SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Supernova Metals Corp. (“Supernova” or the “Company”) was incorporated on November 20, 2000 under the laws of the province of Alberta, Canada and was continued into the province of British Columbia in 2010. The Company’s offices are located at 400 – 1681 Chestnut Street, Vancouver, BC, Canada, V6J 4M6. The Company’s shares are traded on the Canadian Securities Exchange (“CSE”) under the symbol “SUPR”.

The Company’s principal business activities are the exploration and evaluation of resource properties in North America. The Company is in the process of exploring its resource properties, but it has not yet determined whether these properties contain ore reserves that are economically recoverable. The recoverability of the amounts shown for exploration and evaluation assets are dependent upon the existence of economically recoverable reserves, the ability of the Company to obtain necessary financing to complete the development of those reserves and upon future profitable production or from proceeds of disposition. To date, the Company has not received any revenue from mining operations and is considered to be in the exploration stage.

The Company’s continuation as a going concern is dependent upon its ability to raise equity capital or borrowings sufficient to meet current and future obligations. If for any reason, the Company is unable to continue as a going concern, then this could result in adjustments to the amounts and classifications of assets and liabilities in the Company’s financial statements and such adjustments could be material.

These financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. The Company’s working capital is insufficient to support ongoing operations and the Company has incurred ongoing losses and will require additional funding to continue operations for the upcoming year. The above conditions may cast significant doubt on the Company’s ability to continue as a going concern.

2. BASIS OF PREPARATION

Statement of compliance

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with IAS 34, Interim Financial Reporting, as issued by the International Accounting Standards Board (“IASB”) and the interpretations of the IFRS Interpretations committee. They do not include all disclosures required by International Financial Reporting Standards (“IFRS”) for annual financial statements, and therefore should be read in conjunction with the Company’s audited financial statements for the year ended December 31, 2023, prepared in accordance with IFRS as issued by the IASB

These condensed interim consolidated financial statements were approved by the Board of Directors of the Company on November 25, 2024.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

2. BASIS OF PREPARATION (continued)

Basis of measurement

All references to dollar amounts in these financial statements and related notes are in Canadian dollars, unless otherwise indicated.

These financial statements have been prepared on a historical cost basis, using the accrual basis of accounting, except for cash flow information.

Basis of consolidation

These consolidated financial statements include the accounts of Supernova and its wholly-owned subsidiary Supernova Metals (US) Corp. ("SMUC") which was incorporated in Arizona, USA.

All inter-company transactions and balances have been eliminated upon consolidation.

Control exists where the parent entity has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. Subsidiaries are included in the consolidated financial statements from the date control commences until the date control ceases.

Functional and presentation currency

The functional currency is the currency of the primary economic environment in which the entity operates and has been determined for each entity within the Company. The functional currency of both the Company and SMUC is the Canadian dollar.

At the end of each reporting period, assets and liabilities of the entities whose functional currency is not the Canadian dollar are translated at the rate of exchange at the statement of financial position date. Revenues and expenses are translated at the exchange rates approximating those in effect on the date of the transactions. Exchange gains and losses arising on translation are reflected in other comprehensive income or loss for the year.

Transactions in currencies other than the Canadian dollar are recorded at exchange rates prevailing on the dates of the transactions. At the end of each reporting period, assets and liabilities of the Company that are denominated in foreign currencies are translated at the rate of exchange at the statement of financial position date. Revenues and expenses are translated at the exchange rates approximating those in effect on the date of the transactions. Exchange gains and losses arising on translation are reflected in profit or loss for the period.

Significant Accounting Judgments, Estimates and Assumptions

The preparation of the Company's financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

2. BASIS OF PREPARATION (continued)

The following areas required a significant degree of estimation:

Recoverability of exploration and evaluation assets

Management has determined that exploration, evaluation and related costs incurred which were capitalized may have future economic benefits and may be economically recoverable. Management uses several criteria in its assessments of economic recoverability and probability of future economic benefits including geologic and other technical information, history of conversion of mineral deposits with similar characteristics to its own properties to proven and probable mineral reserves, scoping and feasibility studies, accessible facilities and existing permits.

Share-based compensation

The fair value of stock options issued are subject to the limitation of the Black-Scholes option pricing model, which incorporates market data and involves uncertainty in estimates used by management in the assumptions. The Black-Scholes option pricing model requires the input of highly subjective assumptions, including the volatility of share prices, and, as a result, changes in subjective input assumptions can materially affect the fair value estimate.

Income taxes

The calculation of income taxes requires judgment in applying tax laws and regulations, estimating the timing of the reversals of temporary differences, and estimating the reliability of deferred tax assets. These estimates impact current and deferred income tax assets and liabilities, and current and deferred income tax expense (recovery).

The following areas required a significant degree of judgment:

Functional Currency

The functional currency of the Company and its subsidiary is the currency of the primary economic environment in which each entity operates. The Company has determined the functional currency of each entity to be the Canadian dollar. Determination of the functional currency may involve certain judgments to determine the primary economic environment. The functional currency may change if there is a change in events and conditions which determines the primary economic environment.

Non-monetary transactions

Assets exchanged or transferred in non-monetary transactions are measured at the fair value of the asset given up or the fair value of the asset received, whichever is more reliable.

Going Concern

The assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

3. MATERIAL ACCOUNTING POLICIES

These condensed interim financial statements have been prepared using the same accounting policies as those used in the Company's audited annual financial statements at December 31, 2023.

4. SHORT-TERM INVESTMENT

During the nine month period ended September 30, 2023, the Company recognized a loss of \$5,311 after disposing of 166,667 common shares of Gander Gold Corp. (GAND.C).

The Company shares an officer in common with Gander Gold Corp.

5. RECLAMATION BOND

As at December 31, 2023, a refundable reclamation bond totaling \$4,390 was held by the US Bureau of Land Management in relation to a previously held exploration property in Nevada. During the nine month period ended September 30, 2024, the reclamation bond was refunded in full.

6. EXPLORATION AND EVALUATION ASSETSTT Claims

In April 2024, the Company staked 33 mineral claims under two licenses in central Labrador. The Company paid \$2,145 which includes a refundable staking deposit of \$1,650.

7. ACCOUNTS PAYABLES AND ACCRUED LIABILITIES

	September 30, 2024	December 31, 2023
	(\$)	(\$)
Trade payables	111	4,731
Related party payables (Note 8)	42,820	42,000
Accrued liabilities	11,192	12,000
	<u>54,123</u>	<u>58,731</u>

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

8. RELATED PARTY TRANSACTIONS

Key management includes the Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”), directors and companies controlled by them. The Company incurred the following transactions with key management of the Company during the six month periods ended September 30, 2024 and 2023:

	September 30, 2024	September 30, 2023
	(\$)	(\$)
Management fees	90,000	90,000
	<u>90,000</u>	<u>90,000</u>

As at September 30, 2024, a total of \$42,820 (December 31, 2023 - \$42,000) was included in accounts payable and accrued liabilities owing to key management of the Company.

9. SHARE CAPITAL

Authorized share capital

The Company’s authorized share capital consists of an unlimited number of common shares without par value and an unlimited number of preference shares without par value.

Issued share capital

Nine month period ended September 30, 2024

On May 21, 2024, the Company issued 900,000 common shares for aggregate proceeds of \$90,000 pursuant to the exercise of share purchase warrants.

Year ended December 31, 2023

On October 3, 2023, the Company completed a non-brokered private placement wherein it issued 3,076,923 at \$0.065 per unit for gross proceeds of \$200,000. Each unit consisted of one common share and one share purchase warrant exercisable at \$0.10 per common share expiring on October 3, 2025. The fair value of the share purchase warrants was determined to be \$nil using the residual value method. The Company paid \$3,616 in legal fees which has been recorded as share issuance costs.

Omnibus Compensation Plan

On March 28, 2023, the shareholders of the Company approved a new 10% rolling omnibus compensation plan (“Omnibus Plan) to replace the existing incentive stock option and RSU plans. The Omnibus Plan provides that the Board of Directors of the Company may from time to time, in its discretion, and in accordance with the Exchange requirements, grant to directors, officers, employees and technical consultants to the Company, non-transferable stock options and RSUs to acquire common shares, provided that the number of common shares reserved for issuance will not exceed 10% of the issued and outstanding common shares of the Company.

Stock options and RSUs may be exercised no later than 90 days following cessation of the holder’s position with the Company.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

9. SHARE CAPITAL (continued)

There were no stock options or RSUs issued during the nine month period ended September 30, 2024 or the year ended December 31, 2023.

A summary of the Company's stock options at September 30, 2024 is as follows:

Exercise Price	Options Outstanding		Options Exercisable	
	Number of Options Outstanding	Weighted Average Remaining Contractual Life	Number of Options Exercisable	Weighted Average Remaining Contractual Life
(\$)		(yrs)		(yrs)
0.15	100,000	3.18	100,000	3.18

As at September 30, 2024, there are 75,000 RSUs outstanding which expire on December 31, 2024.

Warrants

A continuity schedule of the Company's warrants is as follows:

	Number of Warrants	Weighted Average Exercise Price
		(\$)
Balance, December 31, 2022	1,204,545	0.145
Issued	3,076,923	0.10
Balance, December 31, 2023	4,281,468	0.11
Exercised	(900,000)	0.10
Balance, September 30, 2024	3,381,468	0.12

A summary of the Company's warrants at September 30, 2024 is as follows:

Number of Warrants	Weighted Average Exercise Price	Expiry Date	Weighted Average Remaining Contractual Life
	(\$)		(yrs)
1,204,545	0.145	February 25, 2026	1.41
2,176,923	0.10	October 3, 2025	1.01
3,381,468	0.12		1.15

During the nine month period ended September 30, 2024, the Company extended the expiration date of 1,204,545 warrants from February 25, 2024 to February 25, 2026.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

10. FINANCIAL RISK MANAGEMENT

The Company is exposed in varying degrees to a variety of financial instrument related risks. The type of risk exposure and the way in which such exposure is managed is provided as follows:

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its cash held in bank accounts as well as receivables. The majority of cash is deposited in bank accounts held with major banks in Canada. As the Company's cash is held by one bank there is a concentration of credit risk. This risk is managed by using major banks that are high credit quality financial institutions as determined by rating agencies. The carrying amount of financial assets recorded in the financial statements represents the Company's maximum exposure to credit risk.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company prepares a general operating budget to help determine the funds required to support the Company's normal operating requirements on an ongoing basis. The Company uses its best efforts to ensure that there are sufficient funds to meet its short-term business requirements, taking into account its anticipated cash flows from operations and its holdings of cash.

The Company's financial liabilities consist of accounts payable and accrued liabilities, all of which are due within twelve months.

The Company is exposed to liquidity risk.

Commodity risk

Commodity price risk is the risk that the fair value of future cash flows will fluctuate as a result of changes in commodity prices. Commodity prices for base and precious metals are impacted by world economic events that dictate the levels of supply and demand. The Company had no hedging contracts in place as at or during the period ended September 30, 2024.

Price risk

Price risk is the risk that a short-term investment which is publicly traded on a recognized stock exchange will fluctuate in value. The Company has not exposed to price risk.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to significant interest rate risk.

Foreign exchange risk

The Company's functional and presentation currency is the Canadian dollar. The Company is exposed to the currency risk related to the fluctuation of foreign exchange rates in its US subsidiary. The Company also has certain assets and liabilities denoted in US dollars. A 10% change in the currency exchange rates between the Canadian dollar relative to the US dollar would have a negligible effect on the Company's results of operations, financial position and/or cash flows. The Company has not hedged its exposure to currency fluctuations.

SUPERNOVA METALS CORP.

Notes to the Condensed Interim Consolidated Financial Statements

Nine Month Period Ended September 30, 2024

(Unaudited - Expressed in Canadian dollars)

10. FINANCIAL RISK MANAGEMENT (continued)*Classification of financial instruments*

The Company classifies its other financial assets and other financial liabilities measured at fair value using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value hierarchy has the following levels:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: Inputs for the asset or liability that is not based on observable market data (unobservable inputs).

Financial assets included in the statement of financial position are cash and receivables. Financial liabilities included in the statement of financial position include accounts payable and accrued liabilities. The fair value of cash, receivables, and accounts payable approximate the carrying amount due to their short term to maturity. The effect of changes in the Company's credit risk do not have a significant impact on the fair value due to the short term to maturity.

Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor and creditor confidence and to sustain future development of the business. The capital structure of the Company consists of the components of shareholders' equity.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may attempt to issue new shares, issue debt and acquire or dispose of assets.

The Company is not subject to any externally imposed capital requirements.

There have been no changes to the Company's approach to capital management during the period ended September 30, 2024.
