MIDLANDS RE-FILES UNAUDITED INTERIM STATEMENTS

TORONTO, CANADA: Tuesday, June 28th, 2011: Midlands Minerals Corporation (“Midlands” or the “Company”) announces that, pursuant to a review by the Ontario Securities Commission’s Corporate Finance Branch, it has filed revised unaudited interim financial statements for the three months ended March 31, 2011. Page 6 of the previously filed statements was revised in accordance with the OSC request.

The Company also advises that Mr. Keith Baptist, who was not standing for re-election at the 2011 AGM, has resigned as a director of the Corporation as he was unavailable to participate in current discussions. Kim Harris, President and CEO of Midlands stated, “Midlands thanks Mr. Baptist for his previous service and significant contributions to the Company.”

ABOUT MIDLANDS MINERALS

Midlands is a growth oriented and value based gold exploration company operating in Ghana and Tanzania, two stable countries with a history of gold mining. Midlands’ top priority project is the fully permitted Sian gold project in Ghana. The Sian property contains Esaase and Ampeha, two previously producing open pit mines with a resource with significant growth potential. Midlands’ contiguous Kwahu Praso project, which was once part of Sian, contains extensions of the Esaase and Ampeha trends. Sian and Praso are just 30 kilometres northeast of Newmont Mining’s +8.7 million-ounce Akyem gold deposit.

Midlands’ second priority project in Ghana is the highly prospective Kaniago gold project, which is located on the Asankrangwa Gold Belt and is contiguous to two past open pit gold producers – Abore to the north and Obotan to the south.

Midlands also holds highly prospective licences for gold and diamonds in the Lake Victoria Goldfields in Tanzania, including its advanced Itilima Gold Project, which lies within the Geita-Bulyanhulu-Sekenke Trend, which is host to over 40 million ounces in gold reserves, and has now added to its Tanzania portfolio with the acquisition of the New Kilindi-Handeni prospecting licences.

The Company has a highly qualified management and technical team with broad African experience and extensive experience in the countries in which the Company operates. For more information on the Company, please visit Midlands’ website at www.midlandsminerals.com.
