

**Maple Leaf Green World Inc. Has Appointed
Green Castle Environmental Ltd. as the Project Manager for
Its Zero-Emission Affordable Housing Project
in The Alberta Palliser Region.**

FOR IMMEDIATE RELEASE

November 06, 2024

CALGARY, ALBERTA – Maple Leaf Green World Inc. (“**Maple Leaf**” or the “**Company**”), (CSE: **MGW**), (OTCIQ: **MGWFF**), is pleased to announce it has signed a Joint Venture Agreement (“The JV”) with Green Castle Environmental Ltd. (“Green Castle”) of Carbon, Alberta to develop the Green Housing Project (“The project”) in the Palliser Region of Alberta. Green Castle will be appointed as the Project Manager.

The housing shortage problem in the Palliser Region is serious especially when various industries are planning to establish operational bases in the Region, they need affordable housing for their employees. Maple Leaf is taking the initiative to provide affordable and energy efficient housing in the Region with the assistance of Green Castle.

Under the JV Agreement, Maple Leaf will contribute all the deemed necessary capital and Green Castle will contribute its service, skill, labor and construction expertise for this Project. The net profit of this Project will be split in certain agreed percentage between the parties.

Green Castle has been building commercial, residential and agricultural buildings in Alberta and B.C. since 1996. It has been a licensed builder since August 2022. It is also in the process of building a HE-RTM facility in Oyen, Alberta to facilitate the production of prefabricated and Ready To Move (RTM) affordable houses.

In addition, Green Castle has also involved in assisting renowned Canadian Artist; Dean Bauche, to create a series of woven copper sculptures that were featured in an art exhibit at the Chapel Gallery in North Battleford, Saskatchewan, and involved in building solar projects in Diamond Valley, Alberta and Surrey B.C. as well.

“I am excited to joint hand with Maple Leaf to build energy efficient affordable houses in the Palliser Region as the demand for housing has increased significantly due to the invigoration of the Region’s economy. “Said Bryce Brodie, the President of Green Castle Environmental Ltd.

Green Castle’s first task will be to set up a capital budget and to locate suitable sites for building one or two show homes in the Palliser Region with the collaboration of the town officials in the Palliser Region.
