1. ORGANIZATION AND NATURE OF OPERATIONS AND GOING CONCERN

Darien Business Development Corp. ("Darien" or the "Company") was incorporated under the Alberta Business Corporations Act on November 23, 2004. Effective March 14, 2017, the Company changed its name from Dynamic Oil & Gas Exploration Inc. to Darien Business Development Corp. and the Company consolidated its common shares on the basis of one new common share for every ten old common shares issued and outstanding at that time. All references to share and per share amounts in these financial statements have been retroactively restated to reflect the share consolidation. The Company's main activities during the six months ended June 30, 2018 were maintaining its public listing and pursuing potential business opportunities as they arise. The Company is listed on the TSX Venture Exchange's NEX board under the trading symbol "DBD.H". The Company's head office is located at Suite 410, 1040 West Georgia Street, Vancouver, BC V6E 4H1.

These condensed interim financial statements have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. At June 30, 2018, the Company had accumulated losses of \$15,985,269 (2017 - \$15,964,429) since its inception and expects to incur further losses in the development of its business. For three six months ended June 30, 2018 the Company experienced a loss of \$20,840 (2017 - \$55,444) and used \$20,640 (2017 - \$55,192) of cash in operations before non-cash working capital items. These factors indicate a material uncertainty that casts significant doubt upon the Company's ability to continue as a going concern and, therefore, that it may be unable to discharge its liabilities in the normal course of business.

While management has been successful in securing financing in the past, there can be no assurance it will be able to do so in the future or that financing will be available on terms which are acceptable to the Company. These condensed interim financial statements do not give effect to any adjustments to the amounts and classifications of assets and liabilities which might be necessary should the Company be unable to continue its operations as a going concern.

2. BASIS OF PRESENTATION

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended December 31, 2017, which have been prepared in accordance with IFRS as issued by IASB.

The Company uses the same accounting policies and methods of computation as in consolidated financial statements for the year ended December 31, 2017. These condensed interim financial statements were approved by the board of directors for use on August 10, 2018.

For the three and six months ended June 30, 2018 and 2017 (Unaudited - expressed in Canadian Dollars)

3. ACCOUNTING STANDARDS

The following standard was adopted by the Company during the period:

IFRS 9 Financial Instruments

The IASB has issued a new standard, IFRS 9, Financial Instruments ("IFRS 9"), which replaces IAS 39, "Financial Instruments: Recognition and Measurement" ("IAS 39"). IFRS 9 uses a single approach to determine whether a financial asset or liability is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. For financial assets, the approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. IFRS 9 requires a single impairment method to be used, replacing multiple impairment methods in IAS 39. For financial liabilities measured at fair value, fair value changes due to changes in an entity's credit risk are presented in other comprehensive income. The adoption of this standard did not have a material measurement or disclosure impact on the Company' financial statements.

4. CRITICAL ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

For full details on the critical accounting estimates, judgements and assumptions affecting the Company, please refer to the Company's annual financial statements and notes for the year ended December 31, 2017.
