

SECOVA ANNOUNCES CLOSING OF PRIVATE PLACEMENT

Vancouver, B.C., April 23, 2013 (TSX-V: - SEK) - Secova Metals Corp. ("Secova" or the "Corporation") is pleased to announce the closing of its non-brokered private placement (the "Offering") of common shares (the "Shares") previously announced on February 6, 2013. Secova issued a total of 7,960,000 Shares at a price of \$0.05 per Share for gross proceeds of \$398,000 in connection with the Offering. Certain directors and officers of the Corporation purchased an aggregate 1,990,000 and pro-group subscribers purchased an aggregate 1,900,000 Shares under the Offering.

Secova also issued an additional 163,200 Shares, at a deemed price of \$0.05 per Share, representing 8% of the number of Shares sold attributable to a finder in connection with the Offering.

All securities issued under the Offering are subject to a 4-month hold period from the date of issue, expiring August 20, 2013. This news release does not constitute an offer to sell or solicitation of an offer to buy any of the Company's securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

The proceeds from the Offering will be used for general working capital purposes.

Forward-Looking Statements: This Secova Metals News Release may contain certain "forward-looking" statements and information relating to Secova which are based on the beliefs of Secova management, as well as assumptions made by and information currently available to Secova management. Such statements reflect the current risks, uncertainties and assumptions related to certain factors including, without limitations, exploration and development risks, expenditure and financing requirements, title matters, operating hazards, metal prices, political and economic factors, competitive factors, general economic conditions, relationships with vendors and strategic partners, governmental regulation and supervision, seasonality, technological change, industry practices, and one-time events. Should any one or more of these risks or uncertainties materialize or change, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein. The potential for Secova to replicate historical resource estimates or grades, or for new data to expand tonnage or grade, is conceptual and is based on historical reports which have not been verified by a qualified person. There is a risk that planned exploration and test work will not result in the delineation of NI 43-101 compliant resource estimates or verify historically reported grades.
