SOLICITATION OF PROXIES

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. All costs of this solicitation will be borne by the Company. These officers and employees will receive no compensation other than their regular salaries but will be reimbursed for their reasonable expenses, which it is expected will not exceed \$1,000 in the aggregate.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of Proxy as the management designees are (Benjamin) Li Yu, the Chief Executive Officer and a director of the Company, and Kwong Choo, the Chief Financial Officer of the Company. **A registered shareholder eligible to vote at the Meeting has the right to appoint a person, who need not be a shareholder, to attend and act for the shareholder and on the shareholder’s behalf at the Meeting other than either of the persons designated in the accompanying form of Proxy. Registered shareholders are requested to date, sign and return the accompanying form of Proxy for use at the Meeting if they are not able to attend the Meeting personally. To be effective, forms of proxy must be received by the Company’s registrar and transfer agent, Computershare Investor Services Inc. (the “**Transfer Agent**”), no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting (namely, by 3:00 p.m., Vancouver time, on Wednesday, December 23, 2015) or any adjournment thereof at which the proxy is to be used. Note that voting by telephone is not available if you wish to appoint a person as a proxy other than someone named on the form of Proxy.

A proxy returned to the Transfer Agent will not be valid unless dated and signed by the registered shareholder or by the registered shareholder’s attorney duly authorized in writing or, if the registered shareholder is a corporation or association, the form of Proxy must be executed by an officer or by an attorney duly authorized in writing. If the form of Proxy is executed by an attorney for an individual shareholder or by an officer or attorney of a shareholder that is a corporation or association, the

instrument so empowering the officer or attorney, as the case may be, or a notarial copy thereof, must accompany the form of Proxy. If not dated, the Proxy will be deemed to have been dated the date that it is mailed to shareholders.

A registered shareholder who has given a proxy may revoke it by an instrument in writing duly executed by the registered shareholder or by the registered shareholder's attorney duly authorized in writing or, if the registered shareholder is a corporation or association, by an officer or by an attorney duly authorized in writing and delivered to the registered office of the Company of Fasken Martineau DuMoulin LLP at 2900 - 550 Burrard Street, Vancouver, BC V6C 0A3 at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or of any reconvening thereof, or in any other manner provided by law. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation. In addition, registered shareholders can also change their vote by phone or via the internet.

The Company is not sending proxy-related materials using notice and access this year.

EXERCISE OF DISCRETION

On a poll, the proxyholder, including the nominees named in the accompanying form of Proxy, will vote or withhold from voting the Common Shares represented thereby in accordance with the instructions of the registered shareholder on any ballot that may be called for. If a shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. The proxy will confer discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified; and
- (b) any other matter, including amendments or variations to any of the matters identified in the accompanying Notice of Meeting, as may properly come before the Meeting or any adjournment thereof.

In respect of a matter for which a choice is not specified in the proxy, or unless otherwise provided for in the proxy, the nominees named in the accompanying form of Proxy will vote Common Shares represented by the proxy for the approval of such matter.

As of the date of this Information Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting, each nominee intends to vote thereon in accordance with the nominee's best judgment.

NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. More particularly, a person is not a registered shareholder in respect of Common Shares which are held on behalf of that person (the "Non-Registered Holder") but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and directors or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant. There are two kinds of Non-Registered Holders - those who object to their name being made known to the Company (called OBOs for "Objecting Beneficial Owners") and those who do not object to the Company knowing who they are (called NOBOs for "Non-Objecting Beneficial Owners").

The Company takes advantage of certain provisions of National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), which permit the Company to directly deliver the Notice of Meeting and Information Circular (collectively, the "Meeting Materials") to NOBOs who have not waived the right to receive them. As a result, NOBOs can expect to receive a scannable voting instruction form (a "VIF"), together with the Meeting Materials from the Transfer Agent. These VIFs are to be completed and returned to the Transfer Agent in accordance with the instructions. The Transfer Agent is required to follow the voting instructions properly received from NOBOs. The Transfer Agent will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive.

In accordance with the requirements of NI 54-101, the Company has distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for onward distribution to OBOs who have not waived the right to receive them. Very often,

Intermediaries will use service companies to forward the meeting materials to OBOs. The Company does not intend to pay for delivery of the Meeting Materials to OBOs, and as a result OBOs will not receive the Meeting Materials unless their Intermediary assumes the cost of delivery. With the Meeting Materials, Intermediaries or their service companies should provide OBOs with a “request for voting instruction form” which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the Common Shares that they beneficially own. **Non-Registered Holders who are OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the “request for voting instruction form” is to be delivered.**

Only registered Shareholders have the right to revoke a Proxy. Non-registered Shareholders that wish to change their voting instructions must, in sufficient time in advance of the Meeting, contact the Transfer Agent or their Intermediary to arrange to change their voting instructions.

These security holder materials are being sent to both registered and non-registered owners of Common Shares of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions

APPROVAL OF STOCK OPTION PLAN

The shareholders approved a stock option plan (the “Plan”) at the extraordinary general meeting of the Company held on August 10, 2007. An amendment to the Plan to include provisions relating to the Company obtaining disinterested shareholder approval in certain instances was approved at an annual general and special meeting of shareholders of the Company on June 28, 2013. On October 3, 2014 the Company amended the stock option plan, subject to shareholder and regulatory approval, and on November 5, 2014 the shareholders approved those amendments at its annual general and special meeting. The Plan has been established to further the Company’s policy of motivating officers, directors and employees of the Company and its subsidiaries to participate in the growth and development of the Company.

As of November 27, 2015 the Company had 4,600,000 stock options outstanding. Under the Plan, the Company may grant stock options pursuant to which Common Shares may be purchased by directors, officers, employees and consultants of the Company up to a maximum of 10% of the issued and outstanding Common Shares of the Company. Pursuant to the policies of the Exchange, shareholders are required, on a yearly basis, to approve stock option plans which have a “rolling plan” ceiling.

The Plan

The Plan complies with the requirements of the Exchange’s Policy 4.4 *Incentive Stock Options* as it relates to Tier 2 issuers. The following is a summary of the principal terms of the Plan, as amended.

Options may be granted to employees, directors, officers and consultants of the Company. The aggregate number of Common Shares which may be issued on the exercise of options granted under the Plan is up to 10% of the number of issued and outstanding Common Shares from time to time. Options may not be granted if such grant would result in the aggregate number of Common Shares authorized (i) for issuance to any one person within a one-year period is limited to 5% of the outstanding Common Shares; and (ii) for issuance to any insiders is limited to 10% of the outstanding Common Shares and 10% of the outstanding Common Shares within a 12-month period. The aggregate number of Common Shares which may be purchased by the exercise of options granted to persons employed to provide investor relations activities is limited to 2% of the issued Common Shares in any 12 month period. The aggregate number of Common Shares which may be purchased by the exercise of options granted to consultants is limited to 2% of the issued Common Shares in any 12 month period.

The exercise price of the options granted under the Plan shall be not less than the Market Price as defined in the policies of the Exchange. The option period of an option may be for a period of up to five years from the date of the granting of the option, as determined by the Board of Directors. If the option holder resigns or is terminated, all unexercised options previously granted to such option holder are cancelled, but vested options granted to such holder may be exercised for 90 days following resignation or termination, other than a holder which is employed to provide investor relation activities who may exercise vested options for 30 days following resignation or termination, unless terminated for just cause. Options will also be non-assignable and non-transferable, provided that they will be exercisable by an option holder’s personal representatives for up to one year following the death of such holder. In the event of a change of control, the Board of Directors may deal with the outstanding options in a manner it deems fair and reasonable in light of the circumstances.

The Plan is administered by the Board of Directors of the Company or a committee of the Board of Directors, and subject to regulatory requirements in that regard, may be amended by the Board of Directors without further shareholder approval.

At the Meeting, the shareholders of the Company will be asked to consider and, if thought advisable, to pass, with or without modification, the following:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION, that subject to regulatory approval:

- (a) the Company’s stock option plan (the “Plan”), in the form presented at the Meeting, as amended and restated from time to time, be and is hereby approved;
- (b) the Company be authorized to grant stock options pursuant and subject to the terms and conditions of the Plan, entitling the option holders to purchase up to that number of common shares that is equal to 10% of the issued and outstanding common shares of the Company as at the time of the grant; and
- (c) the directors and officers of the Company be authorized and directed to perform all such acts and deeds and things and execute, under the seal of the Company or otherwise, all such documents, agreements and other writings as may be required to give effect to the true intent of these resolutions.”

Management recommends that the Company's shareholders vote in favour of the ordinary resolution to re-approve the Company's Plan. **Unless you give other instructions, the persons named in the enclosed form of Proxy intend to vote FOR the re-approval of the Company's Plan.**

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Company's executive compensation objectives and processes and to discuss compensation decisions relating to its named executive officers ("**Named Executive Officers**" or "**NEOs**") listed in the Summary Compensation Table that follows. During its financial year ended June 30, 2015, the following individuals were Named Executive Officers (as defined in applicable securities legislation) of the Company, namely (Benjamin) Li Yu, Chief Executive Officer (the "**CEO**") and Kwong Choo, Chief Financial Officer (the "**CFO**").

Compensation Objectives and Principles

The primary goal of the Company's executive compensation program is to attract and retain the key executives necessary for the Company's long term success and to motivate and encourage executives to further the development of the Company and its operations. The compensation program is designed to reward the achievement of both short and long term strategic and operational objectives.

Compensation Process

The Company does not have a formal compensation program. However, the administration over the process to determine the compensation of the Company's Named Executive Officers is handled by the Board of Directors. Named Executive Officers and directors are compensated in a form and amount which is appropriate for comparative organizations, having regard for such matters as time commitment, responsibility and trends in director and executive compensation.

The compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board of Directors recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well align the compensation level of each executive to that executive's level of responsibility. In general, Named Executive Officers compensation is comprised of a base amount and variable bonus compensation where applicable and stock option grants. The combination of base compensation and variable bonus structure is provided to align the executives with the Company's interests for both the short-term and long-term.

Elements of Executive Compensation

Currently, the principal components of the Company's executive compensation packages are base remuneration, long-term incentive in the form of stock options, and a discretionary annual incentive cash bonus. The Company targets base remuneration, bonuses, and option based awards towards the average range relative to peer companies for similarly experienced executives performing similar duties. Generally, awards are made within this range, although compensation is awarded above or below in cases of exceptional or poor corporate and/or individual performance or other individual factors relating to a Named Executive Officer. The Company benchmarks against mid-level compensation because benchmarking allows the Company to attract and retain executives, provides an incentive for executives to strive for better than average performance to earn better than average compensation and helps the Company to manage the overall cost of management compensation while taking into account the Company's overall financial strength.

Base Salary

Base salary is used to provide the Named Executive Officers a set amount of money during the year with the expectation that each Named Executive Officer will perform his responsibilities to the best of his ability and in the best interests of the Company. The salaries are set on a basis of a review and comparison of salaries paid to executives with similar qualifications and responsibilities who are employed by companies of the same or similar industry and corresponding size. The Board of Directors use comparables from similar public companies of size and complexity. The Chief Executive Officer reviews compensation for all employees reporting to him. The Board of Directors approves compensation for the Chief Executive Officer, President and Chief Financial Officer and any other key executives.

Option-Based Awards

The granting of incentive stock options provides a link between management compensation and the Company's share price. It also rewards management for achieving results that improve Company performance and thereby increase shareholder value. Stock options are generally awarded to executive officers at the commencement of employment and periodically thereafter. In making a determination as to whether a grant of long-term incentive stock options is appropriate, and if so, the number of options that should be granted, consideration is given to: the number and terms of outstanding incentive stock options held by the Named Executive Officer; current and expected future performance of the Named Executive Officer; the potential dilution to shareholders and the cost to the Company; general industry standards; and the limits imposed by the terms of the Company's stock option plan. Pursuant to the Plan, the Board of Directors of the Company, at its discretion, determines all grants of stock options to Named Executive Officers. Such grants are considered incentives intended to align the Named Executive Officers' and shareholders' interests in the long term. The grant of stock options is not influenced by the number of options outstanding or in-the-money value of outstanding options. A summary of the Company's Plan is provided under the heading "*Approval of Stock Option Plan*".

Bonuses

Finally, the board will consider whether it is appropriate and in the best interests of the Company to award a discretionary cash bonus to the Named Executive Officers and if so, in what amount. A cash bonus may be awarded to reward extraordinary performance that has led to increased value for shareholders through project innovations and awards, the formation of new strategic or joint venture relationships and/or capital raising efforts. Demonstrations of extraordinary personal commitment to the Company's interests, the community and the industry may also be rewarded through a cash bonus.

Hedging

The Company has no policy with regard to NEO and director purchases of financial instruments designed to hedge or offset a decrease in the market value of Company equities held by NEOs and directors.

Risk

The Board of Directors have not carried out an assessment of the risks associated with the Company's executive compensation policies and practices.

The Audit Committee is responsible to the Board of Directors of the Company. The primary objective of the Audit Committee is to assist the Board of Directors in fulfilling its responsibilities with respect to:

- (a) disclosure of financial and related information;
- (b) the relationship with and expectations of the external auditors of the Company, including the establishment of the independence of the external auditors;
- (c) the oversight of the Company’s internal controls; and

The Audit Committee will approve, monitor, evaluate, advise or make recommendations in accordance with this Charter, with respect to the matters set out above.

B. ORGANIZATION

1. Size and Membership Criteria

The Audit Committee will consist of three or more Directors of the Company.

A majority of the members of the Audit Committee must be independent of management and free from any interest, business or other relationship, other than interests and relationships arising from holding common shares of the Company or other securities which are exchangeable into common shares of the Company, which could, or could reasonably be perceived to, materially interfere with the director’s ability to act in the best interests of the Company.

All members of the Audit Committee should be financially literate and be able to read and understand basic financial statements. At least one member of the Audit Committee must have accounting or related financial expertise and should be able to analyze and interpret a full set of financial statements, including notes, in accordance with generally accepted accounting principles.

2. Appointment and Vacancies

The members of the Audit Committee are appointed or reappointed by the Board of Directors following each annual meeting of the shareholders of the Company. Each member of the Audit Committee will continue to be a member of the Audit Committee until his or her successor is appointed unless he or she resigns or is removed by the Board of Directors of the Company or ceases to be a Director of the Company. Where a vacancy occurs at any time in the membership of the Audit Committee the Board of Directors of the Company may appoint a qualified individual to fill such vacancy and must appoint a qualified individual if the membership of the Audit Committee is less than three Directors as a result of any such vacancy.

C. MEETINGS

1. Frequency

The Audit Committee will meet at least four times per year on a quarterly basis, or more frequently as circumstances require. In addition, the Audit Committee may also meet at least once per year with management and the

external auditors of the Company in separate executive sessions to discuss any matters that the Audit Committee or each of these groups believes should be discussed privately.

2. Chair

The Board of Directors of the Company or, in the event of its failure to do so, the members of the Audit Committee, will appoint a Chair from amongst their number. If the Chair of the Audit Committee is not present at any meeting of the Audit Committee, the Chair of the meeting will be chosen by the Audit Committee from among the members present.

The Audit Committee will also appoint a secretary who need not be a Director of the Company.

3. Time and Place of Meetings

The time and place of meetings of the Audit Committee and the procedure at such meetings will be determined from time to time by the members of the Audit Committee, provided that:

- (a) a quorum for meetings of the Audit Committee will be two members present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and hear each other, and
- (b) notice of the time and place of every meeting will be given in writing or facsimile to each member of the Audit Committee, the internal auditors, the external auditors and the corporate secretary of the Company at least 24 hours prior to the time fixed for such meeting.

Any person entitled to notice of a meeting of the Audit Committee may waive such notice (and attendance at a meeting is a waiver of notice of the meeting, except where a member attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called).

A meeting of the Audit Committee may be called by the corporate secretary of the Company on the direction of the Chief Executive Officer of the Company, by any member of the Audit Committee or the external auditors. Notwithstanding the foregoing, the Audit Committee will at all times have the right to determine who will and will not be present at any part of the meeting of the Audit Committee.

4. Agenda
