## **Chlormet to option Chuchi property to Kiska**

Vancouver, British Columbia (November 19, 2014) – Chlormet Technologies Inc. (CSE: PUF) (“Chlormet” or “the Company”) is pleased to announce that it has received confirmation from Kiska Metals of their intent to enter into a Definitive Agreement for the option of Chlormet’s Chuchi Property located in northern British Columbia.

“Optioning out the Chuchi property allows Chlormet to concentrate on new business ventures that the company is pursuing, namely the acquisition of AAA Heidelberg and advancing our interests in Washington State”, stated Yari Nieken, interim president and CEO of Chlormet. “All ongoing costs of the exploration and annual maintenance of the property, including advance royalty payments, will now be borne by Kiska.”

To earn a 100% interest in the Chuchi property Kiska will be required to deliver to Chlormet 1,000,000 Kiska shares (or equivalent cash value at Kiska's election) as follows:

- 200,000 shares on signing the Option Agreement
- 200,000 shares on the 1st anniversary of the Option Agreement
- 250,000 shares on the 4th anniversary of the Option Agreement
- 350,000 shares on the 7th anniversary of the Option Agreement

Until such time as the earn-in is completed Chlormet will remain as the underlying owner of the property.

To share in any potential up-side success in the property, the Option Agreement will provide that Chlormet is to receive a percentage of any payments received by Kiska pursuant to any option or earn-in agreements entered into by Kiska in respect of the Project (but not including any Kiska operator fees) during the time before the Option is exercised and on or before the third anniversary date of the exercise of the Option as follows:

- 30% of the payments received by Kiska in year 1 of any future agreement
- 20% of the payments received by Kiska in year 2 of any future agreement
- 10% of the payments received by Kiska in year 3 of any future agreement

### **About Chlormet Technologies**

Chlormet Technologies Inc. is moving into the Medical Marijuana sector by purchasing a 100% interest in AAA Heidelberg, a private Ontario company that is in the process of applying for a MMPR license. Although the Company cannot guarantee nor estimate the timing for the issuance of a license to AAA

Heidelberg, it is Chlormet's goal to become the next publicly traded Canadian company to be granted a new medical marijuana production license.

With the purchase of land in Whatcom County (see news release dated November 4, 2014) Chlormet intends to become involved in the legal marijuana industry in Washington State by providing building, equipment and non-grow related services to licensed growers.

ON BEHALF OF THE BOARD OF DIRECTORS

*"Yari Nieken"*

Interim President and CEO
