**Item 5 Full Description of Material Change**

**5.1 Full Description of Material Change**

The Company announced that it has made an investment into Global Blockchain Technologies Corp. (CSE: BLOC)(“BLOC”). BLOC is a Vancouver-based technology company that provides investors with access to a mixture of strategically-chosen assets in the blockchain space, selected to balance stability and growth by some of the earliest adopters of blockchain technology. Generally, most investors must undergo a tedious and complex process of research to make investments in the blockchain ecosystem. BLOC takes a “basket” approach, giving investors simplified exposure to the industry with holdings primarily in blockchain solutions and cryptocurrencies incubated by BLOC, and secondarily in best-of-breed blockchain and cryptocurrency ventures from other companies.

The Company subscribed for 8,333,333 Common Shares at a price of \$0.30 per Common Share for a total price of \$2,500,000.

The Company is also pleased to announce the appointment of Mr. Troy Grant to the Company’s Board of Directors following the resignation of Kyle Stevenson and Ronald Shorr as directors.
