These consolidated interim financial statements and MD&A include the results of operations and cash flows for the three and nine month periods ended November 30, 2014 and the reader must be aware that historical results are not necessarily indicative of the future performance. The reader may also wish to refer to the Company's audited financial statements and MD&A for the year ended February 28, 2014. All amounts are reported in Canadian dollars.

The aforementioned documents and additional disclosures pertaining to the Company's press releases and other information are also available on the SEDAR website www.sedar.com.

Certain statements contained in this interim management discussion and analysis may contain words such as "could", "should", "expect", "believe", "will" and similar expressions and statements relating to matters that are not historical facts but are forward-looking statements. Such forward-looking statements are subject to both known and unknown risks and uncertainties which may cause the actual results, performances or achievements of the Company to be materially different from any future results, performances or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the receipt of required regulatory approvals, the availability of sufficient capital, the estimated cost and availability of funding for the continued exploration and development of The Company's prospects, political and economic conditions, commodity prices and other factors.

Description of Business

Vinergy Resources Ltd. (the "Company") was incorporated as Vanguard Investments Corp. on March 20, 2001 under the provisions of the Alberta Business Corporations Act. On May 10, 2011, the Company changed its name to Vinergy Resources Ltd. and continued the Company's registered jurisdiction from Alberta to British Columbia. The Company's head office is located at 6012 – 85 Avenue, Edmonton, Alberta, T6B 0J5 and its shares are listed on the Canadian Securities Exchange under the symbol VIN.

On November 30, 2009, the Company entered into a Share Purchase Agreement (the "Agreement") with Zeus Energy Inc. ("Zeus") and its shareholders to acquire 100% of the issued and outstanding shares of Zeus. Zeus was incorporated on November 7, 2007 under the Alberta Business Corporations Act. Since the closing of the Agreement on November 30, 2009, the Company has been in the business of oil and gas acquisition, exploration and development.

During the year ended February 28, 2014 the Company incorporated six subsidiary companies: Arq Graphite Inc, 0990756 BC Ltd., Jonpol Rare Earths Inc., Leucadia Finance Partners Inc., Wayzata Film Finance Inc., and Wedona Uranium Inc. Pursuant to the plan of arrangement each of the subsidiary companies was spun-out of the Company effective June 17, 2014. Each of these subsidiaries became an independent reporting issuer and shareholders of the Company received one share in each subsidiary for each share they held of the Company.

The Company is exploring additional opportunities to acquire oil and gas properties for exploration and development. The Company has historically been involved in the oil and gas industry and continues to pursue opportunities in this sector. The Company is also investigating opportunities in other sectors.

The Company is actively seeking opportunities to provide shareholder value. Although historically the Company has been involved in oil and gas exploration and production, future prospects will not necessarily be restricted or limited to this sector or business. While management is confident that it will be able to raise any funds that may be required to meet the Company's needs for the next year, there can be no assurance that these funds will be available on terms acceptable to the Company in the future.

The Company has a \$215,000 convertible debenture due on January 16, 2015. . Please refer to Note – Subsequent Event(s)

Operating activities for the nine month period ended November 30, 2014:

For the nine month period ended November 30, 2014, the Company's operating activities used cash of \$13,738 compared to an increase of cash of \$897 for the nine month period ended November 30, 2013. The increase in cash used in operating activities is due primarily to loans provided to each of the Company's former subsidiary companies.

Financial Instruments and Risks

(a) Fair Values

Assets and liabilities measured at fair value on a recurring basis were presented on the Company's balance sheet as at November 30, 2014 as follows:

	Fair Value Measurements Using			Balance, November 30, 2014 \$
	Quoted prices in active markets for identical instruments (Level 1) \$	Significant other observable inputs (Level 2) \$	Significant unobservable inputs (Level 3) \$	
Cash	849	–	–	849

The fair values of other financial instruments, which include amounts receivable, accounts payable and accrued liabilities, amounts due to related parties, loans payable, and convertible debenture, approximate their carrying values due to the relatively short-term maturity of these instruments. The fair value of the convertible debenture is estimated to approximate its carrying value based on borrowing rates currently available to the Company for a loan with similar terms.

For the three and nine month periods ended November 30, 2014

Financial Instruments and Risks (continued)

(b) Credit Risk

Financial instruments that potentially subject the Company to a concentration of credit risk consist primarily of cash. The Company limits its exposure to credit loss by placing its cash with high credit quality financial institutions. Amounts receivable consist of GST refunds due from the Government of Canada. The carrying amount of financial assets represents the maximum credit exposure.

(c) Foreign Exchange Rate Risk

The Company is not exposed to any significant foreign exchange rate risk.

(d) Interest Rate Risk

The Company is not exposed to any significant interest rate risk.

(e) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company currently settles its financial obligations out of cash. The ability to do this relies on the Company raising equity financing in a timely manner and by maintaining sufficient cash in excess of anticipated needs.

(f) Price Risk

The Company is exposed to price risk with respect to commodity prices. The Company's ability to raise capital to fund exploration and development activities is subject to risks associated with fluctuations in the market price of commodities. As the Company does not have any producing assets or any current programs for exploration management considers the Company's commodity price risk to be minimal.
