

Pasinex Provides Update on Status of MCTO and Interim Filings

Toronto, ON – May 28, 2024 - Pasinex Resources Limited (CSE: PSE) (FSE: PNX) (the “**Company**” or “**Pasinex**”), is providing a further update on the status of a voluntary management cease trade order (the “**MCTO**”) granted under National Policy 12-203 (“**NP 12-203**”) by the British Columbia Securities Commission (“**BCSC**”) on April 30, 2024. As a reminder, the MCTO prohibits all trading in the capital of the Company, whether directly or indirectly, by the Company’s CEO and CFO. The MCTO does not affect the ability of other shareholders to trade in the securities of the Company.

As previously announced on April 22, 2024 (the “**Announcement**”), the application for the MCTO was made by the Company in order to secure additional time for the Company to file its audited annual financial statements and the related management’s discussion and analysis for the year ended December 31, 2023, (the “**Annual Filings**”), which were due on April 29, 2024.

The Company and its auditors continue to work diligently toward completing the Annual Filings as soon as possible. The Company currently expects to file the Annual Filings by May 31, 2024, as announced in the status update provided on May 13, 2024.

On May 24, 2024, the Company also announced a delay in filing its interim financial statements and accompanying management’s discussion and analysis for the three months ended March 31, 2024 (the “**Interim Filings**”), which are due on May 30, 2024 (the “**Filing Deadline**”). The Company applied to the BCSC and other applicable securities regulators for another voluntary management cease trade order, but its application was rejected on May 27, 2024, due to the existing default in connection with the Annual Filings. The Company expects to be issued a Cease Trade Order (“**CTO**”) by the BCSC as a result of not filing the Interim Filings by the Filing Deadline.

The Company is working diligently to ensure the Interim Filings are filed as soon as possible. Once complete, a news release will be issued indicating that the Interim Filings have been submitted. Upon remedying the default within 90 days of the date of the CTO, the filing of the Annual Filings and Interim Filings, including all other filings and certifications that subsequently become due, constitutes the application to revoke the CTO. In the interim, the Company continues to operate normally and without disruption.

The Company confirms that since the date of the Announcement: (i) other than as described above, there has been no material change to the information set out in the Announcement that has not been generally disclosed; (ii) other than as described above, there has been no failure by the Company in fulfilling its stated intentions with respect to satisfying the provisions of the alternative information guidelines set out in NP 12-203; (iii) there has not been any other specified default by the Company under NP 12-203; and (iv) there is no other material information concerning the affairs of the Company that has not been generally disclosed.

The Company will continue to satisfy the provisions of the alternative information guidelines under NP 12-203 by issuing bi-weekly default status reports in the form of news releases for so long as it remains in default of the above-noted filing requirements.

About Pasinex

Pasinex Resources Limited is a Toronto-based mining company that owns 50% of Horzum Maden Arama ve Isletme Anonim Sirketi (“**Horzum AS**”), through its 100% owned subsidiary Pasinex Arama ve Madencilik Anonim Sirketi. Horzum AS holds 100% of the producing Pinargozu high-grade zinc mine. Horzum AS sells directly to zinc smelters and or refiners through commodity brokers from its mine site in Türkiye. The Company also holds a 51% interest, with an option to increase to an 80% interest of a high-grade zinc exploration project, the Gunman Project, located in Nevada. Pasinex has a strong technical management team with many years of mineral exploration and mining project development experience. Pasinex Resources Limited mission is to explore and extract high grade ore to drive growth and wealth for all of its stakeholders including shareholders, employees and the communities of our operations, meeting all requirements in safety, health and the environment.
