*About Vancity Green List*

Vancity is a leading website application that connects personal use cannabis growers and local dispensaries. With the legalization of cannabis products, personal use cannabis growers will have the opportunity to have four plants within their household. With the yield that comes from these cannabis plants, there will be a surplus that can be commercialized.

Vancity has created a local database for personal use growers and local dispensaries. Everyday personal use growers will be able to upload their cannabis products for sale and the local dispensaries can login and search through the hundreds of personal use growers and the products that they want to sell. Vancity

will be the leading business system that will connect personal use growers and local dispensaries while helping to eliminate the national shortage for cannabis products throughout Canada.
