*This news release may contain forward-looking statements which include, but are not limited to, comments that involve future events and conditions, which are subject to various risks and uncertainties. Except for statements of historical facts, comments that address resource potential, upcoming work programs, geological interpretations, receipt and security of mineral property titles, availability of funds, uncertainties of resource and reserve estimations, and others are forward-looking. Forward-looking statements are not guarantees of future performance and actual results may vary materially from those statements. Fluctuations in metals prices, availability of financing, and general business conditions are all factors that could cause actual results to vary materially from forward-looking statements.*
