Hilltop Cybersecurity to Exhibit at Gartner Symposium/ITxpo in Orlando

KELOWNA, British Columbia, Oct. 3, 2018 (GLOBE NEWSWIRE) — Hilltop Cybersecurity Inc, (“Hilltop” or the “Company”) (CSE: CYBX) (OTC: BGGWF), is pleased to announce their participation as a sponsor at Gartner’s largest annual conference with a key focus on Risk Management and Cybersecurity. Over 8,000 CIOs and senior IT leaders are scheduled to attend this 5-day conference from October 14-18 in Orlando, Florida.

Hilltop’s CEO Corby Marshall stated: “This conference is the largest and most important gathering of IT decision makers this year. Our offerings will enable these leaders to understand how blockchain can be a beneficial, practical solution for those who need to increase cybersecurity across their networks and around their portfolio of business investments.”

The conference will provide attendees insights from Gartner analysts and solution providers across key topic areas which include Security & Risk, Blockchain and Artificial Intelligence, among others.

“We are excited to be the only sponsor at the conference out of 200+ cutting edge solutions to natively incorporate blockchain technology into our products. Our *CYBREPM* and *Vauban* solutions provide organizations with the means to protect both operational assets and projected capital investments,” said Peter Hartley, SVP of Hilltop’s Portfolio Management Group. “Attendees will have the opportunity to speak with our experts and see live demonstrations of the solutions we provide.”

About Hilltop Cybersecurity

Hilltop Cybersecurity (CSE:CYBX) (OTC:BGGWF) is a cybersecurity and cryptocurrency security specialist. The Company has developed a unique, patented, cybersecurity platform, designed to protect businesses from external and internal cyber attack, and has also patented its biometric security solution for crypto-currencies.

- **Vauban Solution** - Our unique approach uses all-source intelligence fusion methods to increase the speed and accuracy of threat detection, allowing speedier remediation. Vauban provides customers with a full spectrum endpoint security solution that includes monitoring, early warning detection of advanced threats, and incident handling support. It collects all of our customer's security event data, then processes and analyzes it in seconds to produce actionable incidents. We work with our customer admins to identify suspicious activities in network traffic that can indicate if an attack is underway and stop it.
- **CYBREPM Solution** - *CYBREPM* is a highly configurable platform designed for business users which provides a collaborative, secure system of record for portfolio investments across the enterprise. The tool enables you to continually track progress of investments from concept initiation through prioritization, approval, funding, and execution. It is the only EPM tool using blockchain to memorialize key approvals, decisions and financial transactions for Enterprise Portfolio Management, providing an immutable record tracking capital and operating expenditures that is tamperproof, auditable and encrypted.

About Gartner Symposium/ITxpo

Gartner Symposium/ITxpo is the world's most important gathering of CIOs and senior IT executives. This event delivers independent and objective content with the authority and weight of the world's leading IT research and advisory organization, and provides access to the latest solutions from key technology providers. CIOs and IT executives rely on Gartner Symposium/ITxpo to gain insight into how their organizations can use IT to address business challenges and improve operational efficiency. Forward-Looking Information

Certain statements included in this news release constitute forward-looking information or statements (collectively, "forward-looking statements"), including those identified by the expressions "anticipate", "believe", "plan", "estimate", "expect", "intend", "may", "should" and similar expressions to the extent they relate to the Company or its management or the negative thereof or similar variations. The forward-looking statements are not historical facts but reflect current expectations regarding future results or events. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company.

Statements about the execution of a definitive agreement, closing of the proposed transaction, expected terms of the transaction, and the parties' ability to satisfy any and all other closing conditions, are all forward-looking information. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will

not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of the Company. Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and forecasts about the business and the industry and markets in which the Company operates, including that: general business and economic conditions will not change in a material adverse manner; and financing will be available if and when needed on reasonable terms. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict.

Factors that could cause actual results to differ materially from those in forward looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions, the failure of counterparties to perform their contractual obligations, the loss of key directors, employees, advisors or consultants and fees charged by service providers. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement.

Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. These statements should not be read as guarantees of future performance or results. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from those implied by such statements. Although such statements are based on management's reasonable assumptions, there can be no assurance that the proposed transaction will occur or that, if the transaction does occur, it will be completed on the terms described above. The Company assumes no responsibility to update or revise forward-looking information to reflect new events or circumstances unless required by law. Readers should not place undue reliance on the Company's forward-looking statements.

The CSE has not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.
