

Maple Leaf Hosts Shareholder Reception

(TSX-V: MGW, OTCQB: MGWFF)

Jan. 9, 2017 –\$0.72

CALGARY, Jan. 9, 2017 /CNW/ - Maple Leaf Green World (MGW-V) ("**Maple Leaf**" or the "**Company**") is pleased to announce the Company will be hosting an information session and reception for shareholders in Calgary on the evening of February 4, 2017.

The Company's management team, including its project managers and chief growers from all three of its existing marijuana projects in Canada and the United States, will be in attendance at the event. In addition to its Calgary based management team, all chief growers and project managers namely, Joe Wong (British Columbia), Brian and Dillon Patterson (California), Matt Berger (Bubba Kush), and Paul Holbert and Bill Monroe (Nevada) will be attending this special event. The reception is intended to provide an opportunity for Maple Leaf's shareholders, as well as other interested observers, including market and media professionals, to meet with and ask questions of the Company's management group. Maple Leaf hopes that all attendees will find the event informative and engaging as the Company enters a new growth phase for 2017 and beyond.

As the seating for this function is limited, the Company requests that interested individuals register for the event by visiting the Company's website and completing the registration form on or before January 18, 2017 to reserve their seat. The Company reserves the right to limit the number of guests for this event due to the limited seating available at the venue.

About Maple Leaf Green World Inc.

Maple Leaf Green World Inc. is a Canadian company that focuses on the cannabis industry in North America. With over 10 years extensive greenhouse management experience, it applies its eco- agriculture knowledge and cultivation technology to produce contaminant-free organic cannabis products. The Company is currently involved in three cannabis projects:

1. Canada – The Company has applied for an ACMPR license for an 80,000 sq ft greenhouse complex in B.C. in August 2014 and is now in Stage 5 (Review) with Health Canada.
2. California – The Company is in a joint venture with a Non- Profit Co-Op to cultivate cannabis for its members. The Company owns 20 acres of land and has 2 greenhouses in production since September 2016. The site on which the joint venture operates has capacity for additional greenhouses. Maple Leaf is also in the process of applying for a cultivation license in the San Diego area.
3. Nevada – The Company is in the process to acquire a cultivation permit for a 33,500 sq ft facility from an existing licensee and has plans for a facility operating in the city of Henderson, 15 miles from Las Vegas.

Maple Leaf's long-term objective is to produce cannabis oil and export its products to approved countries.
