

Dear Shareholder;

June, 2016

Management has proposed changing the name of the corporation to Peloton Minerals Corporation and a resolution to approve this change is enclosed for your consideration. **There is no change in the share capital structure proposed, just the change in name.** The purpose of this proposal is to adopt a name that is not tied to a specific geographic area, and one that better lends itself to branding as the company enters this improving junior exploration market and our next phase of growth.

On the Golden Trail Property in Elko County, Nevada, the company recently received approval of a revised exploration permit, valid for two years, to enable diamond drilling. The permit includes 11 proposed drill sites that are situated along the largest identified vein, the Golden Trail Vein, which is over 1,200 meters long and has an associated alteration zone that averages 30 meters wide. The company's diamond drill rig is being transported to Nevada in early June and plans for drilling will be announced when finalized.

In addition to Golden Trail, and given the recent resurgence of certain metals and related capital markets, the company is actively reviewing other mineral prospects in the vicinity of the Golden Trail Project in Nevada for potential addition to the company's project portfolio. The company sampled extensively in north eastern Nevada, under former management, and once held a number of projects in that area. The company is still in possession of that data.

The company continues to hold the Silver Bell – St. Lawrence gold project in Montana and expects to resume exploration activity on that project over the coming year. The company also recently acquired a 2,480 acre mineral claim position at the center of the Rainy River Gold Camp, Ontario.

The name "Peloton" comes from the Tour de France and is the main group of riders or pack in a bicycle road race. By riding as a group the peloton saves energy and a fluid situation develops where the center of the peloton appears to be pushing through its own leading edge. It is this fluid efficiency that lends itself to corporate branding which will be further developed once the change in name is approved.

We look forward to some exciting times ahead and thank you for your continued patience and support.

MANAGEMENT INFORMATION CIRCULAR

(containing information as at May 30, 2016 unless otherwise noted)

SOLICITATION OF PROXIES

This Management Information Circular (this “Circular”) is furnished in connection with the solicitation of proxies by the management of **MONTANA GOLD MINING COMPANY INC.** (the “Corporation”) for use at the annual and special meeting (the “Meeting”) of shareholders (“Shareholders”) of the Corporation to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed form of proxy (the “Proxy”) is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made by regular officers and employees of the Corporation at nominal cost. The cost of solicitation by management will be borne directly by the Corporation. None of the directors of the Corporation have advised that they intend to oppose any action intended to be taken by management as set forth in this Circular.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying Proxy are officers and/or directors of the Corporation. **A shareholder has the right to appoint a person, other than the persons named in the Proxy, to attend and act for him on his behalf at the Meeting. To exercise this right, a shareholder must strike out the names of the persons named in the Proxy and insert the name of his nominee in the blank space provided, or complete another proxy.**

To be valid, a proxy must be dated and signed by the shareholder or by the shareholder's attorney authorized in writing. In the case of a corporation, the proxy must be signed by a duly authorized officer of or an attorney for the corporation.

The completed proxy, together with the power of attorney or other authority, if any, under which the proxy was signed or a notarially certified copy of the power of attorney or other authority, must be deposited with the Corporation's Registrar and Transfer Agent, **TMX Equity Transfer Services, Suite 300, 200 University Ave., Toronto, Ontario M5H 4H1, Fax: (416) 595-9593** at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

In addition to any other manner permitted by law, a proxy may be revoked before it is exercised by instrument in writing executed in the same manner as a proxy and deposited at the registered office of the Company at any time up to and including the close of business on the second business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the Chairman of the Meeting on the day of such Meeting or any adjournment thereof and thereupon the proxy is revoked. A shareholder attending the Meeting has the right to vote in person and if he does so, his proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting or any adjournment thereof. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

ADVICE TO BENEFICIAL SHAREHOLDERS

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Common Shares owned by a person are registered either (a) in the name of an intermediary (an “Intermediary”) that the non-registered holder deals with in respect of the Common Shares

(Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”) of which the Intermediary is a participant (a “non-registered holder”). In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of this Circular and the accompanying Notice of Meeting together with the Proxy (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to non-registered holders of Common Shares. Intermediaries are required to forward the Meeting Materials to non-registered holders unless a non-registered holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to non-registered holders. Generally, non-registered holders who have not waived the right to receive Meeting Materials will either:

(a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the non-registered holder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered holder when submitting the proxy. In this case, the non-registered holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified; or

(b) be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the non-registered holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “Voting Instruction Form”) which the Intermediary must follow. Typically the non-registered holder will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered holder must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the Common Shares they beneficially own. Should a non-registered holder who receives either form of proxy wish to vote at the Meeting in person, the non-registered holder should strike out the persons named in the form of proxy and insert the non-registered holder’s name in the blank space provided. Non-registered holders should carefully follow the instructions of their Intermediary including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the issuer (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

VOTING AND EXERCISES OF DISCRETION BY PROXIES

The Proxy affords the shareholder an opportunity to specify that the shares registered in his name shall be voted or withheld from voting in respect of the election of directors and the appointment of auditors. The Proxy also affords the shareholder the opportunity to specify that the shares registered in his name shall be voted in favour of or against any resolutions proposed for approval at the Meeting in accordance with such direction. On any ballot that may be called for, the shares represented by proxies in favour of management nominees will be voted or withheld from voting in respect of the election of directors and the appointment of auditors and authorizing the directors to fix the remuneration of the auditors, in each case in accordance with the instructions made by shareholders in the manner referred to above.

In the absence of any direction in the Proxy, it is intended, if management’s proxyholders are selected, that such shares will be voted with respect to the election of directors and/or the appointment of the auditors in the manner proposed by management herein, on any ballot that may be called for, in respect of such matters, and IN FAVOUR of the motions proposed to be made at the Meeting, if any, as stated under the headings in this Circular. The enclosed Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to any matters which may properly be brought before the Meeting. At the time of printing of this Circular, management of the Corporation is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the Proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the named proxyholder.

Level of Approval Required

In order to be effective, resolutions concerning the general matters to be considered by the shareholders at this meeting including the election of directors and the appointment and remuneration of auditors must be passed by a majority of the votes cast at the Meeting. In order to be effective, resolutions concerning the change of name of the Corporation must be passed by two thirds of the votes cast at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Corporation consists of an unlimited number of common shares (the “Common Shares”). As of May 27, 2016 (the “Record Date”), 49,664,765 Common Shares were issued and outstanding, each share carrying the right to one vote.

At a general meeting of shareholders of the Corporation, on a show of hands, every shareholder holding Common Shares, present in person, shall have one vote and, on a poll by ballot, every shareholder holding Common Shares shall have one vote for each Common Share of which he is the holder.

Only shareholders of record on the close of business on the Record Date, who either personally attend the Meeting or who complete and deliver a proxy in the manner and subject to the provisions described above will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

The following table shows, as at the date hereof, each person who is known to the Corporation, or its directors and officers to beneficially own, directly or indirectly, or that controls or directs, more than 10% of the voting rights attached to any class of outstanding voting securities of the Corporation entitled to vote at the Meeting.

Name	Number of Voting Securities	Percentage of Outstanding Voting Securities ⁽¹⁾
CDS & Co. ⁽²⁾	36,067,265	72.62%

Notes: (1) Based on 49,664,765 Common Shares issued and outstanding as at the date hereof.
 (2) CDS & Co. holds the Common Shares on behalf of financial intermediaries. The Corporation does not believe that they represent the beneficial holdings of any individual person or corporation who owns more than 10% of the voting rights attached to any class of outstanding voting securities of the Corporation entitled to vote at the Meeting.

ELECTION OF DIRECTORS

Eight directors are to be elected at the Meeting.

Each director of the Corporation is elected annually and holds office until the next annual meeting of the shareholders unless that person ceases to be a director before then. In the absence of instructions to the contrary, the shares represented by the Proxy will, on a poll by ballot, be voted (if management’s proxies are selected) in favour of the nominees herein listed. Management does not contemplate that any of the nominees will be unable to serve as a director.

The following table sets out the names of the management’s nominees for election as directors, the positions and offices which they presently hold with the Corporation, the length of time they have served as directors of the Corporation, their respective principal occupations or employments during the past five years, if such nominee is not presently an elected director and the number of voting shares of the Corporation which each beneficially owns, directly or indirectly, or over which control or direction is exercised as of the date of this Management Information Circular.

EXECUTIVE COMPENSATION

Executive Officers of the Corporation

Set out below are particulars of compensation paid to the following persons (the “Named Executive Officers”):

- (a) the Corporation’s Chief Executive Officer (“CEO”);
- (b) the Corporation’s Chief Financial Officer (“CFO”);
- (c) each of the Corporation’s three most highly compensated executive officers, other than the CEO and CFO who were serving as executive officers at the end of the most recently completed fiscal year and whose total salary and bonus exceeds \$150,000 per year, and

- (d) any additional individuals for whom disclosure would have been provided under (c) but for the fact that the individual was not serving as an officer of the Corporation at the end of the most recently completed fiscal year.

During the fiscal year ended December 31, 2015, the Corporation had two Named Executive Officers, namely, Edward Ellwood and Eric Plexman.

Compensation Discussion and Analysis

The executive compensation policy of the Corporation is determined with a view to securing the best possible talent to manage the Corporation. Executive officers expect to gain additional income from the appreciation in the value of the Common Shares they hold in the Corporation, including stock options. Compensation is determined on a judgmental basis after review by the board of directors of the contribution of each individual, including the executive officers of the Corporation. Although they may be members of the board of directors, the executive officers do not individually make any decisions with respect to their respective compensation.

Compensation paid to the Named Executive Officers is based on comparison to compensation paid to officers of companies in a similar business, size and stage of development and reflects the need to provide incentive and compensation for the time and effort expended by the Named Executive Officers, while taking into account the financial and other resources of the Corporation, as well as increasing shareholder value.

The Corporation's executive compensation currently consists of base salary and incentive stock options, in the form of participation in the Corporation's Stock Option Plan.

Base Salary

Base salary is the principal component of executive compensation and the base salary for each executive officer is based on the position held, the related responsibilities and functions performed by the executive and salary ranges for similar positions in comparable companies. Individual and corporate performance is also taken into account in determining base salary levels for executives.

Option-based awards

Options are awarded to executive officers in lieu of higher salaries. The grant of stock options under the Corporation's existing stock option plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term and to reward employees for both past and future performance. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his position with and contribution to the Corporation. Previous grants of stock options are taken into account when new options are granted to an individual.

Bonuses

Bonuses may be paid in the future for significant and specific achievements which have a strategic impact on the fortunes of the Corporation.

Summary Compensation Table

The following table is a summary of compensation paid to the Named Executive Officers for each of the Corporation's three most recently completed fiscal years.

The grant date fair value is not necessarily the value of the option to the individual over time, nor the value that might ultimately be derived from the exercise of such options. The fair value of stock options granted during the year ended December 31, 2014, was estimated on the date of the grant using the Black-Scholes Option Pricing Model with the following assumptions: average risk-free interest rate of 1.5%, estimated volatility of 233%, expected life of 5 years, forfeiture rate of Nil and expected dividend yield of 0%.
