

Quinsam Reports Q3 Earnings of \$0.03 per share and Provides Monthly Update for October 2014

NOT FOR DISSEMINATION IN THE UNITED STATES OR FOR DISTRIBUTION BY ANY UNITED STATES NEWS DISTRIBUTION SERVICE

Toronto, Ontario – November 4, 2014 - Quinsam Capital Corporation (CSE:QCA) ("**Quinsam**" or the "**Company**") today announced results for the third quarter ending September 30, 2014.

In the third quarter of 2014, Quinsam earned \$0.03 per share versus \$0.00 in the preceding year. Revenue increased from nil to \$690,950. Roger Dent said "We are very pleased to have registered very robust earnings of \$0.03 of EPS in the third quarter despite volatile market conditions." Important drivers of performance in Q3 were strong performance by investments in EnerDynamic Hybrid Technologies Corp. and Nuvo Research Inc.

"Operating expenses came in as anticipated at only \$19,209, which includes \$6,194 in non-cash costs related to stock-based compensation. We are working diligently to manage our expenses tightly for the benefit of shareholders."

Subsequent to quarter end, Quinsam announced its first dividend in the amount of \$0.001 per share, payable on November 7, 2014.

Full quarterly results are available on SEDAR.

October Update

Quinsam completed the purchase of two investments of particular note in October: Solarvest BioEnergy Inc. ("Solarvest") and Commercial Royalty Capital Corp. ("Commercial Royalty")

We invested as part of a small group to provide commercialization capital to Solarvest. Solarvest has developed an algae-based method for the production of vegan, organic Omega-3 fatty acids. "We see this as a very interesting product with large revenue potential" said Roger Dent. Subsequent to making its investment, Quinsam was engaged as a financial advisor to Solarvest. This was the first of what Quinsam hopes will be several financial advisory contracts, which will help reduce Quinsam's operating costs even further.

Commercial Royalty is a new private company that intends to enter the royalty finance business. Royalty companies have recently met with good success on Canadian stock markets. We were able to acquire a position in the company's seed financing round at what we feel was a very at-

tractive valuation. We also like the fact that we co-invested with a number of other institutional investors who can help contribute to the success of Commercial Royalty.

Performance Update

The Company closed October with a total portfolio of \$2.4 million. As at the end of the preceding month, the unaudited total value of the Quinsam's cash and equity investments was approximately \$2.6 million. "October, like September, was a very difficult market for Canadian small cap stocks. The general negative market tone was exacerbated, we think, by signs of year-end tax-loss selling" said Roger Dent. "While tax loss selling at this time of the year is a recurring factor, it can often be followed by a strong rebound in companies shares in late December and the early part of the new year."

An important component of our business strategy is the accumulation of purchase warrants at little or no cost. Quinsam now holds approximately 2.1 million warrants with an aggregate basic exercise value of approximately \$1.1 million. The exercise value is not an indication of the economic value of the warrants; we provide it to investors so they can understand the amount of upside leverage that we are accumulating through our warrant portfolio. We value unlisted warrants at intrinsic value, which we see as being a conservative approach.

About Quinsam Capital Corporation

Quinsam is a merchant bank based in Canada. Our merchant banking business may encompass a range of activities including acquisitions, advisory services, lending activities and portfolio investments. Quinsam invests its capital for its own account in assets, companies or projects which we believe are undervalued and where we see a viable plan for unlocking such value. We do not invest on behalf of any third party and we do not offer investment advice.

Generally, Quinsam does not believe that individual investments are material reportable events. Quinsam chooses to announce certain investments once the company is certain that it has finished buying its position because the Company feels that this information helps investors in Quinsam understand its investment decision making process. Generally, Quinsam does not announce the sale of investments.
