**Vancouver, B.C., June 29, 2021 (GLOBE NEWSWIRE) – Pure Extracts Technologies Corp.** (CSE: PULL) (OTC: PRXTF) (XFRA: A2QJAJ) (“Pure Extracts” or the “Company”), a plant-based extraction company focused on cannabis, hemp and the rapidly emerging psychedelic sector, is pleased to announce that its wholly owned subsidiary, Pure Extracts Manufacturing Corp., through its distribution partner, has received an initial purchase order (PO) for its 1 gram, full spectrum oil (FSO), cannabis vape cartridges from the LDB.

With a trend towards larger cartridges as consumer preferences mature, demand for Pure Extracts’ Pure Pulls branded vape carts is strong within the provincial market, as this product offers exceptional value to the consumer while generating high margins for the Company. The cartridges will be filled with a selection of some of the Company’s 30+ proprietary cannabis FSO formulations including *Grand Daddy Purple* and *GSC*.

“We are excited to have received our first PO for 1 gram vape cartridges from the LDB, responsible for the wholesale distribution and retail sale of non-medical cannabis in B.C. The combination of a larger format offering with our exceptional cannabis extracts will definitely build on the loyal following Pure Pulls already has in-place. We are proud to be a leading innovator in the cannabis vape sector and look forward to providing additional SKUs to the LDB,” said Ben Nikolaevsky, CEO, Pure Extracts Technologies Corp.

These 510 vape cartridges are produced by a global manufacturer and adhere to the highest North American test standards. They were specifically chosen for the quality of their component parts, their fit and finish and their performance characteristics when paired with Pure Extracts’ oil concentrates.
