DEER HORN UPDATE ON AIRBORNE SURVEY

Delta, British Columbia August 28 2012 – Deer Horn Metals Inc. (“Deer Horn”) (TSX.V - DHM). Deer Horn Metals has received the initial results of the recently completed airborne survey conducted on the Deer Horn property located in West Central British Columbia approximately 36 kilometers South of the Huckleberry Mine.

The company is pleased with the survey results conducted over our current exploration targets, namely the gold-silver tellurium zone as well as the tungsten zone. In addition the company is intrigued by the presence of a geophysical target located to the east of our exploration area. Further work will be needed to explore this target.

On behalf of the board of directors of
