

Tevano Systems Inc. Appoints Craig Alford to its Advisory Board

Vancouver, British Columbia - (May 10th, 2023) - Tevano Systems Holdings Inc. (CSE: TEVO) (FSE: 7RBA) (OTC Pink: TEVNF) ("**Tevano**" or the "**Company**") a leader in commercializing innovative technologies, is pleased to announce the appointment of Craig Alford to its Advisory Board.

Mr. Alford brings more than 30 years of experience in leadership roles in the mining and exploration industry to the team. He has worked with independent, junior and senior mining companies, including Falconbridge Copper, Teck Mining, Zijin Mining Group, and China Railway Resources, and has managed projects throughout North and South America, SE Asia, China, Central Asia, Russia, Australia, and Africa.

"We are thrilled to welcome Craig to our advisory board," said David Bajwa, CEO of Tevano. "His extensive experience in the mining and exploration industry will be invaluable to our company as we continue to develop our DLE product offerings and grow our customer base."

As a member of Tevano's Advisory Board, Mr. Alford will provide strategic guidance and insight to help the company achieve its goals and objectives. He will work closely with the executive team to develop and execute business strategies that drive growth and innovation.

"I am excited to join Tevano's advisory board and look forward to working with the team," said Mr. Alford. "The company has a very impressive DLE technology called Eo-Cycle, and I believe my experience in the mining and exploration industry will be a valuable asset as we continue to grow this business."

Mr. Alford holds both an Honors Bachelor of Science and a Master of Science in Geology. He is a registered Professional Geoscientist and is a Qualified Person, as defined in National Instrument 43-101. Mr. Alford's experience includes budgeting and the expenditure of hundreds of millions of dollars and developing economic analysis for large M & A transactions. He has negotiated with several Heads of State and assisted the World Bank and the China-Africa Development Fund in tax policy, planning, and investment risk.

"We are honored to have Mr. Alford join our advisory board, and we are confident that his expertise and insight will be instrumental in our growth and success," said Mr. Bajwa.

About Tevano

Tevano is committed to developing and commercializing innovative technologies that have the potential to transform industries and create long-term value for our stakeholders. Through its wholly-owned subsidiary Aqua-Eo, an environmentally focused industrial technology and engineering company, Tevano is fostering the development of its commercial extraction solutions for Lithium and other strategic metals, industrial wastewater and oil and gas effluent remediation and treatment.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION: This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. These statements relate to future events or future performance. All statements other than statements of historical fact may be forward-looking statements or information. More particularly and without limitation, this news release contains forward-looking statements and information relating to the future integration of Aqua-Eo and its technology into the business of the Company, and other matters. The forward-looking statements and information are based on certain key expectations and assumptions made by the management of the Company. Although the management of the Company believes that the expectations and assumptions on which such forward-looking statements and information are based are reasonable, undue reliance should not be placed on the forward-looking statements and information since no assurance can be given that they will prove to be correct.

Forward-looking statements and information are provided for the purpose of providing information about the current expectations and plans of management of the Company relating to the future. Readers are cautioned that reliance on such statements and information may not be appropriate for other purposes, such as making investment decisions. Since forward-looking statements and information address future events and conditions, by their very nature, they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, the Company's ability to raise further capital and the Company's ability to integrate Aqua-Eo and its technology into the business of the Company and the markets acceptance of this technology and related products. Accordingly, readers should not place undue reliance on the forward-looking statements and information contained in this news release. Readers are cautioned that the foregoing list of factors is not exhaustive. The forward-looking statements and information contained in this news release are made as of the date hereof and no undertaking is given to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws. The forward-looking statements or information contained in this news release are expressly qualified by this cautionary statement.
