SEDAR

TO WHOM IT MAY CONCERN:

**Re: Nanosphere News Release
Project Number 02876230**

Please find enclosed a revised news release for Project Number 02876230.

The company filed a news release to SEDAR on Feb. 21, 2019, which contained a factual error, in that the expiration of the hold period for a recent financing was stated to be April 15, 2019, when it is actually June 22, 2019.

The correction for a press release filed with SEDAR on Feb. 21, 2019 replaces a single sentence in the second paragraph, which stated, "All securities are subject to a statutory hold period expiring April 15, 2019."

The hold period does not expire until June 22, 2019, and this filing corrects that earlier statement, providing the following correction, "All securities issued are subject to a statutory hold period expiring June 22, 2019."

This change was made on Feb. 21, 2019, and we are filing it to SEDAR today, Feb. 22, 2019.

If further information is required please do not hesitate to contact us.
