Vancouver, BC – Resinco® Capital Partners Inc. ("Resinco") announces that it is publishing its net asset value (NAV) for the end of November 2012. As of November 30th, 2012 Resinco's unaudited NAV per share was \$0.086. The closing price of \$0.04 on November 30th, 2012 represents a 53% discount to the NAV.

### **Use of Non-GAAP Financial Measures**

NAV is a non-GAAP financial measure calculated as the value of total assets less the value of total liabilities divided by the total number of common shares outstanding as at a specific date. The term NAV does not have any standardized meaning according to GAAP and therefore may not be comparable to similar measures presented by other companies. There is no comparable measure presented in Resinco's financial statements and thus no applicable quantitative reconciliation for such non-GAAP financial measure.
