AAA Heidelberg retains security expert

Vancouver, British Columbia (June 12th, 2014) – Chlormet Technologies Inc. (“Chlormet” or the “Company”) is pleased to report on behalf of AAA Heidelberg that AAA Heidelberg has retained the services of David Hyde and Associates to assist in completing all of the security protocols required by Health Canada in order to be granted a medical marijuana growing license.

David Hyde and Associates are uniquely qualified to help AAA Heidelberg as they have worked with other licensed producers that have already received marijuana growing licenses from Health Canada.

“We are thrilled to have David as a key advisor to AAA Heidelberg at this very important stage of the build-out of the facility. We anticipate that with his specific experience we will not have any issues with Health Canada stemming from our security systems and protocols,” stated Betty Quon VP Operations.

About David Hyde and Associates

David Hyde and Associates is a full service security, crime prevention and risk management consulting company headquartered in Toronto and operating across Canada. The firm is made up of a multi-disciplinary team of direct employees and affiliate specialists who take pride in delivering professional security solutions to the firm's valued clientele across multiple industry sectors.

The Principal Consultant, David Hyde, M.Sc., CPC, is a seasoned security specialist with over 28 years of security and business management experience. Prior to entering the consulting field, David led the enterprise security management program for a major Canadian corporation with property assets totalling 60 million square feet across six Canadian Provinces.

About AAA Heidelberg:

AAA Heidelberg currently owns a secure 8,800 square foot commercial building and land located in London, Ontario. Since December 2013 AAA Heidelberg has had an

application pending with Health Canada for a new MMPR (Marihuana for Medical Purposes Regulations) license for the production of up to 1,320 pounds of marijuana in the first year.

About Chlormet Technologies

Chlormet Technologies Inc. is in the process of moving into the Medical Marijuana sector by purchasing a 100% interest in AAA Heidelberg.

Chlormet's goal is to become the next publicly traded Canadian company with a medical marijuana production license.

ON BEHALF OF THE BOARD OF DIRECTORS

"Yari Nieken"

Interim President and CEO
