NOTES TO THE INTERIM FINANCIAL STATEMENTS April 30, 2018 (Unaudited, in Canadian dollars)

1. Nature and Continuance of Operations

Innovative Properties Inc. (the "Company") was incorporated under the Business Corporations Act of British Columbia on October 31, 2002. In January 2018, the Company executed a binding letter of intent ("LOI") with Modular Block Mining Inc. ("Modular") whereby the Company will acquire 100% of the issued and outstanding securities of Modular in exchange for 68,500,000 common shares of the Company along with the issuance of 15,000,000 Performance Warrants that vest on completion of certain milestones. As a condition of the agreement, the Company agreed to undertake a financing to raise a minimum of \$4,000,000 and up to \$12,000,000 via the issuance of equity units at a price of \$0.40 per unit. Modular is an armslength private company that designs and develops application software. The Company has discontinued providing administrative services as it is no longer feasible. The Company's shares trade on the Canadian Securities Exchange ("CSE") under the symbol "INR".

These condensed interim financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. As at April 30, 2018, the Company is not able to finance its day-to-day activities through operations and incurs losses. The continuing operations of the Company are dependent upon its ability to identify a viable business opportunity and to attain profitable operations and generate funds therefrom. This indicates the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Management intends to finance operating costs with loans from directors and companies controlled by directors and or private placement of common shares. If the Company is unable to continue as a going concern, the net realizable value of its assets may be materially less than the amounts on its statement of financial position.

The head office, principal address and records office of the Company are located at Unit 488, 1090 West Georgia Street, Vancouver, British Columbia, Canada V6E 3V7.

NOTES TO THE INTERIM FINANCIAL STATEMENTS April 30, 2018 (Unaudited, in Canadian dollars)

2. Basis of Preparation and Significant Accounting Policies

Statement of Compliance

These condensed interim financial statements have been prepared in accordance with International Accounting Standards ("IAS") 34 *Interim Financial Reporting* and should be read in conjunction with the annual financial statements for the year ended October 31, 2017, which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

These condensed interim financial statements for the three and six-month periods ended April 30, 2018 were reviewed and authorized for issue by the Board of Directors on June 29, 2018.

Basis of Preparation

These condensed interim financial statements of the Company have been prepared on an accrual basis, except for cash flow information, and are based on historical costs, except for certain financial instruments measured at fair value. The financial statements are presented in Canadian dollars unless otherwise noted.

Significant Estimates and Assumptions

The preparation of financial statements in accordance with IFRS requires the Company to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and contingent liabilities at the date of the financial statements and the reported amount of revenue and expenses during the period. Actual results could differ from these estimates. The Company's management reviews these estimates and underlying assumptions on an ongoing basis, based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to estimates are adjusted for prospectively in the period in which the estimates are revised. Estimates and assumptions where there is significant risk of material adjustments to assets and liabilities in future periods include the recoverability and measurement of deferred tax assets, the valuation of marketable securities, the recoverability of trade receivables and impairment considerations for loans receivable.

2. Basis of Preparation and Significant Accounting Standards (Continued)

The most significant judgments in applying the Company's financial statements include the assessment of the Company's ability to continue as a going concern and whether the collection of revenue is reasonably assured.
