Mr. Frank Kordy stated: “I'm very pleased by the strong performance that occurred in 2017 which represented a record year for the Corporation on the balance sheet in terms of both incoming revenue and total assets. Since making key operational and structural changes to the Corporation back in May of 2016, which includes implementing the Corporation's current merchant banking business model, the Corporation has seen a significant improvement in its ability to generate incoming revenue streams. I strongly feel that in using the current business model we are building a solid foundation and a strong future for the Corporation and all of its shareholders. The Management team will continue to work hard in advancing the Corporation forward and we will remain focused on increasing the Corporation's asset pool and incoming revenue streams. I'm looking forward to continuing to build the on momentum gained in 2017 into the remainder of 2018 and beyond.”
