1. NATURE OF OPERATIONS

NWT Uranium Corp. (the "Company" or "NWT") was incorporated under the laws of the Province of Ontario, Canada by Articles of Incorporation dated September 26, 2003. The Company's shares are publicly traded on the TSX Venture Exchange (the "Exchange") under the symbol NWT.

The Company holds strategic investments in other companies. The primary office is located at 85 Richmond Street West, Suite 702, Ontario, M5H 2C9, Canada.

On January 14, 2013, the Company was advised by the Exchange that the Company has been deemed to have undertaken a change of business from a mining issuer to an investment issuer. Subsequently, the Company suspended trading of its shares effective August 27, 2013. As a result of the deemed change of business, the Company will be obtaining shareholder approval for the change of business and will be preparing an information circular in connection with obtaining such shareholder approval. The Company continues to work with the Exchange in order to ensure that all documentation and filings are acceptable to the Exchange in order for the Company to obtain Exchange approval for the change of business.

The Exchange deemed NWT to have undertaken a change of business due to the fact that NWT had purchased common shares of other TSX Venture Exchange issuers. During the year ended March 31, 2014, the Company retrospectively adopted the IASB issued Investment Entities (Amendments to IFRS 10 - "Consolidated Financial Statements", IFRS 12 - "Disclosure of Interest in Other Entities" and IAS 27 - "Separate Financial Statements") and changed its accounting policy regarding its investments (see note 3).

As an investment company, the Company will focus its resources on investments in other companies. The investment objective of the Company will be to provide its shareholders with long-term capital growth by investing in a diversified portfolio of public companies and commodities.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the IFRS Committee ("IFRIC"). These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRSs issued and outstanding as of November 28, 2014, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the year ended March 31, 2014, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual consolidated financial statements for the year ending March 31, 2015 could result in restatement of these unaudited condensed interim consolidated financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Changes in accounting policies

IAS 32 – Financial Instruments: Presentation (“IAS 32”) was amended by the IASB in December 2011 to clarify certain aspects of the requirements on offsetting. The amendments focus on the criterion that an entity currently has a legally enforceable right to set off the recognized amounts and the criterion that an entity intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The amendments to IAS 32 are effective for annual periods beginning on or after January 1, 2014. As at April 1, 2014, the Company adopted this pronouncement and there was no material impact on the Company's unaudited condensed interim consolidated financial statements.

(c) Recent Accounting Pronouncements

IFRS 9 – Financial instruments (“IFRS 9”) was issued by the IASB and will replace IAS 39 Financial Instruments: Recognition and Measurement (“IAS 39”). IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier adoption is permitted. The Company is in the process of assessing the impact of this pronouncement.

3. CHANGE IN ACCOUNTING POLICY

During the year ended March 31, 2014, the Company retrospectively adopted the IASB issued Investment Entities (Amendments to IFRS 10 - "Consolidated Financial Statements", IFRS 12 - "Disclosure of Interest in Other Entities" and IAS 27 - "Separate Financial Statements") which define an investment entity. The amendments require an investment entity to measure investments at fair value through profit or loss. As an investment company, the Company will focus its resources on investments in other companies. The investment objective of the Company will be to provide its shareholders with long-term capital growth by investing in a diversified portfolio of public companies and commodities.

Previously, the Company accounted for its investments as available-for-sale financial assets with changes recognized in other comprehensive (loss) income and accumulated in equity until the gain or loss was realized, at which time they were recorded in net (loss) income or using equity method. Under the new policy, the Company's investments are measured as financial assets classified as FVTPL with changes recognized in the consolidated statements of income (loss) and comprehensive income (loss).

5. CASH AND CASH EQUIVALENTS AND INVESTMENTS IN THE BANK OF CYPRUS

In March 2013, the Cyprus government reached an agreement with the Eurogroup to receive a 10 billion Euro loan to refinance its public debt and achieve its macroeconomic targets. As a condition of receiving the Eurogroup loan, Cyprus's two major banks, Laiki Bank and Bank of Cyprus were restructured to restore their capital requirements. The recapitalization involved a conversion of a portion of deposits in excess of 100,000 Euro held as at March 26, 2013 to equity in the Bank of Cyprus. The provisions of the recapitalization allowed for 37.5% of the excess amount to be converted to Class A shares, 22.5% of the excess amount to remain temporarily blocked and subject to total or partial conversion to Class A shares, and a further 30% of the excess amount to remain temporarily blocked, and the remaining 10% of the excess was unrestricted.

At March 26, 2013, the Company held $2,047,069 of cash in a Bank of Cyprus account which was subject to the provisions above. During fiscal 2013, the Company recorded a provision of $1,739,076 on these cash balances based on the current economic outlook.

In addition, the Company held common shares in the Bank of Cyprus as part of its portfolio of other investments. During fiscal 2013, the Company recorded an impairment loss of $3,058,586 on this investment of shares which included a reallocation of $1,708,739 of amounts previously recorded in other comprehensive loss.

Effective July 30, 2013, it was announced that the recapitalization of the Bank of Cyprus was completed. The impact of this announcement on the Company was the following:

- On August 12, 2013, Bank of Cyprus removed the restriction on GBP 376,008 ($625,640), which represented a restricted balance.

- On August 26, 2013, GBP 156,670 ($260,683), which was part of the 22.5% equity provision, was returned to the Company. This balance formed part of the provision on cash balances noted above.

- The Bank of Cyprus subsequently placed GBP 469,381 ($827,378) split evenly into three separate fixed term deposits of six, nine and twelve months. Bank of Cyprus will have the option to renew each of the fixed term deposits once for the same time duration of the original deposit. These deposits will accrue a rate of interest which will be higher than the corresponding market rates offered by Bank of Cyprus. The expectation is that the Bank of Cyprus will exercise their option to renew each of the fixed term deposits.

On January 30, 2014, the Company received a letter from the Bank of Cyprus stating that one of the three term deposits that were placed in fixed term deposits at the bank has been released, and was automatically placed in a one-month rollover account. The amount of this deposit is GBP 156,460 ($288,356).

During the year ended March 31, 2014, because certain deposits may not be available for withdrawal, the Company set up an allowance of $370,949 (GBP201,274) for the cash deposited in the Bank of Cyprus and did not reverse any of the prior year impairment.

On September 22, 2014, the Company paid $176,913 (EUR125,000) to acquire additional 520,833 units of common shares in the Bank of Cyprus. Due to lack of market information and credit risk of these investments, their fair value was written down to $nil by the Company for the three and six month period ended September 30, 2014.

As at September 30, 2014, cash on deposit includes $100,210 of unreserved cash in the Bank of Cyprus.

During the three and six months ended September 30, 2013, the Company recognized a loss recovery of $847,436, relating to previously recognized impairment losses. The treasury bill associated with the loss recovery amount has been fully redeemed by the Company during the three and six months ended September 30, 2013. There was no such recovery during the three and six months ended September 30, 2014.

The loan receivable was issued during 2009 to a consultant of the Company in the amount of US$201,000. This consultant provides consulting services related to the acquisition of properties in Asia, among other things. The consultant subsequently became a director and the President of the Company. The loan was provided for temporary housing and office space. As at September 30, 2014, the loan receivable is $175,141 (US$155,959) (March 31, 2014 - $172,011 (US$155,595) (Note 17).

The terms of the loan are as follows:

- Interest will be paid annually, prior to the end of the calendar year;
- The interest rate on the loan will be the same rate (1%) as is used to calculate taxable benefits for employees and shareholders per Canada Revenue Agency;
- The term of the loan is 20 years, renewable at the option of the Company;
- Minimum annual principal repayment is USD$10,050;
- Any annual principal repayment amounts in excess of the minimum annual principal repayment amount can be carried forward to reduce the minimum amount of principal repayments required in subsequent years; and
- The loan is unsecured and can be repaid at any time without penalty.

18. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data or other means. Level 3 inputs are unobservable (supported by little or no market activity). The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

(a) Assets and liabilities measured at fair value on a recurring basis:

As at September 30, 2014	**Quoted prices in active markets for identical assets (Level 1)**	**Significant other observable inputs (Level 2)**	**Significant unobservable inputs (Level 3)**	**Aggregate fair value**
