

**MANAGEMENT INFORMATION CIRCULAR
FOR THE 2018 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

This information is given as at August 16, 2018

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Management Information Circular (the "Information Circular") is being mailed by the management of **RESINCO CAPITAL PARTNERS INC.** (the "Company") to everyone who was a shareholder of record of our company on August 16, 2018, which is the date that has been fixed by the directors of the Company as the record date to determine the shareholders who are entitled to receive notice of the Meeting.

We are mailing this Information Circular in connection with the solicitation of proxies by and on behalf of our management for use at the Annual General Meeting of the shareholders of the Company that is to be held on September 20, 2018, at 10:00 a.m. (Vancouver time) at Suite 810 – 789 West Pender Street, Vancouver, British Columbia V6C 1H2 (the "Meeting"). The solicitation of proxies will be primarily by mail. Certain employees or directors of the Company may also solicit proxies by telephone or in person. The cost of solicitation will be borne by the Company.

Under our Articles, at least two shareholders must be present in person or represented by proxy holding or representing not less than 5% of the shares entitled to vote at the Meeting before any action may validly be taken at the Meeting. If such a quorum is not present in person or by proxy, we will reschedule the Meeting.

References to dollars (\$) in this Information Circular shall mean Canadian dollars unless otherwise indicated.

PROXY INSTRUCTIONS

Appointment of Proxy

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a member shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

In order to be valid, you must return the completed form of proxy to our Transfer Agent, National Issuer Services Ltd. at their offices located at 760 – 777 Hornby Street, Vancouver, British Columbia, V6Z 1S4, by mail, or by fax at 604-559-8908, or by email at proxy@transferagent.ca, or by mail or by hand not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

The instrument of proxy must be signed by the member or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the member is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The articles of the Company confer discretionary authority upon the Chairman of the Meeting to accept proxies which do not strictly conform to the foregoing requirements and certain other requirements set forth in the articles.

Voting by Proxy and Exercise of Discretion

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the member in respect of voting for or against any resolution will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

REVOCATION OF PROXIES

Any registered shareholder who has returned a proxy may revoke it at any time before it has expired. In addition to revocation in any other manner permitted by law, a member may revoke a proxy either by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, or (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a member present in person, whereupon such proxy shall be deemed to have been revoked. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders (as defined below under "Non-Registered Holders of Common Shares") who wish to change their vote must arrange for their respective intermediaries to revoke the proxy on their behalf.**

NON-REGISTERED HOLDERS OF COMPANY'S SHARES

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are "non-registered" shareholders ("Non-Registered Holders") because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased their shares. In addition, a person is not a registered shareholder in respect of shares which are held on behalf of that person but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 ("NI 54-101") of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Instrument of Proxy (collectively, the "Proxy Solicitation Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Proxy Solicitation Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them or unless there is a special meeting involving abridged timing under NI 54-101. Very often, Intermediaries will use service companies, such as Broadridge, to forward the Proxy Solicitation Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Proxy Solicitation Materials, or where there is a special meeting involving abridged timing under NI 54-101, will either:

- (a) be given a form of proxy which **has already been signed by the Intermediary** (typically by facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise incomplete. Because the Intermediary has already signed the form of Proxy,

this form of Proxy is not required to be signed by the Non-Registered Holder when submitting the Proxy. In this case, the Non-Registered Holder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and **deposit it with the Transfer Agent as provided above**; or

- (b) more typically, be given a voting instruction form which is **not signed by the Intermediary**, and which when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company** (such as Broadridge), will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. In the alternative, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own. Should a Non-Registered Holder who received one of the above mentioned forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders named in the form and insert their own name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary or its agents, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

The Proxy Solicitation Materials are not being sent to registered or beneficial owners using the Notice and Access procedures contained in NI 54-101. The Company is sending the Proxy Solicitation Materials directly to non-objecting beneficial holders (as defined in NI 54-101). The Company will not pay for intermediaries to deliver the Proxy Solicitation Materials to objecting beneficial holders (as defined in NI 54-101), and objecting beneficial holders will not receive the Proxy Solicitation Materials unless their intermediary assumes the cost of delivery.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the directors or senior officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or senior officers of the Company since the commencement of the Company's last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Company consists of an unlimited number of common shares without par. As at August 16, 2018, there are 46,141,007 common shares issued and outstanding. Each common share carries the right to one vote. At a general meeting of the Company, on a show of hands, every member present in person shall have one vote and, on a poll, every member shall have one vote for each share of which he is the holder.

Only shareholders of record on the close of business on the August 16, 2018, who either personally attend the Meeting or who complete and deliver an instrument of proxy in the manner and subject to the provisions set out under the heading "Appointment and Revocation of Proxies" will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

To the best knowledge of the directors and senior officers of the Company, no persons or corporations beneficially own, directly or indirectly, or exercise control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company.

BUSINESS OF THE MEETING

ITEM 1 - FINANCIAL STATEMENTS

The financial statements of the Company for the fiscal year ended December 31, 2017, will be placed before you at the Meeting.

ITEM 2 - ELECTION OF DIRECTORS

Majority Voting Policy

The board of directors has adopted a majority voting policy which requires that any nominee for election as a director in an uncontested election, who receives a greater number of votes “withheld” from his or her election than votes “for” such election, will promptly tender his or her resignation to the board, to be effective upon the board’s acceptance. The board of directors will promptly, and in any event within 90 days of the final voting results, accept the tendered resignation unless it determines that there are extraordinary circumstances relating to the composition of the board or the voting results that should delay the acceptance of the resignation or justify rejecting it. Subject to any corporate law restrictions, the board may leave a resulting vacancy unfilled until the next annual meeting of shareholders, fill the resulting vacancy through the appointment of a new director, or call a special meeting of shareholders to consider another nominee for election to fill the vacancy.

Nominees for Election

At the Meeting, management of the Company proposes to nominate the persons listed below for election as directors (the “Nominees”). Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. Each director elected will hold office until the next annual meeting of the Company, until his successor is elected or appointed or until he resigns.

Unless you give other instructions, the shares represented by proxy will, on a poll, be voted for the Nominees herein listed.

Compensation Discussion and Analysis

Compensation Philosophy

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. Compensation for this fiscal year and prior fiscal years have historically been based upon a negotiated salary or fee, with stock options and bonuses potentially being issued and paid as an incentive for performance.

Consistent with this philosophy, the following goals provide a framework for our executive officers compensation program:

- Pay competitively to attract, retain, and motivate executive officers;
- Relate total compensation for each executive officer to overall company performance;
- Aggregate the elements of total compensation to reflect competitive market requirements and to address strategic business needs;
- Expose a portion of each executive officer’s compensation to risk, the degree of which will positively correlate to the level of the named executive officer’s responsibility and performance; and
- Align the interests of our executive officers with those of our shareholders.

The Company's directors or NEOs are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Oversight of Executive Compensation Program

The Board of Directors is responsible for determining all forms of compensation to be granted to the CEO of the Company and the directors, and for reviewing the CEO's recommendations respecting compensation of the other senior executives of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its executive officers, the Board considers the following issues: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general.

In order to achieve these objectives, the compensation paid to the Company's executive officers consists of a base salary and long-term incentives in the form of stock options. The Company did not pay a salary or fees to the CEO in the year ended December 31, 2017.

Option-based Awards – Stock Option Plan

The Board of Directors has the responsibility to administer compensation policies related to executive management of the Company, including option-based awards.

Shareholders of the Company have approved the Plan (as hereinafter defined) pursuant to which the Board of Directors may grant stock options to executive officers and directors. The Plan provides compensation to participants and an additional incentive to work toward long-term Company performance.

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. The Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of the Company's shareholders.

The Plan provides that stock options may be granted to directors, senior officers, employees, consultants or consultant companies of the Company or any of its affiliates.

Compensation Philosophy

As discussed in further detail below, the Company's compensation program is comprised of salaries or fees and option-based awards granted pursuant to the Plan.

Salary and Fees

The Company's view is that a competitive salary is a necessary element for attracting and retaining qualified executive officers. The Company also believes that attractive salaries or fees can motivate and reward executives for their overall performance. The amount payable to a NEO as a salary or fee may be based on several factors, including experience, past performance, anticipated future contributions, and comparisons to salaries and fees offered by other comparable companies. The Board of Directors reviews salaries and fees at least once per year to ensure they remain at appropriate levels.

Stock Options

The Company provides its executives with strong incentives for long-term performance in the form of stock options through its Plan. The Board of Directors believes that stock options help the Company attract, motivate and retain key individuals. Initial grants of stock options to new executives facilitate the recruitment of new employees while ensuring the long-term interest of such executives.

Director and NEO compensation, excluding stock options and other compensation securities

The following table sets forth all compensation paid, payable, awarded, granted, given, or otherwise provided, directly or indirectly, by the Company, to each NEO and director of the Company, in any capacity, including, for greater certainty, all plan and non-plan compensation, direct and indirect pay, remuneration, economic or financial award, reward, benefit, gift or perquisite paid, payable, awarded, granted, given or otherwise provided to the NEO or a director of the Company for services provided and for services to be provided, directly or indirectly, to the Company, for each of the Company's two most recent completed financial years.

Stock Option Plan

The Board of Directors of the Company administers the stock option plan (the “**Plan**”) pursuant to which the Company may grant incentive stock options to directors, officers, employees, and consultants of the Company or any of its affiliates (“**Eligible Persons**”).

The Plan permits the granting of options of up to 10% of the common shares of the Company issued and outstanding at the date of grant.

To summarize, the Plan authorizes the Board of Directors to grant stock options to the Eligible Persons on the following terms:

1. The number of shares subject to each option is determined by the Board of Directors provided that the Plan, together with all other previously established or proposed share compensation arrangements may not, during any 12 month period, result in:
 - (a) the issuance of stock options to any one person, within that period, of a number of shares exceeding 5% of the issued shares of the Company;
 - (b) the issuance, within that period, to insiders of the Company of a number of shares exceeding 10%, or to one insider of a number exceeding 5%, or to a consultant of a number exceeding 2%; the aggregate number of shares granted to all eligible recipients employed to provide investor relations activities (as defined by the TSX-V) must not exceed 2% of the issued shares of the Company and such options must vest in stages over 12 months with no more than 25% of the options vesting in any three month period.
2. The aggregate number of shares which may be issued pursuant to options granted under the Plan, inclusive of options granted and outstanding under the previous stock option plan, may not exceed 10% of the issued and outstanding shares of the Company as at the date of the grant (after giving effect to the amendment described above).
3. The exercise price of options must be determined by the Board of Directors in compliance with applicable stock exchange policies.
4. The Plan provides that options are exercisable for ten years unless the Board of Directors provides for another exercise period when the options are granted in compliance with applicable stock exchange policies.
5. Options granted under the Plan are non-assignable and non-transferable. The options can only be exercised by the option holder as long as the option holder remains an Eligible Person pursuant to the Plan or within a period of not more than 90 days (30 days for providers of investor relations services) after ceasing to be an Eligible Person or, if the option holder dies or can no longer serve the Company due to disability, within the earlier of:
 - (a) the applicable expiry date of the option, and
 - (b) 365 days from the date of the optionee's death or disability.
6. The options granted pursuant to the Plan will be vested on a basis to be determined by the directors and may be vested immediately upon granting.
7. On the occurrence of certain “substitution events” (including certain reorganizations, amalgamations, mergers or business combinations and takeover bids), all outstanding options will vest.
8. The Plan treats options held by employees who are no longer able to serve the Company due to disability the same way as options held by deceased option holders.
9. The Plan provides that if a consultant holding options becomes another kind of Eligible Person at the termination of a

consulting contract - (e.g. if a consultant is hired as an employee), he or she will continue to hold the options granted when a consultant. Similarly, if an Eligible Person who is not a consultant becomes a consultant, he or she will continue to hold the options granted to him or her prior to becoming a consultant.

10. The Board of Directors has the discretion (subject to applicable stock exchange rules) to extend the expiry dates of options granted to consultants following the termination of a consulting agreement in the same way it can extend the expiry dates of options granted to other option holders following termination of service to the Company.

CORPORATE GOVERNANCE

The following is a summary of certain aspects of the Company's approach to corporate governance.

Composition of the Board and Independence

The Board adopted a Charter mandating its responsibilities for the stewardship of the business and for acting in the best interests of the Company and its shareholders. Pursuant to the Charter, the Board discharges its responsibilities directly and through its Committees of the Board, currently consisting of the Audit Committee. The Board assigns to this Committee the general responsibility for developing the Company's approach to financial reporting and internal controls.

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of at least half of independent directors. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Company's board of directors, be reasonably expected to interfere with the exercise of a director's independent judgment. The Board is currently comprised of three directors, two of whom are considered to be independent. *Messrs. Lis and Grant* are both considered to be independent. *Alexander Somjen* is not considered independent due to his position as President and Chief Executive Officer.

The Board facilitates its exercising of independent supervision over the Company's at the Meeting management through meetings of the board of directors, both with and without members of the Company's management (including members of management that are also directors) being in attendance.

The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business in the ordinary course, managing the Company's cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

The Board facilitates its exercise of independent supervision over management by ensuring that the Board is composed of a majority of independent directors.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business and industry and on the responsibilities of directors. New directors also receive historical public information about the Company and the mandates of the committees of the Board. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business. In addition, new directors are encouraged to visit and meet with management on a regular basis and to pursue continuing education opportunities where appropriate.

Ethical Business Conduct

The Board has approved a Code of Business Conduct and Ethics (the "Code") to be followed by the Company's directors, officers, employees and principal consultants. The Code is also to be followed, where appropriate, by the Company's agents and representatives, including consultants where specifically required. The purpose of the Code is to, among other things, promote honest and ethical conduct, avoid conflict of interest, protect confidential or proprietary information and comply with the applicable government laws and securities rules and regulations. In the event that a director, officer or employee departs from the Code, the Company is authorized to file a material change report. The Board does not actively monitor compliance with the Code, but requires prompt notification of apparent or real breaches so that it may investigate and take action. The Code has been circulated to all employees.

When proposed transactions or agreements in which directors or officers may have an interest, material or not, are presented to the Board, such interest is disclosed and the persons who have such an interest are excluded from all discussion on the matter and are not allowed to vote on the proposal.

Nomination of Directors

The Board has disbanded its nominating committee because the Board now fulfills these functions. Once a decision has been made to add or replace a director, proposals are put forth by the Board and considered and discussed. If a candidate looks promising, the Board will conduct due diligence on the candidate and, if the Board is satisfied with the results, the candidate is invited to join the board.

Compensation

The Board of Directors is responsible for determining all forms of compensation to be granted to the Chief Executive Officer of the Company and the directors, and for reviewing the Chief Executive Officer's recommendations respecting compensation of the other senior executives of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its executive officers, the Board considers the following issues: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general. In order to achieve these objectives, the compensation paid to the Company's executive officers consists of a base salary and long-term incentive in the form of stock options.

Other Board Committees

The Board has appointed an Audit Committee and no others. A description of the function of the Audit Committee can be found at Audit Committee Information.
