Press Release

NWT Uranium Corp Purchases an Additional 11,765,000 Common Shares of URU Metals

Toronto, Ontario – NWT Uranium Corp. (TSX-V: NWT, Frankfurt: NMV) (“**NWT**” or “**The Company**”) would like to announce that it has purchased an additional 11,765,000 shares of URU Metals (LON: URU) (“**URU**”) through a wholly owned subsidiary. NWT now owns a cumulative 49,773,339 shares representing 43.94% of URU Metals.

URU Metals holds a total of eight highly prospective properties in Niger, one of the world's leading uranium producers. The eight concessions - named Irhazer, In Gall, Kamas 1 to 4 and Dabala 3 and 4 - cover 1,673,644 (6,773 square kilometers). URU also has investments in nickel projects in South Africa through a joint venture, and also has an interest UrAmerica Limited, a junior uranium mining company engaged in the identification, acquisition and exploration of high-quality assets in Latin America, particularly Argentina, Columbia and Paraguay.
