Dear Madam/Sir,

The Company has reviewed and made certain revisions to its 2022 Annual Statement of Payments filed on Sedar+ on November 1, 2023. Certain revisions were made following comments provided by the Extractive Sector Transparency & Taxation Division (“**ESTTD**”) Natural Resources Canada / Government of Canada. Revisions included rectifying a marking under the consolidation section, additional notes were added to disclose certain aspects of exchange ratios and all payee names were translated into English.

The report is still marked as an Original Submission at the request of the ESTTD.

We thank you for your cooperation,

Yours truly,

(signed) Guy Goulet
