"Hein Poulus"

Director, CEO and Chairman

MANAGEMENT INFORMATION CIRCULAR FOR THE 2017 ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS

This information is given as at May 19, 2017

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Management Information Circular (the "Information Circular") is being mailed by the management of **RESINCO CAPITAL PARTNERS INC.** (the "Company") to everyone who was a shareholder of record of our company on May 19, 2017, which is the date that has been fixed by the directors of the Company as the record date to determine the shareholders who are entitled to receive notice of the Meeting.

We are mailing this Information Circular in connection with the solicitation of proxies by and on behalf of our management for use at the Annual General and Special Meeting of the shareholders of the Company that is to be held on June 23, 2017, at 9:00 a.m. (Vancouver time) at the offices of Stikeman Elliott LLP, Suite 1700 Park Place, 666 Burrard Street, Vancouver, BC (the "Meeting"). The solicitation of proxies will be primarily by mail. Certain employees or directors of the Company may also solicit proxies by telephone or in person. The cost of solicitation will be borne by the Company.

Under our Articles, at least two shareholders must be present in person or represented by proxy holding or representing not less than 5% of the shares entitled to vote at the Meeting before any action may validly be taken at the Meeting. If such a quorum is not present in person or by proxy, we will reschedule the Meeting.

References to dollars (\$) in this Information Circular shall mean Canadian dollars unless otherwise indicated.

PROXY INSTRUCTIONS

Appointment of Proxy

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a member shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

In order to be valid, you must return the completed form of proxy to our Transfer Agent, Computershare Investor Services, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1. Vote by phone: a) Registered Shareholders 1-866-732-VOTE (8683); or b) Beneficial Shareholders: 1-866-734-VOTE (8683); or c) online at www.investorvote.com, or by mail or by hand not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

The instrument of proxy must be signed by the member or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the member is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a

notarially certified copy thereof. The articles of the Company confer discretionary authority upon the Chairman of the Meeting to accept proxies which do not strictly conform to the foregoing requirements and certain other requirements set forth in the articles.

Voting by Proxy and Exercise of Discretion

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the member in respect of voting for or against any resolution will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

REVOCATION OF PROXIES

Any registered shareholder who has returned a proxy may revoke it at any time before it has expired. In addition to revocation in any other manner permitted by law, a member may revoke a proxy either by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, or (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a member present in person, whereupon such proxy shall be deemed to have been revoked. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders (as defined below under "Non-Registered Holders of Common Shares") who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

NON-REGISTERED HOLDERS OF COMPANY'S SHARES

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are "non-registered" shareholders ("Non-Registered Holders") because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased their shares. In addition, a person is not a registered shareholder in respect of shares which are held on behalf of that person but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 ("NI 54-101") of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Instrument of Proxy (collectively, the "Proxy Solicitation Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Proxy Solicitation Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them or unless there is a special meeting involving abridged timing under NI 54-101. Very often, Intermediaries will use service companies, such as Broadridge, to forward the Proxy Solicitation Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived

the right to receive Proxy Solicitation Materials, or where there is a special meeting involving abridged timing under NI 54-101, will either:

- (a) be given a form of proxy which **has already been signed by the Intermediary** (typically by facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise incomplete. Because the Intermediary has already signed the form of Proxy, this form of Proxy is not required to be signed by the Non-Registered Holder when submitting the Proxy. In this case, the Non-Registered Holder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and **deposit it with the Transfer Agent as provided above**; or
- (b) more typically, be given a voting instruction form which is **not signed by the Intermediary**, and which when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company** (such as Broadridge), will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. In the alternative, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own. Should a Non-Registered Holder who received one of the above mentioned forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders named in the form and insert their own name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary or its agents, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

The Proxy Solicitation Materials are not being sent to registered or beneficial owners using the Notice and Access procedures contained in NI 54-101. The Company is sending the Proxy Solicitation Materials directly to non-objecting beneficial holders (as defined in NI 54-101). The Company will not pay for intermediaries to deliver the Proxy Solicitation Materials to objecting beneficial holders (as defined in NI 54-101), and objecting beneficial holders will not receive the Proxy Solicitation Materials unless their intermediary assumes the cost of delivery.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the directors or senior officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or senior officers of the Company since the commencement of the Company's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Company consists of an unlimited number of common shares without par. As at May 19, 2017, there are 123,019,885 common shares issued and outstanding. Each common share carries the right to one vote. At a general meeting of the Company, on a show of hands, every member present in person shall have one vote and, on a poll, every member shall have one vote for each share of which he is the holder.

Only shareholders of record on the close of business on the May 19, 2017, who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the

heading "Appointment and Revocation of Proxies" will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

To the best knowledge of the directors and senior officers of the Company, the only persons or corporations who beneficially own, directly or indirectly, or exercise control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company are:

NAME OF SHAREHOLDER	NUMBER OF SHARES	PERCENTAGE OF ISSUED AND OUTSTANDING SHARES
Hein Poulus	21,497,518	17.47%

The above information was supplied to the Company by the shareholders and from the insider reports available at www.sedi.ca.

BUSINESS OF THE MEETING

ITEM 1 - FINANCIAL STATEMENTS

The financial statements of the Company for the fiscal year ended December 31, 2016, will be placed before you at the Meeting.

ITEM 2 - ELECTION OF DIRECTORS

Majority Voting Policy

The board of directors has adopted a majority voting policy which requires that any nominee for election as a director in an uncontested election, who receives a greater number of votes "withheld" from his or her election than votes "for" such election, will promptly tender his or her resignation to the board, to be effective upon the board's acceptance. The board of directors will promptly, and in any event within 90 days of the final voting results, accept the tendered resignation unless it determines that there are extraordinary circumstances relating to the composition of the board or the voting results that should delay the acceptance of the resignation or justify rejecting it. Subject to any corporate law restrictions, the board may leave a resulting vacancy unfilled until the next annual meeting of shareholders, fill the resulting vacancy through the appointment of a new director, or call a special meeting of shareholders to consider another nominee for election to fill the vacancy.

Nominees for Election

At the Meeting, management of the Company proposes to nominate the persons listed below for election as directors (the "Nominees"). Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. There are four Nominees proposed by management for election as directors at the Meeting. Management does not contemplate that any of these Nominees will be unable to serve as a director. Each director elected will hold office until the next annual meeting of the Company, until his successor is elected or appointed or until he resigns.

Unless you give other instructions, the shares represented by proxy will, on a poll, be voted for the Nominees herein listed.

- (d) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Hein Poulus was a director of Sheen Resources Ltd. (“Sheen”) at the date of a trading suspension issued by the TSX Venture Exchange on April 19, 2010 for failure by Sheen to maintain a transfer agent and at the date of a cease trade order issued by British Columbia Securities Commission on May 5, 2010 and re-issued June 10, 2010, by the Ontario Securities Commission on June 30, 2010 for failure to file audited financial statements and management’s discussion and analysis for the year ended December 31, 2009 on time and interim financial statements and management’s discussion and analysis for the three months ended March 31, 2010. The suspensions and cease trade orders remain in effect as of the date of this circular. *Hein Poulus* resigned as a director of Sheen in October 2010.

Andrew Lee Smith was a director and President and Chief Executive Officer of Canaco Resources Inc. (“Canaco”) (now Orca Gold Inc.) when in April 2012, Canaco received inquiries from the British Columbia Securities Commission (the “Commission”) regarding the grant of certain stock options and its disclosure practices. The Commission continued with its inquiries and a hearing by the Commission commenced in January 2013 and by August 7, 2013 the allegations in the notice of hearing were dismissed.

ITEM 3 - APPOINTMENT OF THE AUDITOR

Grant Thornton, LLP, Chartered Accountants have served as auditors of the Company since October 30, 2012.

The Company’s management recommends that shareholders vote FOR the appointment of Grant Thornton, LLP, Chartered Accountants, as the Company’s auditor for the ensuing year and grant the Board of Directors the authority to determine the remuneration to be paid to the auditor.

Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the appointment of Grant Thornton, LLP to act as our auditor until the close of our next annual general meeting and to authorize the Board of Directors to fix the remuneration to be paid to the auditor.

ITEM 4 - APPROVAL OF STOCK OPTION PLAN

The Board of Directors of the Company wish to have shareholders approve its stock option plan (the “**Plan**”) pursuant to which the Company may grant incentive stock options to directors, officers, employees, and consultants of the Company or any of its affiliates (“**Eligible Persons**”). In accordance with the rules and policies of the TSX Venture Exchange (the “**TSX-V**”), shareholders must each year approve the Plan. The policies require that a stock option plan must specify a maximum number of shares issuable under it, which number can later be increased to a higher specified number only if authorized by the shareholders and accepted by the TSX-V.

The Plan permits the granting of options of up to 10% of the common shares of the Company issued and outstanding at the date of grant.

The directors are of the view that it is in the best interests of the Company to approve the Plan, which will enable the directors to grant options to Eligible Persons as a means of rewarding positive performance and providing incentive to attract and retain personnel to effectively manage the affairs of the Company.

To summarize, the Plan authorizes the Board of Directors to grant stock options to the Eligible Persons on the following terms:

1. The number of shares subject to each option is determined by the Board of Directors provided that the Plan, together with all other previously established or proposed share compensation arrangements may not, during any 12 month period, result in:
 - (a) the issuance of stock options to any one person, within that period, of a number of shares exceeding 5% of the issued shares of the Company;
 - (b) the issuance, within that period, to insiders of the Company of a number of shares exceeding 10%, or to one insider of a number exceeding 5%, or to a consultant of a number exceeding 2%; the aggregate number of shares granted to all eligible recipients employed to provide investor relations activities (as defined by the TSX-V) must not exceed 2% of the issued shares of the Company and such options must vest in stages over 12 months with no more than 25% of the options vesting in any three month period.
2. The aggregate number of shares which may be issued pursuant to options granted under the Plan, inclusive of options granted and outstanding under the previous stock option plan, may not exceed 10% of the issued and outstanding shares of the Company as at the date of the grant (after giving effect to the amendment described above).
3. The exercise price of options must be determined by the Board of Directors in compliance with applicable stock exchange policies.
4. The Plan provides that options are exercisable for ten years unless the Board of Directors provides for another exercise period when the options are granted in compliance with applicable stock exchange policies.
5. Options granted under the Plan are non-assignable and non-transferable. The options can only be exercised by the option holder as long as the option holder remains an Eligible Person pursuant to the Plan or within a period of not more than 90 days (30 days for providers of investor relations services) after ceasing to be an Eligible Person or, if the option holder dies or can no longer serve the Company due to disability, within the earlier of (a) the applicable expiry date of the option, and (b) 365 days from the date of the optionee's death or disability.
6. The options granted pursuant to the Plan will be vested on a basis to be determined by the directors and may be vested immediately upon granting.
7. On the occurrence of certain "substitution events" (including certain reorganizations, amalgamations, mergers or business combinations and takeover bids), all outstanding options will vest.
8. The Plan treats options held by employees who are no longer able to serve the Company due to disability the same way as options held by deceased option holders.
9. The Plan provides that if a consultant holding options becomes another kind of Eligible Person at the termination of a consulting contract - (e.g. if a consultant is hired as an employee), he or she will continue to hold the options granted when a consultant. Similarly, if an Eligible Person who is not a consultant becomes a consultant, he or she will continue to hold the options granted to him or her prior to becoming a consultant.
10. The Board of Directors has the discretion (subject to applicable stock exchange rules) to extend the expiry dates of options granted to consultants following the termination of a consulting agreement in the same way it can extend the expiry dates of options granted to other option holders following termination of service to the Company.

Recommendation

The Board of Directors is of the view that the Plan provides the Company with the flexibility necessary to attract and maintain the services of senior management and other employees in competition with other companies in the mineral resource industry. A copy of the Plan will be available for inspection at the Meeting. A Shareholder may also obtain a copy of the Plan by contacting the Company at 604-536-2711. Directors shall also have the authority

to amend the Plan to reduce the benefits to its participants if in their discretion it is necessary or advisable in order to obtain any necessary regulatory approvals.

Shareholders will be asked to ratify, confirm and approve the renewal of the Plan based on the following resolution. The affirmative vote of a majority of the votes cast in respect thereof is required in order to pass such resolution.

Management of the Company recommends that shareholders vote in favour and unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the ordinary resolution approving renewal of the Plan.

“BE IT RESOLVED that:

1. The approval of the Company’s Stock Option Plan (the “Plan”) be confirmed and approved;
2. The Company be authorized to grant stock options for up to 10% of the common shares of the Company outstanding from time to time pursuant and subject to the terms and conditions of the Plan;
3. All existing stock options shall be subject to the provisions of the Plan;
4. The Board of Directors be authorized on behalf of the Company to make any amendments to the Plan as may be required by regulatory authorities, without further approval of the Shareholders of the Company, in order to ensure regulatory approval of the Plan; and
5. Any one director or officer of the Company be and he is hereby authorized and directed to do all such acts and things and to execute and deliver under the corporate seal or otherwise all such deeds, documents, instruments and assurances as in his opinion may be necessary or desirable to give effect to this resolution.”

ITEM 5 - APPROVAL OF SHARE CONSOLIDATION

Management believes that it may be both desirable and in the best interests of the Company to present to the meeting resolutions which would authorize the Company to consolidate its share capital (the “**Share Consolidation**”) which if passed can be acted upon by the Board of Directors without the need for the Company to convene a further meeting of shareholders to consider the same item of business. If the Share Consolidation resolution is passed and acted upon by the Company, the objective of the Company would be to secure a restructured share capital which would provide the Company with greater flexibility in future acquisitions and financings.

As at the record date, the authorized share capital of the Company consists of an unlimited number of common shares of which 123,019,885 shares are issued and outstanding. In the event the Share Consolidation resolution is passed and thereafter acted upon by the Board the authorized share capital of the Company will continue to consist of an unlimited number of common shares without par value, of which approximately 6,150,994 common shares would be issued and outstanding if the share consolidation ratio is implemented, the ratio of one (1) new common share being issued for each twenty (20) previously held common shares. The Share Consolidation resolution will provide the directors with sole and exclusive authority to determine whether the Share Consolidation should be acted upon and discretion to amend the consolidation ratio as deemed appropriate, the consolidation ratio not to exceed 20:1.

No fractional shares will be issued as a result of the Share Consolidation. In the event a shareholder’s holdings following the share consolidation would result in the issuance of fractional shares, the holdings of that shareholder would be rounded down to the nearest whole number of shares.

Should the Share Consolidation become effective, letters of transmittal will be sent to all holders of common shares for use in transmitting their old share certificates to the Company’s registrar and transfer agent, Computershare Investor Services of Canada, for exchange into new certificates representing the number of common shares to which such shareholder is entitled as a result of the Share Consolidation. Upon return of a properly completed letter of transmittal, together with certificates evidencing the old common shares of the Company, certificates for the

appropriate number of new consolidated common shares will be issued at no charge. No certificates for fractional consolidated common shares will be issued.

Should the Share Consolidation become effective, the number of shares reserved for issuance by the Company, including those shares reserved for issuance pursuant to the Company's stock option plan or outstanding warrants will be adjusted to give effect to the Share Consolidation, such that the number of consolidated common shares issuable on the exercise of options or warrants will equal to the number obtained when the number of common shares issuable is divided by the conversion number and the exercise prices of outstanding stock options and warrants to purchase consolidated common shares will be equal the price obtained by multiplying the existing exercise price by the conversion number.

In accordance with the Articles of the Company and the *Business Corporations Act (British Columbia)*, the consolidation of common share capital of the Company must be approved by a simple majority of the votes cast at the Meeting.

Management of the Company recommends that shareholders vote in favour and unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the ordinary resolution of the share consolidation.

The following is the text of the ordinary resolution that is presented to shareholders:

"BE IT RESOLVED that:

- (a) The Company's share capital be altered by consolidating 123,019,885 issued common shares without par value in the capital of the Company (or such other number of fully paid and issued common shares that are outstanding on the effective date of the Share Consolidation) on the basis of twenty (20) old common shares of the Company being consolidated into one (1) new common share of the Company or such other consolidation ratio as the Board of Directors and management of the Company may deem appropriate, subject to the consent and approval of the TSX-V;
- (b) any fractional shares of the Company arising from the Share Consolidation be rounded down to the nearest whole share of the Company;
- (c) the directors of the Company, in their sole and complete discretion, be empowered to effect the Share Consolidation and to determine the actual Share Consolidation ratio (such ratio not to exceed twenty (20) old common shares for one (1) new common share, or if deemed appropriate and without any further approval from the shareholders of the Company, may choose not to act upon this resolution notwithstanding shareholder approval of the Share Consolidation;
- (d) should the directors of the Company choose to act upon this resolution to effect the Share Consolidation and subject to the deposit of this resolution at the Company's records office, any one director or officer of the Company is authorized and directed to electronically file or cause to be filed, a Notice of Alteration with the Registrar of Companies of British Columbia, and
- (e) any one director or officer of the Company is authorized and directed on behalf of the Company to take all necessary steps and proceedings, and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things as may be necessary or desirable to give effect to these resolutions."

The foregoing resolution permits the Board of Directors, without further approval from the shareholders, to proceed with the Share Consolidation at any time following the Meeting up to the date of the Company's next Annual Meeting.

The Company's name may also change in connection with the Share Consolidation at the discretion of the Board of Directors of the Company. The Company cannot proceed with the proposed Share Consolidation without prior approval of the TSX-V. If shareholders pass the resolutions and the TSX-V approves the Share Consolidation and possible name change, the Share Consolidation and possible name change, will take effect on a date to be coordinated with the TSX-V and announced in advance by the Company. Alternatively, the Board of Directors may

choose not to proceed with the Share Consolidation if the Board of Directors, in their discretion, deems that it is no longer desirable to do so.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. Compensation for this fiscal year and prior fiscal years have historically been based upon a negotiated salary or fee, with stock options and bonuses potentially being issued and paid as an incentive for performance.

Consistent with this philosophy, the following goals provide a framework for our executive officers compensation program:

- Pay competitively to attract, retain, and motivate executive officers;
- Relate total compensation for each executive officer to overall company performance;
- Aggregate the elements of total compensation to reflect competitive market requirements and to address strategic business needs;
- Expose a portion of each executive officer's compensation to risk, the degree of which will positively correlate to the level of the named executive officer's responsibility and performance; and
- Align the interests of our executive officers with those of our shareholders.

The Company's directors or Named Executive Officer's ("NEO") are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Oversight of Executive Compensation Program

The Board of Directors is responsible for determining all forms of compensation to be granted to the Chief Executive Officer of the Company and the directors, and for reviewing the Chief Executive Officer's recommendations respecting compensation of the other senior executives of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its executive officers, the Board considers the following issues: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general.

In order to achieve these objectives, the compensation paid to the Company's executive officers consists of a base salary and long-term incentives in the form of stock options. The Company did not pay a salary or fees to the Chief Executive Officer in the year ended December 31, 2016.

Option-based Awards – Stock Option Plan

The Board of Directors has the responsibility to administer compensation policies related to executive management of the Company, including option-based awards. (see "Business of the Meeting – Approval of Stock Option Plan") (the "Plan").

Shareholders have approved the Plan pursuant to which the Board of Directors may grant stock options to executive officers and directors. The Plan provides compensation to participants and an additional incentive to work toward long-term Company performance.

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. The Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of the Company's shareholders.

The Plan provides that stock options may be granted to directors, senior officers, employees, consultants or consultant companies of the Company or any of its affiliates.

Compensation Philosophy

As discussed in further detail below, the Company's compensation program is comprised of salaries or fees and option-based awards granted pursuant to the Plan.

Salary and Fees

The Company's view is that a competitive salary is a necessary element for attracting and retaining qualified executive officers. The Company also believes that attractive salaries or fees can motivate and reward executives for their overall performance. The amount payable to a NEO as a salary or fee may be based on several factors, including experience, past performance, anticipated future contributions, and comparisons to salaries and fees offered by other comparable companies. The Board of Directors reviews salaries and fees at least once per year to ensure they remain at appropriate levels.

Stock Options

The Company provides its executives with strong incentives for long-term performance in the form of stock options through its Plan. The Board of Directors believes that stock options help the Company attract, motivate and retain key individuals. Initial grants of stock options to new executives facilitate the recruitment of new employees while ensuring the long-term interest of such executives.

Summary Compensation Table

The following table sets forth all compensation for the periods indicated in respect of the individuals who served as the Chief Executive Officer and Chief Financial Officer of the Company at any time during the financial year of the Company, and all other executive officers of the Company who received, during the financial year of the Company salary in excess of \$150,000 (collectively the "NEOs"). CORPORATE GOVERNANCE

The following is a summary of certain aspects of the Company's approach to corporate governance.

Composition of the Board and Independence

The Board adopted a Charter mandating its responsibilities for the stewardship of the business and for acting in the best interests of the Company and its shareholders. Pursuant to the Charter, the Board discharges its responsibilities directly and through its Committees of the Board, currently consisting of the Audit Committee. The Board assigns to this Committee the general responsibility for developing the Company's approach to financial reporting and internal controls.

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of at least half of independent directors. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Company's board of directors, be reasonably expected to interfere with the exercise of a director's independent judgment. The Board is currently comprised of four directors, three of whom are considered to be independent. *Ronald Shorr, Scott Close and Andrew Lee Smith* are all considered to be independent. *Hein Poulus* is not considered independent due to his shareholding position as well as his position as President and Chief Executive Officer. Mr. Hein Poulus was appointed CEO on June 17, 2015.

The Board facilitates its exercising of independent supervision over the Company's at the Meeting management through meetings of the board of directors, both with and without members of the Company's management (including members of management that are also directors) being in attendance.

The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business in the ordinary course, managing the Company's cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of a majority of independent directors.

Directorship

The following is a list of each director or nominee director of the Company who is also a director of other reporting issuers (or equivalent) in a Canadian or foreign jurisdiction:

<u>Name of director</u>	<u>Other reporting issuer</u>
Ronald Shorr	Technical Advisory Board of Gespeg Arizona Silver Exploration Inc.
Andrew Lee Smith	East Africa Metals Inc. Nickel North Exploration Corp. Scorpio Gold Corporation True North Gems Inc. Ultra Lithium Inc.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. New directors also receive historical public information about the Company and the mandates of the committees of the Board. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business. In addition, new directors are encouraged to visit and meet with management on a regular basis and to pursue continuing education opportunities where appropriate.

Ethical Business Conduct

The Board has approved a Code of Business Conduct and Ethics (the "Code") to be followed by the Company's directors, officers, employees and principal consultants. The Code is also to be followed, where appropriate, by the Company's agents and representatives, including consultants where specifically required. The purpose of the Code is to, among other things, promote honest and ethical conduct, avoid conflict of interest, protect confidential or proprietary information and comply with the applicable government laws and securities rules and regulations. In the event that a director, officer or employee departs from the Code, the Company is authorized to file a material change report. The Board does not actively monitor compliance with the Code, but requires prompt notification of apparent or real breaches so that it may investigate and take action. The Code has been circulated to all employees.

When proposed transactions or agreements in which directors or officers may have an interest, material or not, are presented to the Board, such interest is disclosed and the persons who have such an interest are excluded from all discussion on the matter and are not allowed to vote on the proposal.

Nomination of Directors

The Board has disbanded its nominating committee because the Board now fulfills these functions. Once a decision has been made to add or replace a director, proposals are put forth by the Board and considered and discussed. If a candidate looks promising, the Board will conduct due diligence on the candidate and, if the Board is satisfied with the results, the candidate is invited to join the board.

Compensation

The Board of Directors is responsible for determining all forms of compensation to be granted to the Chief Executive Officer of the Company and the directors, and for reviewing the Chief Executive Officer's recommendations respecting compensation of the other senior executives of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its executive officers, the Board considers the following issues: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general. In order to achieve these objectives, the compensation paid to the Company's executive officers consists of a base salary and long-term incentive in the form of stock options.

AUDIT COMMITTEE

The Audit Committee is ultimately responsible for the policies and practices relating to integrity of financial and regulatory reporting, as well as internal controls to achieve the objectives of safeguarding of corporate assets; reliability of information; and compliance with policies and laws. The Board of Directors of the Company adopted an Audit Committee Charter mandating the role of the Audit Committee in supporting the Board of Directors in meeting its responsibilities to the shareholders. The Audit Committee Charter is attached hereto as Appendix "A".

Composition of the Audit Committee

The members of the audit committee are Ronald Shorr (Chairman), Scott Close and Andrew Lee Smith. All members are considered to be financially literate and independent.

A member of the audit committee is *independent* if the member has no direct or indirect material relationship with the Company.
