

Maxtech Comments on Quebec Projects in James Bay Hires European Marketing Firm

Vancouver, Canada – July 6, 2020 – Maxtech Ventures ("Maxtech" or the "Company") (CSE: MVT) (Frankfurt: M1N) (OTC: MTEHF) is pleased to provide an update on the Company's Quebec exploration initiative.

Maxtech is currently assembling a Quebec based field team to visit the Kali property in short order. Gold, base metals and diamonds are the key minerals in this territory. Detailed field-based geological mapping is being planned to identify the possible extent of the gold mineralization in each area. With respect to the Maxtech Kali Project, our geologists have already pinpointed areas of interest based on trends in the regional geology.

The Maxtech Quebec initiative is to build a footprint in the James Bay Quebec mining district with additional claims and options on current mining properties in Quebec. There is a clearly defined and established permitting process in Quebec. Quebec has a supportive government and pro-mining community. Both of the Company claims have excellent access to transportation routes and good mining infrastructure.

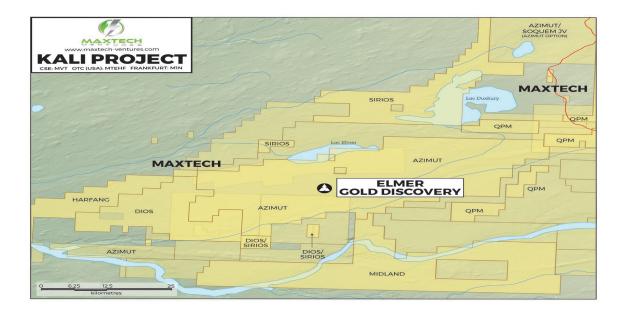

Peter Wilson CEO Commented, "Gold exploration and land staking has increased significantly of late in the James Bay area likely driven by the success of Azimut Explorations' recent drilling success. Several other explorers such as Dios Exploration, Harfang Exploration, QPM, are either gearing up or already drilling in the vicinity so now is a good time for us to begin as we continue to analyze opportunities in Quebec."

Additionally, Maxtech is pleased to announce that it has engaged the services of German Mining Networks GmbH (GMN). GMN has a network of high-net-worth individuals, sector-focused equity fund managers, private wealth managers and family offices located across Europe. GMN has been retained for a sum of \$3800.00 CDN on a month-to-month basis.

Peter Wilson CEO comments, "Maxtech has always had a strong European following on the Frankfurt Exchange with the symbol M1N. We are pleased to welcome Peter, Andreas and Florianne to our team and help to increase our shareholder presence throughout the European continent."

Company Board Update:

The Company further notes that Alex Tsakumis has resigned from his position on the Board of Directors effective July 3, 2020. Alex has been a wonderful member of our team at Maxtech Ventures Inc. and the Company thanks him for his service.
