About Maple Leaf Green World Inc.

Maple Leaf is a Canadian company that focuses in the agricultural/environmental industry with three main areas of activity:

1. **Eco-Agriculture** - it pursues several projects around the world. In China, it is focused on growing value-added tree seedlings and nursery products that assist with anti-desertification.
2. **Renewable Energy** - it pursues various renewable energy projects around the world, including Yellowhorn in China which would provide valuable Yellowhorn seeds and ultimately oil from such seeds for the manufacture of bio-diesel fuel and premium healthy cooking oil.
3. **Canadian MMPR** - It pursues opportunities within the medical cannabis industry. If and when a MMPR license is obtained and through an agreement to lease a greenhouse facility with Woodmere Nursery Ltd., it will become a Canadian producer. It is currently seeking a Canadian MMPR licensed producer status to grow medical cannabis in Canada for domestic consumption and export to approved countries.

4. California Project – It pursues opportunities within the medical cannabis industry in various States that have legalized marijuana. It is currently joint ventured with a California non-profit collective to set up a growing facility.
