Abenteuer Farm-in Partner Completes Section 27 Well

VANCOUVER, BC – Abenteuer Resources Corp. (“ABU” or the “Company”) is pleased to report that Admiralty Oils Ltd. (“Admiralty”) has completed the previously announced Kingsford farm-in 4-27 vertical well. In accordance with the terms of the farm-in agreement between Abenteuer and Admiralty, Abenteuer has chosen to receive a 10% gross overriding royalty (“GORR”) on this well versus participating in a 30% working interest.

Admiralty, as the operator, reports that they are now pump testing the primary zone which has initially been producing at a 95% oil cut and at economical rates. Admiralty will be acidizing this well in the very near future to help increase the flow rates.

In addition, Admiralty has identified a second drilling location on the farm-in lands which it may drill or farm-out. Accordingly, Abenteuer will have the same royalty rights on any additional wells drilled.

On Behalf of the Board,

J. Lewis Dillman
CEO and Director
