NEWS RELEASE

COMPLETION OF FIRST TRANCHE OF PRIVATE PLACEMENT

Vancouver, British Columbia, December 18, 2012 (TSX Venture: REO) – Reservoir Capital Corp., (“Reservoir” or the “Company”) is pleased to announce that it has completed the first tranche of a non-brokered private placement financing (the “Private Placement”) raising \$2,785,000 by the issuance of 27,850,000 units at \$0.10 per unit. Each unit was comprised of one common share (a “Share”) and one non-transferable, common share purchase warrant (a “Warrant”). Each Warrant entitles the holder to purchase an additional Share at \$0.25 until December 18, 2014. If, after April 18, 2013, the closing price of the Company’s shares on the TSX Venture Exchange is \$0.35 or greater for 10 consecutive trading days, the Company may, by notice given within five trading days thereof, accelerate the expiry of the warrants to the 21st trading day after such notice.

The Company paid finders' fees of \$148,500 (8%) in respect of subscriptions from investors introduced by various finders. The fees were paid in cash (\$41,600), or at the finder’s election, through the issuance of that number of units equal to 8% of the number of units issued pursuant to such subscriptions (1,068,000 units). Insiders of the Company purchased 1,200,000 units and Pro Group members a further 1,350,000 units of the first tranche.

The Shares, and any Shares issued on the exercise of the Warrants, are subject to a restricted resale period under Canadian securities law and Exchange policy until April 19, 2013.

The proceeds of the offering will be used by Reservoir to support continued permitting work on its Brodarevo Hydroelectric Project in Serbia, new business efforts in Bosnia and Montenegro and for general corporate purposes.
