

**Maple Leaf Green World Inc. Provides First Biweekly Status Pursuant to  
National Policy 12-203**

**REVISED NEWS RELEASE FOR IMMEDIATE RELEASE**

**May 27, 2024**

**CALGARY, ALBERTA** – Maple Leaf Green World Inc. (“**Maple Leaf**” or the “**Company**”), (CSE: **MGW**), (OTCQB: **MGWFF**), is providing a bi-weekly default status update in accordance with National Policy 12-203 - Management Cease Trade Orders (“**NP 12-203**”).

As previously announced on April 12, 2024 (the “**Default Announcement**”), the Company applied for the MCTO due to a delay in the filing of the audited consolidated financial statements for the year ended December 31, 2023, annual management's discussion and analysis for the same period and management certifications of annual filings (collectively, the “**Filings**”). The MCTO was granted by the Alberta Securities Commission on May 8, 2024, and the Company continues to work diligently with its auditors and expects to file the Filings as soon as possible and in any event on or about June 30, 2024.

The MCTO restricts the Company's Chief Executive Officer and Chief Financial Officer from trading in the Company's securities but does not affect the ability of other shareholders, including the public, to trade in securities of the Company.

The Company confirms that since the date of the Default Announcement: (i) other than as described above, there has been no material change to the information set out in the Default Announcement that has not been generally disclosed, (ii) there has been no failure by the Company in fulfilling its stated intentions with respect to satisfying the provisions of the alternative information guidelines set out in NP 12-203; (iii) there has not been any other specified default by the Company under NP 12-203, and (iv) there is no material information concerning the affairs of the Company that has not been generally disclosed.

The Company confirms that it will continue to satisfy the provisions of the alternative information guidelines under NP 12-203 by issuing bi-weekly default status reports in the form of news releases for so long as it remains in default of the above-noted filing requirements.
