QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

1. CORPORATE INFORMATION, NATURE AND CONTINUANCE OF OPERATIONS

Quizam Media Corporation (the “Company”) was incorporated on September 15, 2000 under the provisions of the Company Act of British Columbia and is listed on the TSX Venture Exchange (“TSX-V”). The Company’s principal business activity consists of providing computer training and consulting services and marketing of a computer based educational program. The address of the Company’s corporate office and its principal place of business is 1600-650 West Georgia Street, Vancouver, BC, V6B 4N7.

On January 21, 2013, the Company’s online training division, ontrackTV.com. has signed an agreement with Banner Business Services Ltd of the UK, for a new sales partnership. Under the agreement Banner Business Services will market OntrackTV’s on-line training services throughout the UK and Eire, on a shared revenue basis.

These consolidated financial statements have been prepared on the basis of accounting principles applicable to a going concern. This assumes the Company will operate for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The Company has had a history of significant losses, sizeable accumulated deficits and limited working capital. The Company’s ability to continue as a going concern may therefore be dependent on completing equity financing, obtaining support from related parties or generating consistent profitable operations in the future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Statement of compliance

These condensed interim consolidated financial statements are prepared in accordance with International Accounting Standard (“IAS”) 34 *Interim Financial Reporting* under International Financial Reporting Standards (“IFRS”) issued by the International Accounting Standards Board.

b) Basis of measurement and presentation

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions which affect the reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses for the period reported. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to revenue recognition, the recognition of deferred income tax assets and share-based compensation. These consolidated financial statements are prepared on the historical cost basis except for certain financial instruments, which are measured at fair value as explained in the accounting policies set out in Note 2 (o). All amounts are expressed in Canadian dollars unless otherwise stated.

c) Basis of consolidation

The consolidated financial statements include the accounts of the Company and its 100% wholly owned subsidiary, On-Track Computer Training Ltd. (“On-Track”). On-Track Computer Training Ltd. was incorporated in Canada and is 100% owned by Quizam Media Corporation. Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

d) Foreign currency translation

Foreign currency denominated assets and liabilities of operations are translated into Canadian dollars at exchange rates prevailing at the balance sheet date for monetary items and at exchange rates prevailing at the transaction date for non-monetary items. Revenues and expenses are converted at the average exchange rate for the reporting period. Gains or losses on translation are included in operations. The Company's functional currency is the Canadian dollar.

e) Cash and cash equivalents

The Company considers deposits with banks or highly liquid short-term interest bearing securities that are readily convertible to known amounts of cash and those that have maturities of three months or less when acquired to be cash equivalents.

f) Equipment

Equipment is recorded at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives as follows:

Automobile	5 years
Computer hardware	3 years
Furniture and fixtures	5 years
Library	5 years

g) Long-lived assets and impairment

The Company evaluates, on an ongoing basis, the carrying value of equipment, for indications of impairment at each statement of financial position date or if an indication of impairment occurs.

An impairment loss is recognized when the carrying amount of an asset, or its cash-generating unit, exceeds its recoverable amount. A cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. Impairment losses are recognized in profit and loss for the period. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to cash-generating units and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

The recoverable amount is the greater of the asset's fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is reversed if there is an indication that there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. An impairment loss with respect to goodwill is never reversed.

h) Loans receivable and notes payable

Loans receivable and notes payable are carried at amortised cost using the effective interest method. Finance charges are deferred and recognized over the life of the loan.

QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

i) Share issuance costs

Professional, consulting, regulatory and other costs directly attributable to financing transactions are recorded as deferred share issuance costs until the financing transactions are completed, if the completion of the transaction is considered likely; otherwise they are expensed as incurred.

Share issue costs are charged to share capital when the related shares are issued. Deferred share issuance costs related to financing transactions that are not completed are charged to expenses.

j) Income taxes

The Company provides for income taxes using the liability method of tax allocation. Under this method deferred income tax assets and liabilities are determined based on temporary differences between the accounting and tax bases of existing assets and liabilities, and are measured using enacted or substantially enacted tax rates expected to apply when these differences reverse. Deferred tax assets are recognized only to the extent that it is probable that future taxable income will be available against which deductions and tax losses can be utilized.

k) Revenue recognition

i. Training revenue

Training revenues are recorded when a student attends a course, this is the date at which the stage of completion and costs of the transaction can be reliably measured, the amount of revenue can be measured reliably and it is probable that the economic benefits of the transaction will flow to the Company.

ii. On-Track TV revenue

On-Track TV revenues are those whereby customers sign up and pay for access to a video library. The revenues are recorded when access to the On-Track TV website has been granted and collection is probable.

iii. Software revenue

The Company records revenue from the sale of software when the customers download the software from the Company's website and collection is reasonably assured which is generally when direct payment is received.

iv. License fee revenue

License fees are recorded in the accounts when all conditions have been met under the license agreement, the licensee is satisfied with the operations of the software, and collection is probable, which is generally when payment is received.

QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

l) Share-based payments

The Company records all share-based payments at their fair value. The share-based compensation costs are charged to operations over the stock option vesting period and agents' options and warrants issued in connection with common share placements are recorded at their fair value on the date of issue as share issuance costs. At each financial position reporting date, the amount recognized as an expense is adjusted to reflect the actual number of stock options expected to vest. On the exercise of stock options and agents' options and warrants, share capital is credited for consideration received and for fair value amounts previously credited to contributed surplus. The Company uses the Black-Scholes option pricing model to estimate the fair value of share-based compensation.

m) Earnings (Loss) per share

Basic earnings (loss) per share is computed using the weighted average number of common shares outstanding during the year. The treasury stock method is used for the calculation of diluted income (loss) per share.

The existence of warrants and options affects the calculation of earnings (loss) per share on a fully diluted basis. As the effect of this dilution is to increase the reported earnings per share and reduce the reported loss per share and diluted per share amounts excludes all potential common shares if their effect is anti-dilutive.

n) Development costs

Development costs are expensed as incurred, except in cases where development costs meet certain identifiable criteria for deferral. The Company has not capitalized any product development costs during the year.

o) Financial instruments

All financial assets are initially recorded at fair value and classified into one of four categories: held to maturity, available for sale, loans and receivable or at fair value through profit or loss ("FVTPL"). All financial liabilities are initially recorded at fair value and classified as either FVTPL or other financial liabilities. Financial instruments comprise cash and cash equivalents, accounts receivable, loans receivable, accounts payable, due to related parties and promissory notes payable. The Company has elected to account for transaction costs related to the issuance of financial instruments as a reduction of the carrying value of the related financial instruments.

At initial recognition management has classified financial assets and liabilities as follows:

i. Financial assets

The Company has recognized its cash and cash equivalents at FVTPL. A financial instrument is classified at FVTPL if it is held for trading or is designated as such upon initial recognition. Financial instruments are designated at FVTPL if the Company manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Company's documented risk management or investment strategy. Financial instruments at FVTPL are measured at fair value and changes therein are recognized in income. The Company has classified accounts receivable and loans receivable as loans and receivables. The Company has not classified any financial assets held to maturity or available for sale.

QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

o) Financial instruments (continued)

ii. Financial liabilities

The Company has recognized its accounts payable, due to related parties and promissory notes payable as other financial liabilities. Accounts payable are recognized at the amount required to be paid less, when material, a discount to reduce the payable to fair value. The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled or expire.

p) New accounting standards not yet adopted

Certain new standards, interpretations and amendments to existing standards have been issued by the IASB or the International Financial Reporting Interpretations Committee (“IFRIC”) that are mandatory for future accounting periods. Some updates that are not applicable or are not consequential to the Company may have been excluded from the list below.

New accounting standards effective June 1, 2013

IFRS 10 Consolidated Financial Statements - IFRS 10 requires an entity to consolidate an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Under existing IFRS, consolidation is required when an entity has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. IFRS 10 replaces SIC-12 *Consolidation - Special Purpose Entities* and parts of IAS 27 *Consolidated and Separate Financial Statements*.

IFRS 11 Joint Arrangements - IFRS 11 requires a venturer to classify its interest in a joint arrangement as a joint venture or joint operation. Joint ventures will be accounted for using the equity method of accounting whereas for a joint operation the venturer will recognize its share of the assets, liabilities, revenue and expenses of the joint operation. Under existing IFRS, entities have the choice to proportionately consolidate or equity account for interests in joint ventures. IFRS 11 supersedes IAS 31 *Interests in Joint Ventures* and SIC-13 *Jointly Controlled Entities - Non-monetary Contributions by Venturers*.

IFRS 12 Disclosure of Interests in Other Entities - IFRS 12 establishes disclosure requirements for interests in other entities, such as joint arrangements, associates, special purpose vehicles and off balance sheet vehicles. The standard carries forward existing disclosures and also introduces significant additional disclosure requirements that address the nature of, and risks associated with, an entity’s interests in other entities.

IFRS 13 Fair Value Measurement - IFRS 13 is a comprehensive standard for fair value measurement and disclosure requirements for use across all IFRS standards. The new standard clarifies that fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants, at the measurement date. It also establishes disclosures about fair value measurement. Under existing IFRS, guidance on measuring and disclosing fair value is dispersed among the specific standards requiring fair value measurements and in many cases does not reflect a clear measurement basis or consistent disclosures.

QUIZAM MEDIA CORPORATION
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDING FEBRUARY 28, 2013 AND 2012

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

p) New accounting standards not yet adopted

Amendments to other standards - In addition, there have been other amendments to existing standards, including IAS 27 *Separate Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures*. IAS 27 addresses accounting for subsidiaries, jointly controlled entities and associates in non-consolidated financial statements. IAS 28 has been amended to include joint ventures in its scope and to address the changes in IFRS 10 to IFRS 13.

Each of the new standards, IFRS 10 to 13 and the amendments to other standards, is effective for annual periods beginning on or after January 1, 2013 with early adoption permitted. The Company has not yet begun the process of assessing the impact that the new and amended standards will have on its consolidated financial statements or whether to early adopt any of the new requirements.

Amendments to IAS 1 *Presentation of Financial Statements* - The IASB has amended IAS 1 to require entities to separate items presented in other comprehensive income (“OCI”) into two groups, based on whether or not items may be reclassified into profit or loss in the future. Entities that choose to present OCI items before tax will be required to show the amount of tax related to the two groups separately.

IFRS 9 *Financial Instruments* - IFRS 9 was issued in November 2009 and contained requirements for financial assets. This standard addresses classification and measurement of financial assets and replaces the multiple category and measurement models in IAS 39 for debt instruments with a new mixed measurement model having only two categories: Amortized cost and fair value through profit or loss. IFRS 9 also replaces the models for measuring equity instruments and such instruments are either recognized at the fair value through profit or loss or at fair value through other comprehensive income. Where such equity instruments are measured at fair value through other comprehensive income, dividends are recognized in profit or loss to the extent not clearly representing a return of investment; however, others gains and losses (including impairments) associated with such instruments remain in accumulated other comprehensive income indefinitely.

Requirements for financial liabilities were added in October 2010 and they largely carried forward existing requirements in IAS 39, *Financial Instruments – Recognition and Measurement*, except that fair value changes due to credit risk for liabilities designated at fair value through profit and loss would generally be recorded in other comprehensive income.

IFRS 9 is effective for annual periods beginning on or after January 2015 with early adoption permitted. The Company has not yet begun the process of assessing the impact that the new and amended standards will have on its consolidated financial statements or whether to early adopt any of the new requirements.

4. LOANS RECEIVABLE

The Company has developed a program where it shares marketing and sales expenses with its licensees. Any monies advanced to licensees will take the form of an interest bearing loan and must be paid back to the Company. In fiscal 2010, the Company advanced £7,600 pounds (repayable at CDN \$14,227 including interest) to Central Media Services Limited, a UK Licensee. The loan bears a fixed interest rate of 5% per annum calculated monthly. There are no fixed terms of repayment. At February 28, 2013, the balance is CDN \$10,798 including interest.

5. PROMISSORY NOTE PAYABLE

On August 15, 2012, the Company signed a promissory note whereby the Company was obligated to pay the lender the principal sum of \$20,000 by January 15, 2013. The loan bears interest at 12% per annum. The entire outstanding principal together with interest is paid in full by the Company. The lender used the proceeds to participate in the post rollback private placement in November. At February 28, 2013, the balance is nil.

On May 29, 2012, the Company signed another promissory note whereby the Company was obligated to pay a company owned by a relative of one of the directors the principal sum of \$15,000. The loan bears interest at 15% per annum. The term is for a maximum of 12 months. However, the Company may pay parts or all of it off earlier. At February 28 2013, the balance is nil.

5. PROMISSORY NOTE PAYABLE (continued)

On September 20, 2011, the Company signed a promissory note whereby the Company was obligated to pay a company owned by a significant shareholder the principal sum of \$125,000. The loan bears interest at 15% per annum. The term is for a maximum of 12 months. However, the Company may pay parts or all of it off earlier. On September 20, 2012, the Company signed an agreement to extend the term and increased principal sum to \$150,650. The term will continue at the lender's discretion. At February 28, 2013, the balance is \$185,995 including interest and finance fees.

6. SHARE CAPITAL

The Company has authorized share capital of an unlimited number of common voting shares without par value. Disclosures on any common shares issued are provided in the Statements of Changes in Shareholders' Equity.

Transactions for the nine months ended February 28, 2013 and 2012:

In November, 2012 the Company completed a non-brokered private placement consisting of 4,000,000 units at \$0.05 per unit for proceeds of \$200,000. Each unit consists of one common share and one share purchase warrant exercisable at a price of \$0.12 for twelve months period expiring on November 8, 2013. In connection with the private placement, the Company issued 255,800 common shares as finders' fees with a fair value of \$12,790.

On October 16, 2012, the Company has undergone a share consolidation; rate of exchange is 2 old shares for 1 new share.

In October 2011, the Company completed a non-brokered private placement consisting of 6,500,000 units at \$0.05 per unit for proceeds of \$325,000. Each unit consists of one common share and one share purchase warrant exercisable at a price of \$0.10 for the first six months and \$0.20 for the second six-month period expiring on October 19, 2012. In connection with the private placement, the Company issued 100,000 common shares as finders' fees with a fair value of \$5,000.

In August 2011, the Company completed a non-brokered private placement consisting of 6,000,000 units at \$0.05 per unit for proceeds of \$300,000. Each unit consists of one common share and one share purchase warrant exercisable at a price of \$0.10 for the first six months and \$0.20 for the second six-month period expiring on August 29, 2012. In connection with the private placement, the Company issued 315,000 common shares as finders' fees with a fair value of \$15,750. The Company had \$40,000 in share subscriptions receivable as at August 31, 2011.

7. STOCK OPTIONS

Stock option plan and stock options issued

The Company grants stock options to directors, officers, employees and consultants as compensation for services, pursuant to its Incentive Share Option Plan (the "Plan"). Under the Plan, the option price must not be less than the closing price of the common shares of the Company on the TSX Venture Exchange ("TSX") on the day immediately preceding the date of grant less the applicable discount if any. The Company is a "Tier 2" TSX company therefore any option granted under the Plan must be exercised within a period of two years from the date of granting. The number of options that may be issued under

9. PRODUCT DEVELOPMENT COSTS

(a) On-Track TV

During the current period, the Company finished a complete set of on-line curriculum for its training division called On-Track TV.

The costs associated with development of the On-Track TV, which are included in the statement of operations, and comprehensive loss and deficit, for the nine months ended February 28, 2013 and 2012 are as follows:

	2013	2012
	\$	\$
Salary, wages and fees (management, programming and marketing)	113,338	289,917
Materials	735	523
Marketing	247	37
Advertising and promotion	–	4,300
	<u>114,320</u>	<u>295,361</u>

(b) Quizam software

During the current period, the Company continued to concentrate its efforts on the development and marketing of the Quizam educational software. This activity has resulted in a third version of the educational software, which has also been adapted for compatibility with the Mac platform format.

The costs associated with development of the Quizam educational software, which are included in the statement of operations, and comprehensive loss and deficit, for the nine months ended February 28, 2013 and 2012 are as follows:

	2013	2012
	\$	\$
Salary, wages and fees (management, programming and marketing)	61,718	31,162
Materials	–	–
Marketing	–	–
Advertising and promotion	340	340
	<u>62,058</u>	<u>31,502</u>

10. RELATED PARTY TRANSACTIONS

The Company has identified its directors and certain senior officers as its key management personnel and the compensation costs for key management personnel and companies related to them were recorded at their exchange amounts as agreed upon by transacting parties and on terms and conditions similar to non-related parties as follows:

- (a) The Company owes \$154,808 (February 29, 2012- \$128,149) to a significant shareholder, who is also a director and officer. The loan is secured by the assets of the Company, bears interest at 12% per annum and is due upon demand.

10. RELATED PARTY TRANSACTIONS (continued)

- (b) Management, administration, accounting, investor & finance development and software development are provided by a company owned by a significant shareholder. An amount of \$149,220 (2012 - \$369,533) was paid for these services during the nine months ending February 28, 2013.
- (c) Marketing and publicity fees totalling \$124,141 (2012 - \$66,205) were paid to a company owned by a relative of one of the directors.
- (d) Product Development fees totalling \$20,819 (2012 - \$49,515) were paid to relatives of one of the directors.
- (e) A significant shareholder was paid \$8,060 (2012- \$11,215) in interest on loans to the Company. These fees were recorded at their exchange amount, which is the amount agreed upon by the transacting parties on terms and conditions similar to non-related entities.

11. CAPITAL DISCLOSURE

The Company's capital currently consists of common shares, options and warrants. As the Company is in the development stage, its principal source of funds is from the issuance of common shares. The Company's capital management objectives are to safeguard its ability to continue as a going concern and to have sufficient capital to be able to meet the Company's educational software development and internet training development to ensure the growth of activities.

12. LINE OF CREDIT

As at February 28, 2013, the Company has a line of credit of \$5,000 bearing interest at the bank's prime rate plus five percent. The line of credit is guaranteed by the assets of the Company. There was a balance of \$2,992 as of February 28, 2013.

13. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Credit Risk - Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and accounts receivable. To minimize its credit risk, the Company maintains substantially all of its cash with high quality financial institutions. Deposits held with these institutions may exceed the amount of insurance provided on such deposits. Credit risk from accounts receivable encompasses the default risk of its customers. The Company manages its exposure to credit risk by only working with reputable companies and by performing on-going credit evaluations of its customers' financial condition and requires letters of credit or other guarantees whenever deemed appropriate. The maximum exposure to loss arising from accounts receivable is equal to their carrying amounts. One of the Company's customer accounts (2012 – four customers) comprise 50% (2012 - 41%) of accounts receivable.

Of the 61 days and over balance outstanding at February 28, 2013, 50% has been subsequently collected as at April 28, 2013.

Liquidity Risk - The Company ensures its holding of cash and cash equivalents is sufficient to meet its short-term exploration, development, and general and administrative expenditures. The Company's cash equivalents are invested in business guaranteed investment certificates which are immediately available on demand when required. The Company does not have investments in any asset backed deposits.

(Expressed in Canadian dollars)

(Unaudited – Prepared by Management)

13. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Foreign Exchange Risk - As the Company operates on an international basis, currency risk exposures arise from transactions and balances denominated in foreign currencies. The Company's foreign exchange risk arises primarily with respect to the United States dollar and Great Britain pound. Financial instruments that subject the Company to foreign currency exchange risk include cash and accounts receivable. Approximately 99% of the Company's revenues are denominated in Canadian Dollars (2012 – 99%) while substantially all of the Company's expenses are denominated in Canadian dollars. At February 28, 2013, a fluctuation of 10% in the currency exchange rate could result in a fluctuation of approximately \$98 on our consolidated results of operations, based on US\$ and UK£ account balances. The Company does not engage in any hedging activity.

Interest Rate Risk - The Company manages its interest rate risk by obtaining the best commercial deposit interest rates available in the market by the major Canadian financial institutions.

Market risk - Market risk is the risk that the fair value of, or future cash flows from, the Company's financial instruments will significantly fluctuate due to changes in market prices. The sale of the financial instruments can be affected by changes in interest rates, foreign exchange rates, and equity prices. The Company's ability to raise capital to fund development is subject to risks associated with fluctuations in the market. Management closely monitors individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.

14. COMMITMENTS

The Company has extended an office lease through October 31, 2013 and is committed to the following lease payments during the next two fiscal years under the lease for its premises:

	\$
2013	25,846
2014	43,076

The Company has also signed a new office lease from March 1, 2011 to October 31, 2013 and is committed to the following lease payments during the next two fiscal years under the lease for its premises. This new space is for its online training division, ontrackTV.

	\$
2013	6,176
2014	10,294

15. SUBSEQUENT EVENT

In March 2013, the Company completed a non-brokered private placement consisting of 3,000,000 units at \$0.10 per unit for proceeds of \$300,000. Each unit consists of one common share and half share purchase warrant exercisable at a price of \$0.25 for the first twelve months and \$0.35 for the second twelve months period expiring on March 6, 2015. In connection with the private placement, the Company issued 146,000 common shares as finders' fees with a fair value of \$14,600.

On March 27, 2013, the Company's online training division, ontrackTV.com. has signed a distribution deal with Planet International S.P.C. of The Kingdom of Bahrain to market its online Learning library and platform to Middle East Territories.
