Re: Filing of an amended technical report entitled “The Excelsior Mineral Pile (EMP) and Quiulacoha Tailings (QT) associated with the Cerro de Pasco Mine, Cerro de Pasco District, Altiplano Region, North-Central Peru” (project SEDAR #02693289)

We wish to inform you that, with respect to the changes described below, the above mentioned document was filed today on SEDAR.

The technical report entitled “The Excelsior Mineral Pile (EMP) and Quiulacoha Tailings (QT) associated with the Cerro de Pasco Mine, Cerro de Pasco District, Altiplano Region, North-Central Peru” dated and issued on November 9, 2017 was amended and refiled in order to complement the sections under the headings “Interpretations and Conclusions” and “Recommendations” and to remove and clarify certain appendices.

Additionally, due to a change in the primary filer, please note that the amended version of the technical report is filed under a new SEDAR project number.

(s) Guy Goulet
President and Chief Executive Officer
