Hilltop Cybersecurity Joined by Renowned Hi-Tech Visionary & Innovator, Roger Bodamer

March 1, 2018 – Hilltop Cybersecurity Inc, (“Hilltop” or the “Company”). (CSE: CYBX)(OTC: BGGWF) announces that Roger Bodamer, former founder/CEO of Upthere, VP Product Operations at Apple and other tier one technology companies, has been appointed to the Hilltop Board of Directors. Mr. Bodamer is internationally known for his technical leadership pioneering new products with multi-nationals such as Oracle and Apple, as well as others hi-tech companies, including Efficient Frontier, OuterBay and Infobright. He has over 20 years of experience in leading product and engineering teams, focused on innovative technologies in fast-paced industries.

Corby Marshall, CEO of Hilltop Cybersecurity, said, *“We are delighted that Roger Bodamer has joined us a director. His long track record of success as a technology leader, and his talent for innovation, is a natural fit for Hill Top as we continue to rapidly expand our product offerings. We welcome his guidance and counsel as we create our next-gen cybersecurity and crypto-currency products and services.”*

Roger Bodamer, commented, *“With multiple patents covering critical aspects of the crypto-currency security and cybersecurity sectors, Hilltop has proven itself a forward thinker and a fast-moving company to watch. I’m looking forward to working closely with the team as it pushes forward in these exciting areas.”*
