INDEPENDENT AUDITORS' REPORT

To the Members of Sun Valley Certification Clinics Holdings, LLC and Subsidiaries
Phoenix, Arizona

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of *Sun Valley Certification Clinics Holdings, LLC and Subsidiaries*, which comprise the consolidated balance sheet as of December 31, 2018, and the related consolidated statements of income, members' equity, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of *Sun Valley Certification Clinics Holdings, LLC and Subsidiaries* as of December 31, 2018, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Without modifying our opinion, we draw attention the fact that, as described in Note 1, the consolidated financial statements carve-out Sun Valley Alternative Health Centers Hollywood, FL, LLC and Sun Valley Science LLC and, therefore, are not necessarily indicative of results that would have occurred if these entities were included.

Other Matter - 2017 Financial Statements

Management is responsible for the accompanying consolidated financial statements of *Sun Valley Certification Clinics Holdings, LLC and Subsidiaries*, which comprise the balance sheet as of December 31, 2017, and the related statements of income, members' equity, and cash flows for the year then ended, and the related notes to the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the consolidated financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2017 consolidated financial statements.

The acquisition price consisted of \$787,318 of cash, a \$125,000 promissory note, and \$3,047,682 of share consideration in Empower Clinics Inc., Empower Healthcare Assets, Inc.’s parent company and a publicly traded Canadian company. The share consideration vests quarterly over three years. Empower Clinics Inc. intends to finance the Company’s operations and planned expansion.

The consolidated financial statements carve-out Sun Valley Alternative Health Centers Hollywood, FL, LLC and Sun Valley Science LLC, both of which are wholly owned by Holdings, as these two entities were excluded from the acquisition discussed above. Therefore, the consolidated financial statements are not necessarily indicative of the financial position, results of operations, and cash flows that would have occurred if Sun Valley Alternative Health Centers Hollywood, FL, LLC and Sun Valley Science LLC were included.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Recognition of Income and Expenses-

Income and expenses are recognized on the accrual method of accounting. Under this method, income is recognized when earned rather than when collected and expenses are recognized when incurred rather than when paid.

Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment-

Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over a five-year estimated useful life.

Valuation of Long-Lived Assets-

The Company periodically evaluates the carrying value of long-lived assets when events and circumstances warrant such a review. If the carrying value of a long-lived asset is considered impaired, a loss is recognized based on the amount by which the carrying value exceeds the fair market value of the long-lived asset. As of December 31, 2018, there were no impairments to any long-lived assets.

Advertising-

Advertising costs are expensed as incurred.

Income Taxes-

As the Company is organized as a partnership for income tax purposes, the Company's income is includable in the income tax returns of its members. Therefore, no provision or liability for income taxes is included in the accompanying consolidated financial statements.

As of December 31, 2018, the Company had no uncertain tax positions that qualify for either recognition or disclosure in the consolidated financial statements. Additionally, the Company had no interest or penalties related to income taxes.

(3) PROPERTY AND EQUIPMENT:

(4) OPERATING LEASES:

The Company leases medical office space for its six clinics under six separate operating lease agreements, which expire at various dates through 2022. The lease agreements contain certain rent abatement and escalation clauses as well as certain lease inducements. Rent expense is recognized on a straight-line basis over the lease term. The difference between the rent due under the stated periods of the lease compared to the straight-line basis is recorded as deferred rent in the accompanying consolidated balance sheets. Deferred rent consisted of the following as of December 31:

	(Audited) 2018	(Compiled) 2017
	<u>2018</u>	<u>2017</u>

Due from affiliates include management fees charged by the Company and expenses incurred by the affiliates but paid by the Company. Amounts due from affiliate are due on demand and do not accrue interest.

(6) RISKS AND CONCENTRATIONS:

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash deposits in banks. The Company places its cash with high credit quality financial institutions. As of December 31, 2018, the Company's cash did not exceed federally insured limits.

(7) FAIR VALUE OF FINANCIAL INSTRUMENTS:

The carrying amounts reported in the balance sheet for current assets and current liabilities approximate fair values due to the short maturity of these instruments.

(8) SUBSEQUENT EVENTS:

Management has evaluated all subsequent events through the date the financial statements were available to be issued on July 8, 2019. No subsequent events occurred during this period which require adjustment to or disclosure in the financial statements, except as disclosed in Note 1.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Recognition of Income and Expenses-

Income and expenses are recognized on the accrual method of accounting. Under this method, income is recognized when earned rather than when collected and expenses are recognized when incurred rather than when paid.

Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment-

Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over a five-year estimated useful life.

Valuation of Long-Lived Assets-

The Company periodically evaluates the carrying value of long-lived assets when events and circumstances warrant such a review. If the carrying value of a long-lived asset is considered impaired, a loss is recognized based on the amount by which the carrying value exceeds the fair market value of the long-lived asset. As of December 31, 2018, there were no impairments to any long-lived assets.

Advertising-

Advertising costs are expensed as incurred.

Income Taxes-

As the Company is organized as a partnership for income tax purposes, the Company's income is includable in the income tax returns of its members. Therefore, no provision or liability for income taxes is included in the accompanying consolidated financial statements.

As of March 31, 2019, the Company had no uncertain tax positions that qualify for either recognition or disclosure in the consolidated financial statements. Additionally, the Company had no interest or penalties related to income taxes.

The difference between the rent due under the stated periods of the lease compared to the straight-line basis is recorded as deferred rent in the accompanying consolidated balance sheets. (7) FAIR VALUE OF FINANCIAL INSTRUMENTS:

The carrying amounts reported in the balance sheet for current assets and current liabilities approximate fair values due to the short maturity of these instruments.

SCHEDULE C

AMENDED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2018 and the three months ended March 31, 2019

(Unaudited)

UNAUDITED AMENDED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS

The accompanying unaudited amended pro forma consolidated financial statements give effect to the transaction between Empower Clinics Inc. (“Empower” or the “Corporation”) and Sun Valley Certification Clinics Holdings, LLC (“Sun Valley”) under the acquisition method of accounting. The unaudited pro forma consolidated statement of financial position gives effect to the acquisition (the “Acquisition”) as if it had closed on March 31, 2019. The unaudited amended pro forma consolidated statements of loss and comprehensive loss for the year ended December 31, 2018 and three months ended March 31, 2019 give effect to the Acquisition as if it had closed on January 1, 2018. The actual closing date of the transaction was April 30, 2019.

The unaudited amended pro forma consolidated financial statements are based on the audited and unaudited consolidated financial statements of Empower as at and for the year ended December 31, 2018 and the three months ended March 31, 2019, respectively, and the audited and unaudited consolidated financial statements of Sun Valley as at and for the year ended December 31, 2018 and the three months ended March 31, 2019, respectively.

The unaudited amended pro forma consolidated financial statements are presented for informational purposes only. The pro forma adjustments are based upon available information and certain assumptions that the Corporation believes are reasonable in the circumstances, as described in the notes to the unaudited amended pro forma consolidated financial statements. The unaudited amended pro forma consolidated financial statements do not give effect to any potential cost savings and operating synergies, if any, that may result from the Acquisition.

The unaudited amended pro forma information presented, including allocation of purchase price, is based on preliminary estimates of fair values of assets acquired and liabilities assumed, available information and assumptions and may be revised as additional information becomes available. The actual adjustments to the consolidated financial statements upon the closing of the Acquisition will depend on a number of factors, including additional information available and the net assets of Sun Valley on the closing date of the Acquisition. Therefore, the actual adjustments will differ from the preliminary pro forma adjustments and the differences may be material. For example, the final purchase price allocation is dependent on, among other things, the finalization of asset and liability valuations including but not limited to the valuation of intangible assets acquired. Any final adjustment may change the allocation of purchase price, which could affect the fair value assigned to the assets and liabilities and could result in a change to the unaudited amended pro forma consolidated financial statements, including a change to goodwill.

Explanatory Note

The unaudited pro forma consolidated financial statements were amended and re-filed (as an attachment to the Empower Clinics Inc. amended Business Acquisition Report dated July 17, 2019) to correct the pro-forma consolidated statement of loss and comprehensive loss for the year ended December 31, 2018 which previously included the Empower Clinic Inc. statement of loss and comprehensive loss for the three months ended March 31, 2019, rather than the year ended December 31, 2018.

The accompanying unaudited amended pro forma consolidated financial statements have been prepared by management of Empower and are derived from the unaudited and audited consolidated financial statements of Empower as at and for the three months ended March 31, 2019 and for the year ended December 31, 2018, respectively, and the unaudited and audited consolidated financial statements of Sun Valley as at and for the three months ended March 31, 2019 and for the year ended December 31, 2018, respectively.

NOTES TO THE AMENDED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited) (Tabular amounts are expressed in United States dollars, except where noted)

2. BASIS OF PREPARATION (Continued)

Accordingly, the final purchase price allocation may differ materially from the preliminary allocation reflected herein. The underlying assumptions for the pro forma adjustments provide a reasonable basis for presenting the significant financial effects directly attributable to the Acquisition. These pro forma adjustments are preliminary and are based on currently available financial information and certain estimates and assumptions. Empower has performed a preliminary valuation analysis of Sun Valley's assets to be acquired and liabilities to be assumed. This preliminary valuation has been used to prepare pro forma adjustments in the preliminary purchase price allocation presented in the unaudited amended pro forma consolidated financial statements. The final purchase price allocation will be determined when the Corporation has completed the detailed valuations and necessary calculations. The actual adjustments to the unaudited amended pro forma consolidated financial statements will depend on a number of factors. Therefore, it is expected that the actual adjustments will differ from the preliminary pro forma adjustments, and the differences may be material.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these unaudited amended pro forma consolidated financial statements are those set out in Empower's audited consolidated financial statements as at December 31, 2018 and interim condensed consolidated financial statements as at March 31, 2019. In preparing the unaudited amended pro forma consolidated financial statements, a review was undertaken to identify accounting policy differences between Empower and Sun Valley where the impact was potentially material. The significant accounting policies of Sun Valley conform in all material respects to those of Empower except as noted below in note 4(c).
