International Arbitration Tribunal Rules in favour of Khan on Jurisdiction

TORONTO, ONTARIO, Canada, July 26, 2012 – Khan Resources Inc. (CNSX:KRI) ("Khan" or the "Company") is pleased to announce that the Tribunal hearing the Company's \$200 million international arbitration action against the Government of Mongolia has ruled entirely in Khan's favour on matters of jurisdiction and has dismissed all of Mongolia's objections to the continuance of the suit. The action will now progress to the phase in which the panel will rule as to the merits of the arbitral claims and the amount of damages suffered by Khan arising from the Mongolian Government's expropriatory and unlawful treatment of Khan in relation to the Dornod uranium deposit located in northeastern Mongolia. Khan initiated the international arbitration suit in January, 2011.

Mr. Grant Edey, President and Chief Executive Officer of Khan, commented "We are pleased that the Tribunal has validated Khan's initiatives to achieve recourse to damages suffered by our shareholders. Our treasury is well-funded and we will continue to vigorously pursue this action to its logical end to receive value for our investments in Mongolia."

Khan will immediately commence preparatory activities for the upcoming merits/damages phase of the proceedings.

Forward-Looking Statements and Information

This press release may contain forward-looking statements and forward-looking information, which are subject to certain risks, uncertainties and assumptions. Forward-looking statements and information are characterized by words such as "will", "plan", "expect", "project", "intend", "believe", "anticipate", "forecast", "schedule", "estimate" and similar expressions, or statements that certain events or conditions "may" or "will" occur. Forward-looking statements and information are not historical facts and are based upon a number of estimates and assumptions and are inherently subject to significant business, social, economic, political, regulatory, competitive and other risks and uncertainties, contingencies and other factors, including the impact of international, Mongolian and Canadian laws, trade agreements and regulatory requirements on Khan's business, properties, licenses, operations and capital structure, Khan's ability to re-instate or re-register the Dornod uranium project licenses, regulatory uncertainty and obtaining governmental and regulatory approvals, legislative, political, social, regulatory and economic developments or changes in jurisdictions in which Khan carries on business, the nature and outcome of pending and future litigation, arbitration and other legal proceedings, the speculative nature of exploration and development, risks involved in the exploration, development and mining business, changes in market conditions, changes or disruptions in the securities markets and market fluctuations in prices for Khan securities, the existence of third parties interested in purchasing some or all of the common shares or Khan's assets, the method of funding and availability of any potential alternative strategic transactions involving Khan or its assets, including those transactions that may produce strategic value to shareholders, the need to obtain, maintain and/or re-register licenses and permits and comply with national and international laws, regulations, treaties or other similar requirements, and uncertainty in the

estimation of mineral reserves and resources. In addition, a number of other factors could cause actual results to differ materially from the results discussed in such statements and information, and there is no assurance that actual results will be consistent with them. For further details, reference is made to the risk factors discussed or referred to in Khan's annual and interim management's discussion and analyses and Annual Information Form on file with the Canadian securities regulatory authorities and available on SEDAR at www.sedar.com. Such forward-looking statements and information are made or given as at the date of this news release, and Khan assumes no obligation to update or revise them, either publicly or otherwise, to reflect new events, information or circumstances, except as may be required under applicable securities law.
