

Planet 13 Production Facility Begins Operations

Las Vegas, Nevada – November 1, 2019 – Planet 13 Holdings Inc. (CSE: PLTH) (OTCQX: PLNHF) (“Planet 13” or the “Company”), a leading vertically-integrated Nevada based cannabis company, announced today that it has been granted final permits to begin production at its 15,000 square foot customer-facing production facility co-located at the Planet 13 Cannabis Entertainment Complex (the “SuperStore”).

“Since we opened the SuperStore and began serving approximately 2,000 customers per day, we haven’t been able to keep our inhouse brands in stock. Our new production facility will increase our production capacity by over ten times and help us to meet the demand. Currently, about 15% of SuperStore sales are Planet 13’s in-house brands, we expect with the increase in production capacity to be able to capture a much larger share of SuperStore sales and expand into the wholesale market,” said Bob Groesbeck, Co-CEO of Planet 13.

The Production Facility offers an immersive experience to customers, featuring 115 feet of windows where visitors can watch and learn what goes into the creation of individual products. Interactive kiosks are available near the production viewing area to teach customers what goes into making their favourite product, offering Planet 13 a powerful branding opportunity.

The highly automated Production Facility utilizes robotics to lower costs and is capable of processing 600 lbs of plant biomass per day at full production, a throughput increase of approximately 1,300% from Planet 13’s current production facility. The expansion allows Planet 13 to increase the production of its existing *TRENDI* and Leaf & Vine vape and concentrate lines and begin production of its two new edible lines, HaHa Gummies and Dreamland Chocolates along with its beverage line, Elysium.

Cautionary Note Regarding Forward-Looking Information

This news release contains "forward-looking information" and "forward-looking statements" (collectively, "forward-looking statements") within the meaning of the applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking statements and are based on expectations, estimates and projections as at the date of this news release. Any statement that involves discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as "expects", or "does not expect", "is expected", "anticipates" or "does not anticipate", "plans", "budget", "scheduled", "forecasts", "estimates", "believes" or "intends" or variations of such words and phrases or stating that certain actions, events or results "may" or "could", "would", "might" or "will" be taken to occur or be achieved) are not statements of historical fact and may be forward-looking statements. In this news release, forward looking statements relate to, among other things, future expansion plans.

These forward-looking statements are based on reasonable assumptions and estimates of management of the Company at the time such statements were made. Actual future results may differ materially as forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to materially differ from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors, among other things, include: final regulatory and other approvals or consents; fluctuations in general macroeconomic conditions; fluctuations in securities markets; expectations regarding the size of the Nevada cannabis market and changing consumer habits; the ability of the Company to successfully achieve its business objectives; plans for expansion; political and social uncertainties; inability to obtain adequate insurance to cover risks and hazards; and the presence of laws and regulations that may impose restrictions on cultivation, production, distribution and sale of cannabis and cannabis related products in

the State of Nevada; and employee relations. Although the forward-looking statements contained in this news release are based upon what management of the Company believes, or believed at the time, to be reasonable assumptions, the Company cannot assure shareholders that actual results will be consistent with such forward-looking statements, as there may be other factors that cause results not to be as anticipated, estimated or intended. Readers should not place undue reliance on the forward-looking statements and information contained in this news release. The Company assumes no obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change, except as required by law.

The Company is indirectly involved in the manufacture, possession, use, sale and distribution of cannabis in the recreational and medicinal cannabis marketplace in the United States through its subsidiary MMDC. Local state laws where MMDC operates permit such activities however, these activities are currently illegal under United States federal law. Additional information regarding this and other risks and uncertainties relating to the Company's business are contained under the heading "Risk Factors" in the Company's annual information form dated April 30, 2019 filed on its issuer profile on SEDAR at www.sedar.com.
