

Resinco® Capital Partners Inc. Announces Adoption of Monthly Net Asset Value Publication Strategy

February 18, 2011

TSX: RIN
FWB: L6V

Vancouver, BC – Resinco® Capital Partners Inc. ("Resinco") announces that based on significant ongoing investor interest, Resinco has decided to publish its net asset value ("NAV") on a monthly basis. The NAV will be published within 20 days of the end of each month.

As of January 31st, 2011 Resinco's unaudited NAV per share was \$0.22. The closing price of \$0.14 on January 31st, 2011 represents a 36% discount to the NAV.

"Resinco's net asset value is a key metric for investors looking at the development of our enterprise value," said John Icke, President and CEO. "The current net asset value is significantly higher than our market capitalization. By publishing the NAV monthly, we will indicate to the financial community the investment opportunity represented by our current share price."

Use of Non-GAAP Financial Measures

NAV is a non-GAAP financial measure calculated as the value of total assets less the value of total liabilities divided by the total number of common shares outstanding as at a specific date. The term NAV does not have any standardized meaning according to GAAP and therefore may not be comparable to similar measures presented by other companies. There is no comparable measure presented in Resinco's financial statements and thus no applicable quantitative reconciliation for such non-GAAP financial measure.
