### **Deer Horn Provides Default Status Report**

**Vancouver, BC, Canada, December 13, 2016 – Deer Horn Capital Inc.** (CSE: DHC) (the “Company” or “Deer Horn”), hereby provides a status update to the management cease trade order (the “MCTO”) issued by the British Columbia Securities Commission on November 29, 2016. On November 29, 2016, the Company announced that its annual financial statements, the related management’s discussion and analysis and the related officer certifications for the financial year ended July 31, 2016 (collectively, the “Annual Filings”) will be delayed beyond the filing deadline of November 28, 2016.

As previously reported, the reason for the default in filing the Annual Filings prior to the required deadline is that the Company has insufficient funds to pay for such audit. The Company is working towards closing its previously announced private placement and thereafter completing the year-end audit as soon as reasonably practicable. It was previously anticipated that the Company would complete such financing by the end of the December, 2016; however, the Company now estimates that the financing and the year-end audit will be completed in January 2017.

The Company confirms that it intends to satisfy the alternative information guidelines found in National Policy 12-203 for as long as the MCTO is in effect. Additionally, the Company confirms that as of the date hereof, it is not aware of any other material information concerning its affairs which has not generally been disclosed.

#### **About Deer Horn**

Deer Horn Capital is exploring and developing the Deer Horn Property, a rich gold and silver project with high tellurium grades. The Deer Horn Property, located in north-central British Columbia, has produced positive economics in a Preliminary Economic Analysis and, to our knowledge, hosts Canada’s only NI 43-101 tellurium resource.

#### **Forward-looking information**

All statements included in this press release that address activities, events or developments that the Company expects, believes or anticipates will or may occur in the future are forward-looking statements. In particular, this news release contains forward-looking information regarding the timing of completing and filing of the Annual Filings and the completion of a previously announced private placement offering. These forward-looking statements involve numerous assumptions made by the Company based on its experience, perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances. These assumptions include, but are not limited to: future costs and expenses being based on historical costs and expenses, adjusted for inflation; and market demand for, and market acceptance of, the Offering. In addition, these statements involve substantial known and unknown risks and uncertainties that contribute to the possibility that the predictions, forecasts, projections and other forward-looking statements will prove inaccurate, certain of which are beyond the Company’s control. Readers should not place undue reliance on forward-looking statements. Except as required by law, the Company does not intend to revise or update these forward-looking statements after the date hereof or revise them to reflect the occurrence of future unanticipated events.
