

## Planet 13 Announces Customer Traffic for January 2019

**Las Vegas, Nevada – February 5, 2019 – Planet 13 Holdings Inc. (CSE: PLTH) (OTCQB: PLNHF) (“Planet 13” or the “Company”)**, a leading vertically-integrated Nevada cannabis company, announced today that it served an average of 1,550 customers per day in January compared to an average of 1,430 per day in December, an 8.4% increase month over month. Average ticket continued to be above stated expectations.

Bob Groesbeck, Co-CEO of Planet 13 said, “Our Medizin dispensary grew from serving an average of less than 200 people per day, to over 800 people per day over a period of two years. The Superstore has been open for three months and we are very pleased with the steady growth in customer traffic and average ticket. We expect to continue growing monthly sales as we gain traction with visitors to Las Vegas, optimize our marketing programs and perfect the customer experience. Over the rest of the year we will also be taking action to build-out some of the remaining 112,000 square feet available to us at the Superstore location, starting with a coffee shop, and consumer-facing edibles and concentrates production lines.”

Going forward, Planet 13 expects to begin providing customer traffic and average ticket updates on a quarterly basis, along with its quarterly financial results releases.
