

INFORMATION CIRCULAR

(Containing information as at June 13, 2016 unless indicated otherwise)

This Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Meadow Bay Gold Corporation (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of its shareholders to be held on Wednesday, July 20, 2016 at the time and place and for the purposes set forth in the accompanying notice of the Meeting.

In this Circular, references to “the Company”, “we” and “our” refer to Meadow Bay Gold Corporation. “**Common Shares**” means common shares without par value in the capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company at nominal cost. The Company will bear all costs of this solicitation.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and/or directors of the Company. **IF YOU ARE A SHAREHOLDER ENTITLED TO VOTE AT THE MEETING, YOU HAVE THE RIGHT TO APPOINT A PERSON OR COMPANY OTHER THAN EITHER OF THE PERSONS DESIGNATED IN THE PROXY, WHO NEED NOT BE A SHAREHOLDER, TO ATTEND AND ACT FOR YOU AND ON YOUR BEHALF AT THE MEETING. YOU MAY DO SO EITHER BY STRIKING OUT THE NAMES OF MANAGEMENT’S NOMINEES AND INSERTING THE NAME OF THAT OTHER PERSON IN THE BLANK SPACE PROVIDED IN THE PROXY OR BY COMPLETING AND DELIVERING ANOTHER SUITABLE FORM OF PROXY.** If your Common Shares are held in physical form (ie. paper form) and are registered in your name, then you are a registered shareholder (“**Registered Shareholder**”). However, if, like most shareholders, you keep your Common Shares in a brokerage account, then you are a Beneficial Shareholder. The manner for voting is different for Registered Shareholders and Beneficial Shareholders. The instructions below should be read carefully by all shareholders.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a Proxy may do so by:

- (a) completing, dating and signing the enclosed form of Proxy and returning it to the Company's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), by mail or by hand to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1;
- (b) using a touch-tone phone to transmit voting choices to the following toll-free number: 1-866-732-8683. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed Proxy form for the holder's account number and the Proxy control number; or
- (a) using the Internet through the website of Computershare at <http://www.investorvote.com>. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy form for the holder's account number and the Proxy control number.

In all cases, the Proxy must be received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares).

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

There are two kinds of beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for "**Objecting Beneficial Owners**") and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for "**Non-Objecting Beneficial Owners**").

Pursuant to National Instrument 54-101 of the Canadian Securities Administrators, the Company is sending proxy-related materials directly to its NOBOs, which materials will include a scannable Voting Instruction Form (a “**VIF**”). These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and Internet voting as described on the VIF itself which contain complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Management of the Company does not intend to pay for intermediaries to forward to OBOs under National Instrument 54-101 the proxy-related materials and Form 54-101F7 – Request for Voting Instructions Made by Intermediary, and, in the case of an OBO, the OBO will not receive the materials unless the OBO’s intermediary assumes the cost of delivery.

The Company is not sending its proxy-related materials to the registered shareholders or Beneficial Shareholders using “notice and access”, as defined in National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer.

Every intermediary that mails proxy-related materials to Beneficial Shareholders has its own mailing procedures and provides its own return instructions to clients. Beneficial Shareholders should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in the United States and in Canada. Broadridge mails a voting information form (the “**Broadridge VIF**”) which will be similar to the Proxy provided to Registered Shareholders by the Company. The Broadridge VIF will appoint the same persons as the Company’s Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company), other than the persons designated in the Broadridge VIF, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the Broadridge VIF. The completed Broadridge VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a Broadridge VIF, you cannot use it to vote Common Shares directly at the Meeting – the Broadridge VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Common Shares voted.**

Although as a Beneficial Shareholder you may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxyholder for your broker and vote your Common Shares in that capacity. **If you wish to attend at the Meeting and indirectly vote your Common Shares as proxyholder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker, well in advance of the Meeting.**

Alternatively, you can request in writing that your broker send you a legal Proxy which would enable you, or a person designated by you, to attend at the Meeting and vote your Common Shares.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a Proxy may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder’s

authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date to Computershare or at the address of the registered office of the Company at Suite 2300, Bentall 5, 550 Burrard Street, Box 30, Vancouver, British Columbia, V6C 2B5, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or

- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor and as may be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Common Shares are listed for trading under the symbol, "MAY" on the Toronto Stock Exchange (the "TSX"), and on the OTCQB under the symbol, MAYGF. The Company is authorized to issue an unlimited number of Common Shares without par value, each carrying the right to one vote. The board of directors (the "Board") of the Company has fixed June 13, 2016 as the record date (the "Record Date") for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of Proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

As at the Record Date, there were 84,146,963 Common Shares issued and outstanding, each carrying the right to one vote.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a Proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each Common Share registered in that shareholder's name on the list of shareholders as at the Record Date, which is available for inspection during normal business hours at Computershare and will be available at the Meeting.

To the knowledge of the directors and executive officers of the Company, no persons or corporations beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying 10% or more of the voting rights attached to all outstanding Common Shares as at the Record Date.

Votes Necessary to Pass Resolutions

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

SETTING NUMBER OF DIRECTORS

The Board proposes that the number of directors of the Company be fixed at six (6). Shareholders will therefore be asked to approve an ordinary resolution that determines the number of directors to be elected at six (6).

ELECTION OF DIRECTORS

The term of office of each of the current directors expires at the conclusion of the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia), each director elected will hold office until the conclusion of the next annual general meeting of the Company, or if no director is then elected, until a successor is elected.

On June 30, 2014, the Company adopted a majority voting policy with respect to the election of directors. See "Corporate Governance – Majority Voting Policy".

CORPORATE CEASE TRADE ORDERS OR BANKRUPTCIES

Except as disclosed below, to the best of the Company's knowledge, as at the date of this Circular, and within the last 10 years before the date of this Circular, no proposed director (or any of their personal holding companies) of the Company was a director, CEO or CFO of any company (including the Company) that:

- (a) was subject to a cease trade or similar order ("**CTO**") or an order denying the relevant company access to any exemptions under securities legislation, for more than 30 consecutive days while that person was acting in the capacity as director, CEO or CFO; or

- (b) was the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation in each case for a period of 30 consecutive days, that was issued after the person ceased to be a director, CEO or CFO in the company and which resulted from an event that occurred while that person was acting in the capacity as director, CEO or CFO.

Robert Dinning was a director of Apolo Gold & Energy Inc. On December 15, 2009, the British Columbia Securities Commission (“**BCSC**”) issued Mr. Dinning a CTO as a result of failure to file an insider report in accordance with the *Securities Act* (British Columbia). Mr. Dinning subsequently filed the required insider report and the BCSC issued an order on January 12, 2011 to revoke the CTO. This company closed its operations in 2008 and has been inactive since that time. Mr. Dinning resigned as a director on November 15, 2013.

Mr. Dinning was a director of Industrial Minerals Inc., a Delaware company exploring for graphite, quoted on the OTC. In 2009 a CTO was issued regarding deficiencies in a technical report, which was subsequently resolved by management. A further CTO was issued for failure to file financial statements in British Columbia. Financials were filed and the CTO was removed. Mr. Dinning resigned as a director on May 10, 2010.

Mr. Dinning was a director of Samena Resources Corp., which was subject to CTOs issued by: (i) the BCSC on February 4, 2010; (ii) the Alberta Securities Commission on February 2, 2010; and (iii) the Manitoba Securities Commission on March 2, 2010, as a result of its failure to file its annual financial statements and annual MD&A for the year ended September 30, 2009. Mr. Dinning resigned as a director on September 25, 2011. This company has been dormant since 2009 and is no longer in business.

Mr. Dinning was a director of Metron Capital Corp. (“**Metron**”). On October 10, 2013, the BCSC issued a CTO against Metron as a result of the failure to file financial statements. Mr. Dinning resigned as a director on April 6, 2016.

No director or executive officer of the Company, or a shareholder holding a sufficient number of securities of the Company to affect materially the control of the Company:

- (a) is as at the date of this Circular or has been within 10 years before the date of this Circular, a director or executive officer of any company, including the Company, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangements or compromise with creditors, or had a receiver, receiver manager as trustee appointed to hold the assets of that individual.

None of the proposed directors (or any of their personal holding companies) has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or a regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

APPOINTMENT OF AUDITOR

MNP LLP, Chartered Accountants & Business Advisors, of 2200, MNP Tower, 1021 West Hastings Street, Vancouver, BC V6E 0C3, will be nominated at the Meeting for reappointment as auditor of the Company at a remuneration to be fixed by the Board. MNP LLP was first appointed the auditor of the Company on May 15, 2011.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the Board of a company whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the Board from executive management and the adoption of policies to ensure the Board recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

National Instrument 58-101F1 *Corporate Governance Disclosure* requires issuers to disclose their corporate governance practices. The following disclosure describes the Company's approach to corporate governance.

Board of Directors

Independent Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Company's Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Company's Board facilitates its exercise of independent judgement in carrying out its responsibilities by carefully examining issues and consulting with outside counsel and other advisors in appropriate circumstances. The Company's Board requires management to provide complete and accurate information with respect to the Company's activities and to provide relevant information concerning the industry in which the Company operates in order to identify and manage risks. The Company's Board is responsible for monitoring the Company's officers, who in turn are responsible for the maintenance of internal controls and management information systems.

The majority of the Board is independent, and two directors are officers of the Company. The independent directors are Adrian Robertson, Charles William (Bill) Reed, Jordan Estra and Lance Morginn. The non-independent directors are Christopher Crupi (President and CEO) and Robert Dinning (Chairman).

Majority Voting Policy

On June 30, 2014, the Board adopted a "Majority Voting Policy" as required by the policies of the TSX. Pursuant to the Majority Voting Policy, each director of the Company must be elected by a majority (50%+1 vote) of the votes cast with respect to his or her election other than at contested meetings (a contested meeting is a meeting at which the number of directors nominated for election is greater than the number of seats available on the Board). The form of proxy for meetings of the shareholders of the Company at which directors are to be elected provide the option of voting in favour, or withholding from voting, for each individual nominee to the Board. If, with respect to any particular nominee, the number of shares withheld from voting in respect of such nominee exceeds the number of shares voted in favour of such nominee, then the nominee will be considered to have not received the support of the shareholders, and such nominee must tender his or her resignation to the Board, to take effect on acceptance by the Board. The Board will determine whether or not to accept the resignation within 90 days following the shareholders' meeting, and the Board shall accept the resignation absent exceptional circumstances. Any director who tenders a resignation will not participate in any meeting of the Board at which the resignation is considered. The Company will promptly issue a news release with the Board's decision. If the Board decides not to accept a resignation, the news release will fully state the reasons for that decision.

If the resignation is accepted, subject to any corporate law restrictions, the Board may:

- (a) leave the resultant vacancy in the Board unfilled until the next annual meeting of shareholders of the Company;
- (b) fill the vacancy by appointing a director whom the Board considers to merit the confidence of the shareholders; or

- (c) call a special meeting of the shareholders of the Company to consider the election of a nominee recommended by the Board to fill the vacant position.

Term Limits and Diversity

In the fall of 2014 the Canadian Securities Administrators (“CSA”) introduced “comply or explain” policies requiring companies to either adopt or explain why they have not adopted (a) policies with respect to term limits for directors; and (b) policies and targets designed to increase participation by women in board matters and in executive positions. The Board has begun considering the substance of appropriate policies, but has not yet adopted formal policies or targets on either term limits or diversity.

The Board has historically recognized the valuable contributions made to board deliberations and management by people of different gender, experience and background. The Board undertakes annual director assessments and selection is made as per the criteria described below and elsewhere in this Circular. However, the Board is mindful of the benefit of diversity in the Company’s leadership positions and the need to maximize the effectiveness of the Board and management in their decision making abilities. Accordingly, in searches for new directors or officers, the Board considers the level of female representation and diversity within its leadership ranks and this is just one of several factors used in its search process. The Company currently has no female member on its board and no female officer among the Company’s senior management team.

In considering the recently adopted CSA guidelines, the Board has determined to monitor developments in this area while reviewing the Company’s own practices in order to adopt a policy that is meaningful for it.

Directorships in Other Reporting Issuers

The following directors of the Company are directors of other reporting issuers:

Charles William (Bill) Reed	Otis Gold Corp. Zonte Metals Inc.	March 2010 April 2010

Independent Director Meetings

The independent directors of the Company do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. The Board encourages independent Board members to discuss all matters with both other independent directors and non-independent directors and management in order that they are fully informed and apprised of all matters necessary to make objective decisions as directors.

The Chairman of the Board is non-independent. The independent directors have not appointed a lead director of its independent directors. The Board currently consists of six directors in total and there is consistent and frequent communication among the six directors on all matters affecting the operation of the Company.

Board Mandate

The Board is empowered by governing corporate law, the Company's Articles and the Corporate Governance Policy to manage or supervise the management of the affairs and business of the Company.

Long-term strategies with respect to the Company's operations are developed by senior management of the Company and are considered and, if appropriate, adopted by the Board. These strategies are reviewed and updated as required.

The Board is responsible for identifying the principal risks of the Company's business and has committed, with management, to establish and maintain systems and procedures to ensure that these risks are monitored. These systems and procedures include the effective management of the Company's assets and financial resources, and ensuring compliance with all regulatory obligations.

The Board is responsible for the supervision of senior management to ensure that the operations of the Company are conducted in accordance with objectives set by the Board. All appointments of senior management positions are approved by the Board. As part of the Company's planning process, the Board reviews and discusses succession planning for senior management positions.

The Company's communications system ensures that all material issues relating to the Company are adequately communicated to shareholders and other stakeholders. The system includes provision of annual and quarterly reports and press releases.

The Company, through its Audit Committee, reviews compliance of financial reporting with accounting principles and appropriate internal controls. The Audit Committee meets quarterly with the Company's external auditors.

Position Descriptions

The Board has not developed written position descriptions for the chair of each committee.

The Board also does not have a written position description for the CEO. However, the Board defines the role of the CEO through reference to industry norms and past practice, and through reference to the terms of his contract. The CEO is responsible for carrying out all strategic plans and policies as established by the Board. The CEO is required to report to the Board and advise and make recommendations to the Board. The CEO also facilitates communications between the Board and other members of management, employees and shareholders.

Orientation and Continuing Education

The Board has not developed a formal orientation policy for new directors. When new directors are appointed, they receive an orientation, commensurate with their previous experience, on the Company's properties, business, technology and industry and on the responsibilities of directors.

In order to ensure that directors maintain the skill and knowledge necessary to meet their obligations as directors, the Company encourages its directors to take director education and training courses offered by post-secondary institutions. Directors are reimbursed for the expense of these training courses.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an

individual directors' participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Further, the Company's auditor has full and unrestricted access to the Audit Committee at all times to discuss the audit of the Company's financial statements and any related findings as to the integrity of the financial reporting process.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation

The Board as a whole determines compensation for the directors and the CEO.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

The Company does not have a formal compensation program. The Board meets to discuss and determine management compensation, without reference to formal objectives, criteria or analysis. The general objectives of the Company's compensation strategy are to (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (b) align management's interests with the long-term interests of shareholders; (c) provide a compensation package that is commensurate with other junior mineral exploration companies to enable the Company to attract and retain talent; and (d) ensure that the total compensation package is designed in a manner that takes into account the constraints that the Company is under by virtue of the fact that it is a junior mineral exploration company without a history of earnings.

The Board, as a whole, ensures that total compensation paid to all Named Executive Officers ("**NEOs**"), as hereinafter defined, is fair and reasonable. The Board relies on the experience of its members as officers and directors with other junior mining companies in assessing compensation levels.

Analysis of Elements

Base salary is used to provide the NEOs a set amount of money during the year with the expectation that each NEO will perform his responsibilities to the best of his ability and in the best interests of the Company.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each NEO's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to executive officers at the commencement of employment and periodically thereafter. The terms and conditions of the Company's

stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's existing 2012 stock option plan (the "**Plan**").

Long Term Compensation and Option-Based Awards

The Company has no long-term incentive plans other than the Plan. The Company's directors and officers and certain consultants are entitled to participate in the Plan. The Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Board believes that the Plan aligns the interests of the NEO and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Company's Common Shares.

Options are granted by the Board. In monitoring or adjusting the option allotments, the Board takes into account its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the NEOs and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- parties who are entitled to participate in the Plan;
- the exercise price of each option will be set by the Board by calculating the volume weighted average trading price of the Company's Common Shares on the TSX for the five trading days immediately preceding the date of grant, and may not be priced reflecting a discount to the market price at the time of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant, subject to regulatory and shareholder approval.

The Board makes these determinations subject to and in accordance with the provisions of the Plan. The Board reviews and approves grants of options on an annual basis and periodically during a financial year.

The Board has not considered the implications of the risks associated with the Company's compensation program. The Company intends to formalize its compensation policies and practices and will take into consideration the implications of the risks associated with the Company's compensation program and how it might mitigate those risks.

The Company has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including pre-paid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly by the NEO or employee. To the Company's knowledge, none of the NEOs have purchased any such financial instruments.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination and Change of Control Benefits

Except as disclosed below, the Company does not have any plan contract, agreement or plan or arrangement that provides for payments to an NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, a change in control of the Company or a change in the NEO's responsibilities.

Pursuant to a consulting agreement (the "**Carlton Agreement**") made as of January 1, 2012 between the Company and Carlton Energy Inc. ("**Carlton**"), a company controlled by Robert Dinning, the Chairman and former President and CEO of the Company, the Company agreed to pay Carlton a monthly fee of \$15,000, plus HST, exclusive of bonuses, benefits and other compensation, for the first year of the term of the Carlton Agreement for services rendered by Carlton to the Company. The yearly fee payable to Carlton for subsequent years is to be increased by a figure equal to any increase in the Consumer Price Index. The Carlton Agreement had an initial term of two years, automatically extendable in one year increments unless the Company gave written notice that it did not wish to further extend the Carlton Agreement. In the event of termination by the

Company other than for just cause, disability or death or termination by Carlton for "good reason", the Company shall pay Carlton within 45 days after the date of termination the amount of the balance of the current year's obligation plus one additional year of compensation, and all outstanding and accrued regular and special vacation pay to the date of termination. If the Company does not renew the Carlton Agreement, the Company will pay Carlton an amount equal to the sum of one year's annual salary and the average annual bonus paid to Carlton in the previous two years. Carlton has agreed to suspend until further notice, accrual of fees as at October 1, 2015.

"Good reason" is defined in the Carlton Agreement as the occurrence of any of the following without Carlton's written consent: (i) a change (other than those that are clearly consistent with a promotion) in Carlton's position or duties (including any position or duties as a director of the Company), responsibilities (including, without limitation, to whom Carlton reports and who reports to the Company), title or office in effect immediately prior to a "control change", which includes any removal of Carlton from or any failure to re-elect or reappoint Carlton to any such positions or offices; (ii) a reduction by the Company of Carlton's fee, benefits or any other form of remuneration or any change in the basis upon which Carlton's fees, benefits or any other form of remuneration payable by the Company is determined or any failure by the Company to increase Carlton's fees, benefits or any other forms of remuneration payable by the Company in a manner consistent (both as to frequency and percentage increase) with practices in effect immediately prior to the "control change" or with practices implemented subsequent to the "control change" with respect to the senior employees of the Company, whichever is more favorable to the Company; (iii) any failure by the Company to continue in effect any benefit, bonus, profit, sharing, incentive, remuneration or compensation plan, stock ownership or purchase plan, pension plan or retirement plan in which Carlton is participating or entitled to participate immediately prior to the "control change", or the Company taking any action of failing to take any action that would adversely affect Carlton's participation in or reduce his rights or benefits under or pursuant to any such plan, or the Company failing to increase or improve the rights or benefits on a basis consistent with practices implemented subsequent to the "control change" or with practices implemented subsequent to the "control change" or with the senior employees of the Company, whichever is more favorable to Carlton; (iv) the Company relocating Carlton to any place other than the location for work reported at on a regular basis immediately prior to the "control change" or a place within 50 kilometers of that location; (v) any failure by the Company to provide Carlton with the number of paid vacation days to which Carlton was entitled immediately prior to the "control change" of the Company failing to increase such paid vacation on a basis or with practice implemented subsequent to the "control change" with the respect to the senior employees of the Company, whichever is more favorable to the Company; or (vi) the Company taking action to deprive Carlton of any material fringe benefit not mentioned before in the Carlton Agreement and enjoyed by Carlton immediately prior to the "control change", or the Company failing to increase or improve such material fringe benefits on a basis consistent with practices implemented subsequent to the "control change" or with practices implemented subsequent on the "control change" with respect to their senior employees of the Company, whichever is more favorable to the Company; or (vii) any breach by the Company of any provision of the Agreement; or (viii) the good faith determination by Carlton that, as a result of the "control change" or any action or event thereafter, Carlton's status or responsibility in the Company have been diminished or Carlton is being effectively prevented from carrying out his duties and responsibilities as they existed immediately prior to the "control change"; or (ix) the failure by the Company to obtain, in a form satisfactory to Carlton, an effective assumption of its obligations under the Carlton Agreement by any successor to the Company, including a successor to a material portion of its business.

"Control change" is defined in the Carlton Agreement as the occurrence of any of the following events: (i) the actual acquisition or continuing ownership of, securities ("**Convertible Securities**") convertible into, exchangeable for or representing the right to acquire shares of the Company as a result of which a person, group of persons or persons acting jointly or in concert, or which associated or affiliated within the meaning of the *Business Corporations Act* (Ontario) with any such person, group of persons or any of such persons acting jointly or in concert (collectively, "**Acquirors**"), may or do beneficially own shares of the Company and/or Convertible Securities such that, assuming only the conversion, exchange or exercise of Convertible Securities beneficially owned by the Acquirors, the Acquirors would beneficially own shares that would entitle the holders thereof to cast more than 20% of the votes attaching to all the shares in the capital of the Company that may be cast to elect directors of the Company; or (ii) the exercise of the voting power for all of any such shares so as to cause or result in the election of a number of directors greater than 50% of the total number of directors of the Company who were not incumbent directors; or (iii) the shareholders of the Company approving a resolution authorizing the Company to enter into a transaction involving, directly or indirectly, (a) the merger, amalgamation or other combination of the Company or its principal business with one or more other entities; or (b) the sale of all or substantially all of the assets of the Company; or (iv) any transactions or series of transactions, the effect of which would cause Carlton and/or the directors of the Company, or any company,

partnership, limited partnership, or any other legal entity of which they exercise control, to own less than ten percent of the issued and outstanding voting shares of the Company; or (v) any change in directors at an annual or special meeting of shareholders in which the identity of a majority of directors is different than that preceding such meeting.

Pursuant to a consulting agreement (the "**Margetson Agreement**") made as of May 1, 2011 between the Company and Keith Margetson, the Company agreed to pay Mr. Margetson a monthly fee of \$3,000, plus GST, for services rendered by Mr. Margetson to the Company as CFO based on 30 hours per month, with additional hours billed at \$100 per hour. The Margetson Agreement may be extended on the mutual agreement of the parties. The Company may terminate the Margetson Agreement at any time without just cause by paying Mr. Margetson a lump sum equal to three months' compensation and any unpaid reimbursable business expenses incurred through to the last day of engagement. On a "change of control" of the Company, specified in the Margetson Agreement as a takeover bid, private purchase, merger, amalgamation, corporate reorganization or any other form of business combination, acquisition of more than 50% of the Company or control by a third party of more than 50% of the Board, Mr. Margetson at his option may, within a 12 month period from the "change of control" receive a lump sum payment equal to 12 months' compensation and any unpaid, allowable, reimbursable business expenses incurred through to the last day of engagement with the Company.

If a severance payment triggering event had occurred on March 31, 2016, the severance payments that would be payable to each of the NEOs are approximately as follows:

NEO Name	Termination by the Company for any reason other than cause and unrelated to "Change of Control" of the Company (estimated) (\$)	Termination by the Company without cause after a "Change of Control" of the Company (estimated) (\$)
Robert Dinning ⁽¹⁾	\$180,000	\$180,000
Keith Margetson	\$9,000	\$36,000

(1) Robert Dinning ceased to be President and CEO of the Company on May 6, 2015.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Stock Option Plan

The only equity compensation plan which the Company has in place is the 2012 stock option plan (the "Plan"). This Plan was adopted as a result of the Company graduating to the senior board of the Toronto Stock Exchange (the "TSX") on January 16, 2012, which Plan conforms to TSX rules in effect as at the date of this Circular. The Plan was previously approved by the Board on July 10, 2012, by the TSX on July 30, 2012 and by the shareholders of the Company most recently on September 29, 2015. The Company is required to seek Board and shareholder approval to its Plan for all unallocated options, rights or other entitlements under the Plan every three years, as required by the TSX. The Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Plan is administered by the Board. The Plan provides that options will be issued to directors, officers, employees or consultants of the Company or a subsidiary of the Company. The Plan provides that the number of Common Shares issuable under the Plan, together with all of the Company's other previously established or proposed share compensation arrangements, may not exceed 10% of the total number of issued and outstanding Common Shares. All options expire on a date not later than five years after

the date of grant of such option. As at the date of this Circular, 5,110,000 options are outstanding, representing 6.07% of the outstanding Common Shares.

Eligible Optionees

To be eligible to receive a grant of options under the Plan, regulatory authorities require an Optionee to be either a director, officer, employee or consultant of the Company or a subsidiary at the time the option is granted.

Options may be granted only to an individual eligible, or to a non-individual that is wholly-owned by individuals eligible, for an option grant. If the option is granted to a non-individual, it will not permit any transfer of its securities, nor issue further securities, to any individual or other entity as long as the option remains in effect.

Restrictions

The Plan is subject to the following restrictions:

- (1) The number of shares issued to insiders (defined below) under the Plan or any other share compensation arrangements of the Company in any 12 month period must not exceed 10% of the outstanding shares of the Company;
- (2) The number of shares issuable to insiders under the Plan or any other share compensation arrangements of the Company will not exceed 10% of the outstanding shares of the Company at any time;
- (3) The exercise price of an option previously granted to an insider must not be reduced, unless the Company has obtained shareholder approval to do so, excluding votes from insiders of the Company in accordance with the policies of TSX; and
- (4) The Company may implement such procedures and conditions as the Board deems appropriate with respect to withholding and remitting taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law.

Material Terms of the Plan

The following is a summary of the material terms of the Plan:

- (1) any director, officer, employee or consultant of the Company or a subsidiary are eligible to receive grants of options under the Plan and the Company must ensure that the proposed Optionee is a bona fide employee or consultant of the Company or a subsidiary;
- (2) all options granted under the Plan expire on a date not later than 10 years after the issuance of such options. However, should the expiry date for an option fall within a trading Blackout Period self-imposed by the Company (as defined in the Plan, generally meaning circumstances where sensitive negotiations or other like information is not yet public), or within 10 business days following a Blackout Period, such option will be extended to the date which is 10 business days following the expiration of such Blackout Period;
- (3) unless the Board decides otherwise, all options granted under the Plan will expire at the earlier of the option expiry date and (i) 12 months after the Optionee's death, or (ii) 90 days after the termination of the Optionee's employment other than by reason of death and other than cause, but only to the extent that such option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company, or (iii) at the date the Company terminates the Optionee's employment for cause, whether or not vested at the date of dismissal, will immediately terminate without right to exercise same;
- (4) all options granted under the Plan are non-assignable and non-transferable, except upon the death of an Optionee, in which case all options held by the deceased Optionee are exercisable in accordance with its terms by the person or persons to whom such Optionee's rights under the Option will have

passed under the Optionee's will or pursuant to law until one year from the date of death or the balance of the option period, whichever is earlier;

- (5) the exercise price of each option will be set by the Board and shall not be less than the volume weighted average trading price of the Company's Common Shares on the TSX for the five trading days immediately preceding the date of grant;
- (6) vesting of options shall be at the discretion of the Board;
- (7) in the event of a takeover bid or tender offer being made for all or any of the issued and outstanding Common Shares, the Company may, if permitted by applicable legislation, unilaterally determine that outstanding Options, whether fully vested and exercisable or subject to vesting provisions or other limitations on exercise, will be (i) conditionally exercisable in full to enable the shares subject to such options to be conditionally issued and tendered to such bid or offer, subject to the condition that if the bid or offer is not duly completed the exercise of such options and the issue of such shares will be rescinded and nullified; or (ii) exercisable by an Optionee by written notice to the Company specifying that the Optionee, in lieu of exercising an option, elects to receive from the Company the amount that is equal to the difference between the market price as of the date of receipt by the Company of such notice and the exercise price, multiplied by the number of share sin respect of which the option would otherwise be exercised; and
- (8) the Board at any time may abandon or terminate the Plan in whole or in part, except with respect to any option then outstanding under the Plan. The Board may not, without the consent of the Optionee, alter or impair any of the rights or obligations under an option.

Amendments to the Plan or Options Granted under the Plan

Amendments Approved by the Board

Under the terms of the Plan, the Board has the discretion to make amendments to the Plan and to options granted thereunder which it may deem necessary, without having to obtain shareholder approval. Such changes include, without limitation, the following:

- ensuring that the options granted comply with any provisions respecting stock options in the income tax and other laws in force in any country or jurisdiction of which an Optionee to whom an option has been granted may from time to time be resident or a citizen;
- minor changes of a "housekeeping" or ministerial nature;
- changing the vesting provisions of an option granted, if applicable;
- changing the termination provisions of an option provided that the expiry date does not extend beyond the original expiry date;
- reducing the exercise price of an option for an Optionee who is not an insider of the Company;
- eliminating or making less restrictive any restrictions contained in an option, or waiving any restriction or other provision of the Plan or an option;
- making any amendments required to comply with applicable laws or TSX requirements; and
- making any other amendments which are approved by the TSX.

Amendments Approved by the Shareholders

In addition to such other matters that may require shareholder approval under TSX policies, the Plan provides that shareholder approval will be required in the case of:

- any increase in the maximum number of Common Shares issuable under the Plan; and
- any increase to or elimination of the restrictions to insiders of the Plan.

Option Pricing

The pricing of options is based on the TSX's 5-day volume weighted average price of the Company's Common Shares on the TSX, which ensures that the options are priced after release of all material information to the market.

The following table sets out equity compensation plan information as at the year ended March 31, 2016:

	Number of securities to be issued upon exercise of outstanding options ⁽¹⁾	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) ^{(1) (2) (3)}

Equity compensation plans not approved by securityholders	N/A	N/A	N/A
TOTAL:	5,110,000	\$0.22	3,304,696

- (1) The above numbers are based on 84,146,963 Common Shares issued and outstanding as at March 31, 2016.
(2) As at the Record Date, the number of securities to be issued upon the exercise of outstanding options is 5,110,000.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of management of the Company, no informed person (a director, officer or holder of 10% or more of the Common Shares) or nominee for election as a director of the Company or any associate or affiliate of any informed person or proposed director had any interest in any transaction which has materially affected or would materially affect the Company or any of its subsidiaries since April 1, 2015 (being the commencement of the Company's last completed financial year), or has any interest in any material transaction in the current year other than as set out herein.

On July 10, 2015, the Company completed a private placement (the "**July Private Placement**") of 3,360,500 units (the "**July Units**") at a price of \$0.20 per July Unit. Each July Unit consisted of one Common Share and one common share purchase warrant exercisable at \$0.25 per share for a period of two years. Total insider participation was 945,000 July Units with Christopher Crupi, President, Chief Executive Officer and a director of the Company, subscribing for 795,000 July Units, and Robert Dinning, Chairman and a director of the Company, subscribing for 150,000 July Units. MANAGEMENT CONTRACTS

There are no management functions of the Company, which are to any substantial degree performed by a person or company other than the directors or executive officers of the Company.

PARTICULARS OF MATTERS TO BE ACTED UPON

Approval of Proposed Private Placement

On April 28, 2016, the Company closed a non-brokered private placement issuing a total of 4,076,668 units at \$0.06 per unit (the “**April Units**”) raising gross proceeds of \$244,600.08. Each April Unit consisted of one Common Share and one warrant, with each Warrant entitling the holder to acquire one additional Common Share at a price of \$0.07 per warrant share for a period of five years.

Because of investor demand for the Company’s securities, the Company wishes to issue up to an additional 4,336,766 units (the “**Units**”) through a non-brokered private placement (the “**Proposed Private Placement**”) at the same issue price as the April Units of \$0.06 per Unit for additional gross proceeds of \$260,205.96. Each Unit will consist of one Common Share and one warrant (a “**Warrant**”) with each Warrant entitling the holder to acquire one Common Share (a “**Warrant Share**”) at a price of \$0.07 per Warrant Share for a period of five years. The Company may issue up to 303,573 finder’s warrants (the “**Finder’s Warrants**”), each Finder’s Warrant entitling the holder to acquire one Warrant Share at a price of \$0.07 per Warrant Share for a period of five years and having the same terms as the Warrants. The maximum number of Common Shares that may be issued under the Proposed Private Placement, including the Warrant Shares, will be 8,977,105 (being 10.67% of the issued and outstanding Common Shares).

The issue price of \$0.06 per Unit is less than \$0.0604515, being the price less the maximum allowable discount of 25% off the “market price” of the Common Shares (defined in the TSX Company Manual (the “**TSX Manual**”) as the current five-day volume weighted average trading price of the Common Shares) of \$0.080602 for the period ended June 14, 2016. Additionally, the exercise price of \$0.07 per Warrant Share, including the Warrant Shares issuable upon exercise of the Finder’s Warrants, is less than the market price of \$0.080602. Accordingly, pursuant to Section 607 of the TSX Manual, shareholder approval for the issuance of the Units is required since: (a) the issue price of \$0.06 per Unit is less than the maximum allowable discount to the market price of 25% without shareholder approval, being at a discount of 25.56%; and (b) the exercise price per Warrant Share is less than the market price.

Pursuant to Section 607 of the TSX Manual, the TSX will allow the price per listed security in a private placement to be less than the permissible 25% discount of the market price if shareholder approval is obtained; therefore, the issuance of the Units at \$0.06 per Unit will require shareholder approval. Pursuant as well to Section 607 of the TSX Manual, unless otherwise approved by the listed issuer’s securityholders, warrants to purchase listed securities may only be issued to a placee if the warrant exercise price is not less than the market price of the underlying security at either the date of the binding agreement obligating the listed issuer to issue the warrants or some future date provided for in the binding agreement; therefore, the exercise price of the Warrants of \$0.07 per Warrant Share will also require shareholder approval.

In addition, for the purposes of Section 607, any securityholder participating directly or indirectly in the Proposed Private Placement and their associates and affiliates are not eligible to vote their common shares in respect of such approval.

No Units, Warrants or Warrant Shares are going to be issued directly or indirectly to “insiders”, as this term is defined under the *Securities Act* (Ontario), or their associates or affiliates, and the Proposed Private Placement will not result in a material affect in control of the Company.

The certificates representing the Warrants and Finder's Warrants to be issued by the Company will contain provisions, subject to the consent of the Exchange (if required), for the automatic adjustment in: (a) the number of Common Shares which may be issued; or (b) the exercise price for the Common Shares; or (c) the kind and aggregate number of shares or other securities or property, resulting from a: (i) reorganization of the authorized capital of the Company by way of consolidation, merger, sub-division, amalgamation, arrangement, reclassification; (ii) transfer, sale, lease or exchange of the undertaking or assets of the Company as an entirety or substantially as an entirety to another person; (iii) the payment of any stock dividends (other than in the ordinary course of business); (iv) a special distribution or rights offering; (v) the change or exchange of the Common Shares into or with another security; or (vi) any similar event or transaction.

The votes of securityholders of the Company participating directly or indirectly in the transaction, and such securityholders' associates and affiliates, represented by a total of 206,500 Common Shares (being 0.2454% of the issued and outstanding Common Shares), will be excluded voting on the resolutions approving of the Proposed Private Placement.

Except as otherwise permitted pursuant to exemptions from the dealer registration and prospectus filing requirements of applicable Canadian securities laws, prior to the date that is four months and one day from the closing of the transaction, the Units cannot be resold or transferred into Canada or to a resident of Canada through the facilities of the TSX or otherwise.

The Board recommends that shareholders vote in favour of the Proposed Private Placement. To be effective, the resolutions set out below, (the "**Private Placement Resolutions**") must be approved by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting (other than by shareholders participating directly or indirectly in the Proposed Private Placement and such shareholders' associates and affiliates). **Unless otherwise indicated, the persons designated as proxy holders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Private Placement Resolutions.**

Shareholder Approval

At the Meeting, shareholders will be asked to consider and vote on the following resolution:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. the issuance of up to 4,336,766 Units, up to 4,336,766 Warrant Shares upon exercise of the Warrants and up to 303,573 Warrant Shares upon exercise of the Finder's Warrants, pursuant to the Proposed Private Placement, as described in the information circular of the Company dated June 13, 2016, is hereby authorized, approved and confirmed;
2. the issue price of \$0.06 per Unit, as described in the information circular of the Company dated June 13, 2016, is hereby authorized, approved and confirmed;
