

OPERATIONS UPDATE: GLOBAL CARE PORTFOLIO COMPANY, ASIC POWER COMPANY RECEIVES AUGUST REVENUE FROM ITS FIRST ROYALTY STREAMING DEAL

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

September 9th, 2021 – Vancouver, BC – Global Care Capital Inc. (CSE:HLTH, FRANKFURT: L6V2) (the “**Company**” or “**Global Care**”) a global investment company which engages in early-stage investment opportunities in private and public companies, is pleased to announce that its wholly owned subsidiary, ASIC Power Company (“**ASIC**”) received net income for the period from August 2nd until September 3rd, 2021 of 1.32779163 BTC equaling approximately \$85,000 CAD with a current BTC price of \$64,928.94 CAD per BTC as of September 6th 2021. Our daily average over the last 3 days amounted to 0.04023611. This is higher than the average in the prior months and due to a lower mining difficulty level in the first half of August and colder climate in the second half, allowing the ASIC miners to run at a higher speed. At the current price and mining level, the Company expects to break even within less than a year. The coins will be liquidated to FIAT. If Global Care successfully changes its status from Investment Issuer to Single Purpose Company, the royalty stream will be held in its treasury as part of a “HODL” strategy and not immediately converted to FIAT. Global Care also plans to utilize derivatives to hedge the Company’s spot position.

About ASIC Power Company

ASIC gives mining companies access to its innovative cryptocurrency mining streaming contracts and chip pipeline through its partnerships with leading hardware producers. It intends to identify low cost, renewably powered mining operations to implement new financing strategies in the form of royalties and streaming contracts globally.
