**Forward-looking Statements**

This news release contains certain forward-looking statements that reflect the current views and/or expectations of management with respect to performance, business and future events, including but not limited to express or implied statements and assumptions regarding the Company's intention to exercise the option referred to herein and the receipt of necessary regulatory approvals. Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and forecasts about the business and the industry and markets in which the Company operates. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Investors are cautioned that all forward-looking statements involve risks and uncertainties including, without limitation, that the Company will choose not exercise the option and those risks relating to changes in the market, potential downturns in economic conditions, fluctuations in the price and supply of raw materials, equipment and skilled labour, fluctuations in the market price of minerals, foreign exchange fluctuations, regulatory requirements and changes thereto, competition, and other risk factors listed from time to time in the Company's public filings. These risks, as well as others, could cause actual results and events to vary significantly. Accordingly, readers should not place undue reliance on forward-looking statements and information, which are qualified in their entirety by this cautionary statement. The Company does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.
