in the capital of the Company and one share purchase warrant (a “Warrant”). Each Warrant will entitle the holder to purchase one additional common share for a period of two years at an exercise price of \$.50 per share for the first year and at an exercise price of \$.60 thereafter. The Warrants will be subject to an accelerated expiration period in the event the Company’s shares trade on a recognized exchange at more than \$.70 for a 14 day period, which will include days where no shares trade, after a period that is four months and a day from the issuance of the Warrants.

The proceeds to be raised will be used for working capital and to further the Company’s plans to acquire additional manganese assets worldwide.

Maxtech has now amassed approximately 57,000 hectares of exploration claims in Brazil, which is one of the largest manganese mineral exploration claim sets in the country. The Company claims are located in the northern states of Mato Grosso and Amazonas.

“In addition to entering our second stage of exploration in Brazil, the Company is actively reviewing potential acquisitions outside of Brazil in Northern Africa and Europe,” said Peter Wilson, CEO.
