

EnviroGold Global Limited to Commence Trading on the Canadian Securities Exchange

Company will commence trading on the CSE under the symbol “NVRO”

TORONTO, July 15th, 2021 – EnviroGold Global Limited (“**EnviroGold**” or the “**Company**”) (CSE:NVRO), a clean technology company accelerating the world’s transition to a circular resource economy, today announced that its common shares have been approved for listing on the Canadian Securities Exchange (the “**CSE**”). The Company expects to begin trading on the CSE under the ticker symbol “NVRO” as of market open on July 16th, 2021 (EST).

“Obtaining a listing on a major securities exchange is an important milestone in the growth of our Company. We are grateful for the support of our shareholders and the efforts of our experienced, talented team,” said Dr. Mark Thorpe, EnviroGold Global’s CEO. “We believe this listing will enhance our visibility and liquidity, strengthen and broaden our shareholder base, and pave the way for accelerated growth as we create long-term value for shareholders, stakeholders and the environment by leading the future of a sustainable, circular economy in metals & mining.”

A Listing Statement with additional details about the Company, prepared in accordance with the policies of the CSE, has been filed on SEDAR at www.sedar.com under the Company’s profile.

About EnviroGold

Headquartered in Toronto, Canada, EnviroGold is a clean technology company capitalizing environmental stewardship and sustainably supplying the world’s increasing demand for precious, critical, and strategic metals by profitably reclaiming unrecovered value from mine tailings and resource development waste streams. EnviroGold leverages proprietary technology, superior operationalized knowledge, and an agile, efficient culture to recover valuable metals, recharge critical natural resources and accelerate the world’s transition to a sustainable circular resource economy. EnviroGold has acquired remediation rights to precious, critical and strategic mine tailing sites across North America and is actively expanding the Company’s significant reprocessing pipeline.
